(Please use the naming convention –Sector identifier plus an ascending numeral.)

Location Of The Proposed Gateway Project:
Kentucky Avenue at Morris Street

Significance/Rationale for the Gateway (Why Is This A Good Location? What Is Important About This Location?) This area is an important landmark looking toward the future of the city. This prominent location is a link between a significant research facility and the downtown area. The rough industrial past of the area is rapidly giving way to contemporary high tech investments and recreational opportunities. In addition the number of out of town visitors who come to the city to work with the facility the intersection is also the site of a major facility for the Indianapolis Power and Light Company. A great view of the downtown exists from this intersection.
