ABOUT OUR CLINIC

The Counseling Practicum Clinic offers counseling services to people in Muncie and the surrounding area. Graduate students in the counseling programs work with clients under the supervision of licensed psychologists and counselors.

All counselors are well prepared for this work and are completing requirements for either a Master’s degree in counseling or a doctoral degree in counseling psychology. The counselors in training are enrolled in programs preparing them for work in college and university counseling centers, community agencies, hospitals, and schools.

The Counseling Practicum Clinic values diversity and respectfully welcomes everyone. We embrace working with people of all identities and are dedicated to compassionately supporting their positive growth. This is reflected in the people we serve and by the diversity of our counselors and supervisors. We hope this commitment enhances our clients’ experiences.

SCHEDULING AND COST

Call (765) 285-8047 to schedule an intake appointment. After the intake, regularly scheduled appointments will be arranged at the convenience of the client and counselor.

A client may need to change counselors at the end of semesters. However, counselors make arrangements to transfer clients to a different counselor if additional services are needed.

Fee: $10 per session, sliding scale available

Hours: Monday - Thursday 9:00 a.m. - 8:00 p.m.
Fridays 9:00 a.m. - 12:00 p.m.
Closed during University breaks

GETTING TO OUR CLINIC

We are located within the Interprofessional Community Clinics at Ball State University. We are on the first floor of the Health Professions Building, located at 1615 W. Riverside Ave, Muncie, IN 47306. The building is on the corner of W. Riverside Ave. and N. Dicks St.

Free convenient parking is located on the East side of the Health Professions Building. Clients should enter the parking lot from Dicks St. Client will need to display their clinic-issued parking hangtag at all times. Handicap parking is also available. Clients can enter the clinic from the W. Riverside entrance near the MITTS bus stop or by the parking lot at the building.
