Building Local Leaders

ACL is a vehicle to promote our community leaders while providing valuable networking opportunities for participants. Over ten weekly sessions, participants are exposed to our local history, business community, government, health care, cultural awareness, education, leadership styles and more.

For close to 40 years community leaders have participated in this fabulous program. As a participant you will meet key leaders of our community, participate in a community project, meet great new people and the meetings are held at various locations throughout the county so you will have an opportunity to tour the business after our meeting. Classes will begin September 11, 2014 and end November 13, 2014.

Participants are expected to attend all sessions but we understand some business situations are unavoidable.

ACL classes are ideal for individuals who want to become more engaged in our community. Space is limited.

Cost:
Chamber Members: $300
Future-Chamber Members: $350

Cost includes textbook, continental breakfasts at each meeting and graduation lunch.
