RE: Science Fair Judging

The 2019 East Central Indiana Regional Science Fair will be held on the Ball State campus on Saturday, February 16, 2019. Approximately 240 students will display projects at that time. About 140 of these are likely to be presented by students in grades four, five, and six. We need your help to judge these projects. If you are able to help, you will be working with another judge and decisions are made jointly.

The judging schedule will be as follows:

7:45 - Coffee, doughnuts, instructions, and assignments in CP 188.
9:00 - Begin judging in Ball Gym.
10:15 - Meet with other judges in your category. Exchange with other judges your 1st, 2nd, and 3rd place choices. Make a list of the top choices of other judging teams.
10:30 - Return to the arena and examine these top exhibits.
11:00 - The leader of each group helps get agreement on the final 1st, 2nd, and 3rd place winners.
12:00 - Turn in all reports by this time.

I hope that you will be able to join us at the Science Fair. If you are able to judge, please sign the form below and return the bottom portion to Jesse Tye in CP 305 or by email to jwtye@bsu.edu. Thank you for your consideration.

SCIENCE FAIR

I will be able to help judge science projects for the 2018 East Central Indiana Regional Science Fair.
