KEY

WA = withholding approval

Sub = course not taught: subject. The institution does not teach a similar course.

Lvl = course not taught: level. The institution teaches a course with similar content description, but at a significantly different level.

Seq = course not taught: sequence. The institution teaches a similar course or courses, but content is divided differently across multiple semesters or is taught in a different number of semesters.

Lab = course not taught: lab. The institution teaches the course with or without a lab, in contrast to the majority of other institutions.
