As always you would need to do the legwork to make this or any internship happen. Start your by checking out the Political Science department’s internship webpage here: [https://www.bsu.edu/academics/collegesanddepartments/political-science/activities-opportunities/internships](https://www.bsu.edu/academics/collegesanddepartments/political-science/activities-opportunities/internships).

Also, follow/like the department’s Facebook page for up-to-date listings as they become available: [https://www.facebook.com/ballstatepolisci/](https://www.facebook.com/ballstatepolisci/).

From there, a great resource to start your search here in the state of Indiana is Work & Learn Indiana: [https://www.workandlearnindiana.com](https://www.workandlearnindiana.com) as well as the state of Indiana webpage: [https://workforindiana.in.gov/s/teVgx4](https://workforindiana.in.gov/s/teVgx4)

If you’re thinking Washington, DC or elsewhere for an internship outside the state (and remote opportunities during the pandemic), check out [http://www.internships.com](http://www.internships.com). Otherwise, search on Google for national, state, and local government agencies, politicians, or non-profit organizations and they should have listings on their webpages as they become available.

Remember to contact Dr. Hildebrand at [shildebrand@bsu.edu](mailto:shildebrand@bsu.edu) if you have any questions, or at least before interviewing just to make sure the internship falls under the parameters needed in the department for your degree (topic, job description, time requirements, etc.). Please remember to complete the Career Ready requirements via the BSU Career Center prior to obtaining an internship.
