Daleville Christian Church Records, 1887-2001

2 boxes; .6 cu. ft.

History

The early history of the Daleville Christian Church honors Elder Martindale as its founder. Martindale had been traveling around the area setting up churches when in the 1840's he came upon a group of people outside of Daleville. He chartered a church and conducted services in a barn in 1845. In 1853, the early Daleville Christian Church congregation moved their services to an old brick schoolhouse where they stayed until 1860 when they moved to Daleville. In Daleville the congregation conducted services in a school building until they erected a proper church building in 1869. In 1903-1904 the church was remodeled for the first time and then later remodeled again in 1961. From 1961 to the present day the Daleville Christian Church has gone through various changes such as a new parsonage, parking lot, stained glass windows, and a newly remodeled sanctuary and new narthex.

Scope and Content

The collection contains members' accounts (1887), a 1986 directory, church publications, Sunday school records, and other miscellaneous church records.

M. Sears, 18 February 1994/J. Mullins, 22 April 2004 rev.
