JAPAN

Japan is an island country in East Asia. Located in the Pacific Ocean, it lies off the eastern coast of the Asian continent and stretches from the Sea of Okhotsk in the north to the East China Sea and the Philippine Sea in the south. The Japanese landscape is rugged, with more than four-fifths of the land surface consisting of mountains. There are many active and dormant volcanoes, including Mount Fuji which is Japan’s highest mountain. *

Wednesday, November 20th
12:00 pm – 1:00 pm
Yuhas Room
Student Center 102
Presenter: Oshiro Daisuke
