Next, complete the Routing Queue section of the EPAF which lists the approval levels that you want for this action. Shown below is that section with the mandatory approval levels populated with the appropriate approvers. When you initially go to that section the user name fields will be blank, but when you click on the magnifying glass a list of possible approvers will appear from which you may select:

Routing Queue

You may add other approval levels that may be required for your area such as Director, College Budget Director, Budget Office, etc. In most areas, unless you are specifically told otherwise, the Vice President may be assigned an FYI instead of an Approve in the Required Action field.

Next you will see a Comment section. It is important to add comments about the changes you are making for documentation purposes:

### Comment

Change Org. Code from 135020 to 135010 effective 3/1/2014.

Then, save and submit your EPAF.
