- A budget update will be provided after the next Board of Trustees meeting on May 7, 2021.

- We should be able to balance a budget for next year without experiencing reductions.

Mary Carter inquired about vaccination requirements for students and employees. No updates have been announced. As of right now, no vaccinations are required for students or employees. It is an understanding that no state institutions are requiring vaccinations for employees. There is a body of law that addresses EUA- Emergency Use Authorization type vaccines regarding requiring it for employment purposes. This likely prevents the requirement for employees under emergency use. A couple of state institutions have begun to propose mandates that would be effective when one or more of the vaccines received full FDA (United States Food and Drug Administration) approval.

A motion was made and seconded to adjourn at 5:06 p.m.
