

Prejudices on Television Logging Form

Your assignment is to watch at least two television shows (comedy series work well) and one news program. These programs should air sometime between 5:00 p.m. and 10:00 p.m. As you watch, record the number of times you hear a prejudicial remark or see a stereotype displayed. These remarks and stereotypes should pertain to one of the groups listed below. At the bottom of the page, you may record the remarks and stereotypes that you observed. You should not include anything that you perceive as highly offensive.

When you finish watching television, summarize your experiences on the back of this sheet. Focus on the feelings that you had as you watched the programs, the importance of being aware of stereotypes, or anything else that you believe is pertinent to this assignment.

	Race/Ethnicity	Religion	Gender	Sexuality	Age
Program 1: Time: TV Station:					
Program 2: Time: TV Station:					
News Program Time: TV Station:
