Technical Physics	4+
U.S. Cultural Diversity	4+
Western Civilization 1	4+
Western Civilization 2	4+
World History 1	4+
World History 2	4+

**Explanation of "Cycles"**

The cycles column indicates the number of times each course set indicated was reviewed by the CTL committee, in an attempt to find a common baseline in general subject, number of semesters over which the course is taught (sequence), the level at which the course is taught, and the inclusion or exclusion of lab. In the cases above where the course set was reviewed three or more times, it is fairly certain that no CTL grouping is possible without the radical redesign of curriculum by multiple institutions.
