

Pride of Mid-America Marching Band

Family Day 2020

July 6, 2020

Dear Pride Families,

Due to logistical complications with planning for social distancing and other safety measures at our typical family day event, we have elected to cancel the event for the 2020 season. This means we are unable to host our normal pre-rehearsal breakfast and rehearsal participation events. We appreciate your understanding. Anyone who has already registered will receive a full refund.

You may visit or contact the Ball State Athletic Ticket Office to secure football game day tickets once the university has issued guidelines for fans at football games. At this time, we do not have any information about how games will operate with fans. If and when fans are permitted at football games, you are more than welcome to come to any game, within the guidelines issued by the university, to watch the Pride of Mid-America perform.
