Any student with a declared major in Miller College is eligible to apply for this scholarship. Please be aware this scholarship can only be applied for an internship being taken for course credit. Therefore, a student must secure the internship, request and be approved by their major department to enroll in the internship course, and register in the course prior to the application of funds.

   - Fall Internship: July 1
   - Spring Internship: November 1
   - Summer Internship: March 1 (will need to register for internship when registration opens in mid-to-late March, a decision will not be made until course registration can be verified)

4. Departmental Internship Coordinators in coordination with Student Services will determine eligibility of the experience for application of scholarship and scholarship amount. Factors that will be considered
   - If housing is/is not provided (whole or in-part) by the internship provider
   - Distance from student permanent address and Ball State University
