Fundamentals of Public Speaking	Ivy Tech Community College

## **Immersive Learning Projects**

---

Spring 2019      COMM 340: While learning and observing various leadership theories being used at Inspire Academy Charter School, students furthered the work done by the Fall 2018 Semester. In addition to continuing the Student Mentoring Groups, students formed an Academic Connections Groups, connecting internship/practicum students from Ball State to Inspire Academy. Other highlights include first time visits by Charlie Cardinal, the BSU Women's Field Hockey Team, the Football Team, and a student artist. Another donation of 85 new grade appropriate books were secured for the Inspire Academy Reading Program. The Twitter handle "WeFlyWithInspire" was also created and maintained.

Fall 2018      COMM 340: Students engaged with Inspire Academy Charter School to learn and observe various leadership theories. Through this partnership the foundation was laid to have Ball State students present at Inspire, and to have Inspire Academy on the map at Ball State. Highlights include Ball State students forming mentoring groups in both Reading and Math comprehension. The Ball State Baseball Team also visited Inspire Academy for the first time, and over 85 new grade appropriate books were secured by Ball State students for the Inspire Academy Reading Program.

## **Service to Ball State University**

---
