*Ball State University,*

School of Journalism and Strategic Communication

Director (October 2021-Current) and Professor with Tenure (August 2021-Current)

Department of Journalism

Department Chair (July 2016-September 2021) and Associate Professor (July 2016-July 2021) with Tenure

- *Budget management.* Manage annual budget of approximately \$2 million, foundation funds exceeding \$1 million. Increased budgetary efficiency and effectiveness during global pandemic and transition to an incentive-based budget model.
- *Academic administration.* Administer academic unit with up to 28 full-time faculty, 12 part-time faculty, 10 graduate assistants, and six full-time professional/staff members serving up to 900 undergraduate students in five majors accredited by Accrediting Council on Education in Journalism and Mass Communication (ACEJMC) and up to 125 graduate students in three graduate programs. Undergraduate and graduate public relations programs are recognized by the Public Relations Society of America's Certification in Education for Public Relations.
- *Faculty success.* Managed hiring of ten tenure-track assistant professors; retained seven-of-ten tenure-track hires during my leadership; and supported four of those to early promotion and tenure. Supported four additional assistant professors on the tenure-track upon my hiring through the tenure and promotion process. Three-of-four promoted assistant professors have been retained with two subsequently promoted to full professor. The third is under review for promotion to full professor this academic year.
  - *Faculty professional development.* Launched faculty professional development initiative to support project-based curriculum. Allocated funds for faculty to complete [PMI® Authorized On-demand PMP® \(Project Management Professional\) Exam Prep](#) course. Participating faculty agreed to include a project management student learning outcome or course objective in courses.
- *Research leadership.* Propelled all-time-high faculty research productivity through improved faculty recruitment, development, and support. According to the 2022-23 ACEJMC reaccreditation self-study report faculty published 107 peer-reviewed journal articles 2016-2022. By comparison, according to the ACEJMC reaccreditation self-study report for the six years prior to 2016 and my leadership, the faculty published a combined total of 31 articles.
  - Launched the Unified Research Lab (URL), a collaborative research center in the unit. Faculty and students conduct eye-tracking, psychophysiological, virtual reality, and video-game research in the URL, which maintains an Institutional Review Board (IRB) approved participant pool and manages graduate assistant support for research studies.
  - Supported launch of Embodied Media Cognition Lab (Fall 2022), which is equipped with psychophysiological measurements, self-reports, and cognitive assessments.
- *Faculty diversity.* In 2015-16, 100% of tenured and 85% of tenure-line faculty members were white. By fall 2022, non-white faculty represented 38% of tenured and 54% of tenure-line faculty. The ACEJMC site-team found the unit in "Compliance" on Standard 4: Diversity and Inclusiveness in fall 2022. Led the unit to first self-study and site-team review by ACEJMC to result in "Compliance" on Standard 4: Diversity and Inclusiveness in past three review cycles (19 years). Immediately before my joining Ball State University in July 2016 as chair, the Accrediting Council on Education in Journalism and Mass Communications (ACEJMC) found the unit in "noncompliance" on "Diversity and Inclusiveness" for a second consecutive review cycle.

- *Fundraising.* Lead fundraising for unit. Increased amount of donations and number of donors during first three years as chair. Led 50th Anniversary Campaign (FY 2019), which exceeded its \$50,000 goal and raised \$63,794.88 for the general scholarship fund. On *One Ball State Day* 2020, unit's 316 gifts ranked second among academic departments. Student Media ranked first among all student organizations with 213 gifts.
- *Unit name change.* Collaborated with Ball State University Office of Marketing Communication to conduct market research. Engaged in leadership of shared governance process to successfully recommend change in unit's name from "Department of Journalism" to the "School of Journalism and Strategic Communication" (effective October 1, 2021).
- *Curricular leadership.* Mapped curricula, consolidated across and within programs to eliminate curricular silos and inefficiencies. Launched new majors and concentrations. Increased innovation through offering high-impact educational experiences (e.g., project-based, study abroad, community-engaged, and immersive-learning). Increased interdisciplinarity and student-credit-hour production by opening courses to non-majors.
  - *Partnerships.* [Secured a partnership with the George and Frances Ball Foundation](#) to support the Cradle to Career Muncie [project](#) presenting education as a pathway out of poverty for residents of Promise Neighborhoods in Muncie, Indiana. A strategic communication campaign will be completed by students in SJSC classes and at [The McKinley Avenue Agency](#),
- *Student media and agency.* Directed student media (2016-Fall 2021) and student integrated strategic communication agency (2016-current). Collaborated with student media and agency advisers to facilitate a mission-focused, student-led process that eliminated a major budget deficit and evolved dated practices into a more sustainable contemporary business model in 2017.
- *Scholastic outreach.* Oversaw Ball State's Journalism Workshops (2016-21), which had offered summer workshops for middle and high school students and teachers since 1966. More than 1,000 students and teachers representing 36 states registered in the Summer 2020 first-ever online only programming. The program transitioned to college leadership in 2021.
- *Technology.* Manage unit's state-of-the-art facilities and technology. Strategically aligned technology expenditures to enable operational efficiency, effectiveness, and academic excellence. Two classroom computer labs of lower specifications/performance hosting unit courses were replaced by a high-end Extended Reality (XR) laboratory (at a net savings). The XR lab hosts a newly developed [XR certificate program](#), which was codeveloped by Dr. Joshua Fisher, a faculty member in my unit.
- *Alumni Relations.* Continued 60+ year tradition of planning and celebrating the annual BSU School of Journalism and Strategic Communication National Writing Awards. Collaborate with the Journalism Alumni Society to honor distinguished professionals and alumni with awards at premier annual event.

President (2023-24), [Association of Schools of Journalism and Mass Communication](#)

- Programmed 2024 ASJMC Conference. Please see the linked [conference program](#) for complete details. My presidential welcome column in the program summarizes the theme of the conference, which represented a call to action for journalism and mass communication educators. The conference was the best attended ASJMC Conference since 2018 and attendee feedback, which is available upon your request, was very positive.

Site-team member, Accrediting Council on Education in Journalism and Mass Communication

- Drake University, February 2024

Central Michigan University, Department of Journalism

Associate Professor with Tenure, Advertising (August 2014-May 2016)

Associate Department Chair (May 2013-July 2014)

Assistant Professor, Advertising (August 2012-July 2014)

- Launched a new advertising major, which experienced sustained growth of approximately 50 new students each academic year during my leadership.
- Served as the department's Associate Chairperson, Curriculum Committee Chairperson, and Assessment Committee Chair.
- Advised more than 100 advertising majors and 100 minors from 2013-14 to 2015-16.
- Advised CMU's American Advertising Federation (AAF) club in National Student Advertising Competition (NSAC) to a third-place finish in track in Region 6: AAF.
- Proposed and gained departmental approval of an Integrated Marketing Communication (IMC) graduate program curriculum and 12 master course syllabi. Conducted primary research to demonstrate demand including a comprehensive review of Michigan and peer-institutions' relevant program offerings; surveys of alumni and students to determine potential interest; and instructional delivery preferences.
- Led a collaborative merger of the previous "news/editorial" and "online journalism" concentrations into a newly unified, modernized, and improved "journalism" concentration.
- Served as the founding director of *The Center for Innovation, Collaboration, and Engagement (ICE)* in the College of Communication and Fine Arts (CCFA). ICE offered a dedicated space, technology, and resources to cultivate innovative practices within CCFA's intellectually diverse community. ICE invited artists, actors, academic/applied researchers, musicians, as well as media and communication experts and professionals from the CMU and global community to bring their tools to collaborate around innovative ideas involving the use of technology. As director, I facilitated engagement on projects through administering a competitive incubation grant competition, hosting meetings, and leading seminars. ICE aspired to provide professional for-hire services in communication and the fine arts to external clients. I left for BSU prior to achieving this objective. Additionally, I secured financial support for and equipped a 20-workstation computer

lab with software to conduct experimental and survey research. I managed research in the lab space including information technology, conducted my own research and research for the department.

Texas Tech University, Department of Advertising

Assistant Professor (July 2009-July 2012)

- Chaired a doctoral dissertation and master's thesis to completion. In addition, I served as a member on seven doctoral dissertation and master's thesis committees and led or served many comprehensive exam committees.
  - Chaired Sungwon Chung's (2009) doctoral dissertation committee, which won the 2014 TTU's Social Science Doctoral Dissertation Award (Second Place) and the American Advertising Academy Doctoral Dissertation Grant Competition (2012). Dr. Chung is currently tenured associate professor and associate director in the SJSC at BSU.

The University of Alabama (Tuscaloosa), Telecommunication & Film Department

Assistant Professor (August 2006-August 2009)

Interim Graduate Coordinator (August 2007-January 2008)

- During my first three years as an assistant professor at UA (2006-09), which was immediately after earning my doctoral degree (August 2006), chaired (2 theses), co-chaired one thesis, chaired four master's comprehensive-exam committees, served on four doctoral comprehensive exam committees, served on seven doctoral dissertation committees, served on five master's comprehensive exam committees, and served on four master's thesis committees. Chaired Mark Lent's McNair Scholars thesis.
- Coordinated TCF graduate program (interim) in Fall 2007 interim and represented TCF on the college-wide graduate education committee.
- Assisted the UA College of Communication's Human Resources Committee in the drafting of a college-wide diversity plan in advance of a pending site visit by the Accrediting Council on Education in Journalism and Mass Communication.
- Resourced a previously defunct survey research laboratory in the Institute for Communication and Information Research (ICIR) with 15 "newer" computers, which I obtained from university surplus. Secured funding for a site license for MediaLab Software by Empirisoft for experimental and survey protocols. Used the lab to conduct research. Managed the space within the ICIR, where other graduate students and faculty conducted research projects.

Indiana University (Bloomington)

*The Kinsey Institute*, Predoctoral Fellow (September 2005-August 2006)

*Institute for Communication Research*, Research Assistant (Summer 2003-Summer 2004)

Teaching Assistant, Spring 2003, Fall 2004, Spring 2005

Austin Peay State University
