**BRAZIL**

**Brazil** is the country of South America that occupies half the continent’s landmass. It is the fifth largest country in the world, exceeded in size only by Russia, Canada, China and the United States, though its area is greater than that of the 48 conterminous U.S. states. It is the largest country to have Portuguese as an official language and the only one on the Americas; it is also one of the most multicultural and ethnically diverse nations, due to over a century of mass immigration around the world.*
