Scope and Contents:

This collection includes aerial plat maps from the Office of the Auditor in Delaware County, Indiana. The aerial photographs were taken in 1992 by Woolpert Geographic Information Services and mylar overlays by the Sidwell Company were created to show changes in ownership of parcels beginning in 1976. Black lines on the overlays show parcel boundaries and red lines indicate changes as parcels were split and combined up to 2000. Acreage for each parcel is noted and the maps act as indexes to deed books that provide additional property information. The maps also show ground cover, other physical attributes, and road maps. The maps were originally housed in books organized by township.
