*A Verification Statement of Completion is provided to all graduates of this ACEND Accredited Dietetics Education Program. Verification in Dietetics is an option for those who hold a prior four-year degree from an accredited college or university. To obtain a Verification Statement in Dietetics, all required dietetics courses (Dietetics Professional, Supporting, and Supporting Sciences) must be completed. Additional university or departmental core courses are not required. All courses must be completed prior to issuance of a Verification Statement in Dietetics. The Verification Statement in Dietetics holds equal weight to a Baccalaureate degree in Dietetics, and provides eligibility to apply for competitive Dietetic Internship and graduate program positions.*
