

In Memoriam

The members of University Senate recognize with the regret the death of:

***Dr. Beverly Kay Simpson**, Assistant Professor of English. She was a part-time instructor for many years prior to returning to graduate school to complete her doctorate in literature. A full-time faculty member for 17 years, her colleagues and students knew Dr. Simpson as conscientious, dedicated, and indefatigable, often tracking down students whom she felt had extensive absences or might need extra help. Her scholarly interests included Women's Studies and Freshman Composition.*

Dr. Simpson was also known for her love of all animals, but especially for her fondness for polar bears.

Please let the minutes of the Senate record our regret of her passing and our appreciation of her service to Ball State University.
