

EDTEC 470: TECHNOLOGY POLICIES AND ETHICS

“Facebook, Second Life, Youtube, Wikis, Blogs, Ipods, Cell phones...”
What do they mean for schools?

Mondays, 6:30pm–9:10pm, TC 406 iStudio

Course description

We will produce **multimedia projects** (podcast, video, websites) on social, ethical, legal, and human issues surrounding the use of technology in PK-12 schools.

- How can we help all children/students have access to technology?
- How do we use Wikis, Blogs, and Virtual Environments for education?
- What are some issues surrounding Facebook, Second Life, and Youtube in schools?
- What issues surround the use of Filtering Software in schools?

For additional information, contact: **Dr. Sunnie Lee Watson** at slwatson@bsu.edu, Assistant Professor of Educational Technology, Department of Educational Studies.
