Indiana University (all campuses): IU will award undistributed credit for this course taken at a two year institution; application of this credit to fulfill requirements within a degree program is dependent upon further review by the appropriate department.

Purdue University, West Lafayette has withheld approval of this form and may deny credit to transferring students.

Persons pursuing higher education at multiple institutions in Indiana should be aware that the Core Transfer Library agreements represent only a fraction of the many course to course and degree program to degree program transfer agreements that exist. For further details, please contact the institution to which you want to transfer. All course to course agreements listed apply to courses taken during the spring semester of 2007 or later.

For more details on the Core Transfer Library agreements, please read [Understanding the Core Transfer Library](#).

Indiana University Purdue University Indianapolis: agreement between IUPUI and Ivy Tech Community College still pending finalization to all campuses.

Purdue (Calumet, North Central): courses with fewer credit hours will be given undistributed credit in MA, rather than stated equivalent.

Vincennes University: for students who complete both Calculus Long 1 and 2 courses, VU will transfer both. When a student has completed only Calculus Long 1, VU will consider the course in light of the content match of the transferred course with the VU course before assigning any credit.

Purdue University, West Lafayette has withheld approval of this form and may deny credit to transferring students.

Persons pursuing higher education at multiple institutions in Indiana should be aware that the Core Transfer Library agreements represent only a fraction of the many course to course and degree program to degree program transfer agreements that exist. Vincennes University	MATHS 116	Survey of Calculus II	3

Indiana University, Bloomington: Students from Ivy Tech Community College will receive undistributed credit toward their degree programs. Students may petition the IU Department of Mathematics to determine if the course may be used to satisfy a requirement.

Purdue University, West Lafayette has withheld approval of this form and may deny credit to transferring students.

Persons pursuing higher education at multiple institutions in Indiana should be aware that the Core Transfer Library agreements represent only a fraction of the many course to course and degree program to degree program transfer agreements that exist. For further details, please contact the institution to which you want to transfer. All course to course agreements listed apply to courses taken during the spring semester of 2007 or later.

For more details on the Core Transfer Library agreements, please read [Understanding the Core Transfer Library](#).

The Indiana Core Transfer Library

The Indiana public institutions affirm that they will: 1) accept all courses listed below in transfer; 2) equate each course listed from other institutions to the course listed as their own, or as undistributed/elective credit when "course not taught" is indicated; 3) apply each transferred course from this agreement as if it were taken by a direct-entry student on the campus awarding the credit; and 4) maintain this equivalency, notifying the Indiana Commission for Higher Education of any changes.

Calculus-based Physics 1 & 2 (two course sequence)

Institution	Course	Title	Credits
Ball State University	PHYCS 120/120L + 122/122L	General Physics 1 & 2	10

Indiana University, Northwest	CHEM-C102 + C122	Elementary Chemistry II	5
Indiana University, South Bend	CHEM-C102 + C122	Elementary Chemistry II	5
Indiana University, Southeast	CHEM-C102 + C122	Elementary Chemistry II	5
Ivy Tech Community College of Indiana	CHM 113	Introductory Organic & Biochemistry	3
Purdue University, Calumet	CHM 119	General Chemistry	3
Purdue University, North Central	CHM 119	General Chemistry	3
Purdue University, West Lafayette	CHM 257+257L	Organic Chemistry w/Lab	5
University of Southern Indiana	CHEM 241	Organic / Biochemistry Principals	4
Vincennes University	CHEM/L 101	Elementary Organic Chemistry & Biochemistry	4

Ball State University: Purdue courses will be given elective credit. CHM 119 does not have enough credit hours and not enough credit-bearing prerequisites to total 5 credit hours. CHM 257 has no biochemistry component.

Indiana State University: PU-Calumet and PU-North Central CHM 119, 3 hrs, transfer as lower-level CHEM credits due to content and credit hours.

Purdue University (all campuses): courses with fewer credit hours will be given undistributed credit in CHEM, rather than stated equivalent.

Persons pursuing higher education at multiple institutions in Indiana should be aware that the Core Transfer Library agreements represent only a fraction of the many course to course and degree program to degree program transfer agreements that exist. For further details, please contact the institution to which you want to transfer. All course to course agreements listed apply to courses taken during the spring semester of 2007 or later.

For more details on the Core Transfer Library agreements, please read [Understanding the Core Transfer Library](#).

The Indiana Core Transfer Library

The Indiana public institutions affirm that they will: 1) accept all courses listed below in transfer; 2) equate each course listed from other institutions to the course listed as their own, or as undistributed/elective credit when “course not taught” is indicated; 3) apply each transferred course from this agreement as if it were taken by a direct-entry student on the campus awarding the credit; and 4) maintain this equivalency, notifying the Indiana Commission for Higher Education of any changes.
