I am very girly. I love anything pink. I love big gold necklaces, high fashion, big sunglasses & romantic movies. I love dressing up and my favorite part about my body is my hair. I am very shy, until I get to know someone pretty well. I love to dance and really miss performing. I am a city girl and want to live in a big city someday. I love traveling and visiting old places to learn about how people used to live.

Favorite Color: Pink!

Favorite Animal: Cat, or a small dog I can dress up

Favorite Quote: "A girl should be two things: Classy and fabulous" – Coco Chanel

"Happiness is not achieved by the conscious pursuit of happiness; it is generally the by-product of other activities." - Aldous Huxley

Favorite Interior Design Class: Studio 2. I enjoyed having two main projects to focus on because we could get in depth and detailed in our work. Also, I liked the format of the class and just being able to go in and work on my project for 3 hours and ask for help when I needed it.

Plans for the Future: I want to move to Chicago, Charleston, or Savannah. I am working towards a minor in historic preservation and would love to use that background in my career someday. I love studying old buildings and cities. I hope to find a career that encompasses both interior design and historic preservation. If not, then I want to give each career a try at some point.
