

Sample Schedule of Activities
YOUTH SUMMER DESIGN FORUM 2009 - Online
Interior Design Program-Ball State University

Participation in this workshop not only will assist the participants to make their final decision before committing themselves to four years of rigorous study in this field but will also assist them to develop a portfolio, a required component of the application in many accredited interior design programs. Through varied assignments, students will be able to create a portfolio that includes numerous skills critical to the field of design.
