Friends Make A Difference

The Friends of the Rinard Orchid Greenhouse began as a dedicated group of volunteers and docents at the Dr. Joe and Alice Rinard Orchid Greenhouse. The group was formed in 2015, as a result of the desire to support and encourage educational programs and orchid diversity within the facility.

The purpose of the Friends is to maintain an association of persons interested in strengthening the Rinard Orchid Greenhouse (ROGH) by enhancing nature education and fostering greenhouse educational programs while promoting its usefulness to Ball State University, the Muncie-area community, Indiana, and beyond.
