Executive Summary

This report includes FY 2011-12 records pertaining to the Sponsored Programs Office (SPO) at Ball State University. Figures include grant awards, contracts awarded to University Centers and Institutes, and funding to the Ball State University Foundation that resulted in sponsored programs.

FY 11-12 brought \$14,107,651 in external dollars to Ball State University. 505 proposals were submitted during the fiscal year. 285 funded awards were recorded.

We extend our appreciation to all who carried out the challenging work of preparing grant proposals—whether awarded or not—and recognize the productivity and commitment represented by all who are actively engaged in the pursuit of extramural funding. We acknowledge the skill and dedication of the SPO staff in their support of these faculty and professional personnel.

The past year saw the realization of policies and programs that had been formulated earlier and the development of new ones recently drawn. Highlights include:

- the implementation of the Policy on Supplemental Compensation for Faculty and Professional Personnel, for which SPO was a central player;
- the establishment of the Office of Research Integrity as a self-contained unit;
- presentation of Grantsmanship Information Session (G.I.S.), a professional development opportunity promoting research support and pan-campus academic resources;
- Focus on the Search, monthly small-group training sessions for identifying funding opportunities;
- and the SPO Summer Fellows Program, a five-week intensive educational program to develop grant-writing skills and knowledge.

Finally, the close of FY 2011-12 saw the retirement of Kristi Koriath as SPO Director and the appointment of Justin Miller to his new role as Director.

These are a few highlights of the year, the details of which follow in this report.

External Funding Overview

Historically, the Sponsored Programs Office (SPO) Annual Report has reflected only those awards received by and processed through the Contracts and Grants Office. Now, however, the SPO external funding totals include Ball State University Foundation funds that play out as externally sponsored projects, as well as funding self-administered by University service Centers. The chart below, "External Dollars Received FY 2008-2012," reflects totals for all sources of external funding for Ball State projects, including Foundation support and Centers.

Sciences

Derron Bishop, Center for Medical Education: “MRI: Acquisition of a Transmission Electron Microscope,”
National Science Foundation, \$497,500

Michael Perdue, Chemistry: “Using the RO/ED Method to Isolate Low-Ash Dissolved Organic Matter in High Yield along a Salinity Gradient,” *National Science Foundation*, \$337,400

Fulbright awardees

- **James Connolly**, Center for Middletown Studies: Germany
- **Francine Friedman**, Political Science: Bosnia
- **Kenneth Hall**, History: Cambodia
- **Ronald Kovac**, Center for Information and Communication Sciences: Slovak Republic

Research Recognition

Student Symposium. The 2012 Symposium continued as an important public forum for students to display and communicate their research and creative projects. 208 individual student participants presented 151 displays drew an estimated 425 total attendees! Awardees are as follows:

- 4 awards for *Content*: **Daniel Buis**, Landscape Architecture; **Diana Cordero**, Biology; **Kaitlyn Weiss**, **Mason Haggerty**, and **Jacqueline Heath**, Physical Education, Sport, and Exercise Science; **Xioadong Zhan**, Geological Sciences;
- 2 awards for *Display*: **Eduardo Beltran**, Physical Education, Sport, and Exercise Science; **Margaretta Peterson**, Landscape Architecture

Initiatives and Accomplishments

BeneFacta Day. The 21st annual BeneFacta Day, the event for recognizing faculty and professional personnel active in submitting proposals and carrying out sponsored projects was celebrated November 9, 2011 at 4:30 p.m. in the David Owsley Museum of Art Recital Hall. A festive occasion with hors d'oeuvres, wine, and cheese over 100 participants heard remarks by the Provost, The Associate Provost for Research, and the SPO Director.

Researcher and Outstanding Creative Endeavor of the Year. The annual lecture and reception featuring the Researcher of the Year and Outstanding Creative Awardee took place on April 16, 2012 in the L.A. Pittenger Student Center Forum Room. The 2011 Research recipient, Todd Trappe, professor of Human Performance Laboratory, spoke on "Exercise countermeasures for muscle loss: From Anti-inflammatory drugs to Zero-gravity." The Outstanding Creative Endeavor award is likewise nominated by peers and selected by the University Creative Arts Committee. The 2011 awardee is associate professor Sean Lovelace from the Department of English. Dr. Lovelace's presentation was titled "The Appropriated Flash Form."

Campus Initiatives

Communication Strategies Consulting Report – July 2011. Robin Phelps, Communication Studies Master's Student Intern, examined SPO communication practices particularly as regards information routing of funding opportunities and SPO services. Follow-up recommendations included fostering relationships and long-term strategizing. An immediate result was the Grantsmanship Information Session (April 2012).

Needs Assessment from the Departmental Perspective survey results – December 2011. Dr. Thalia Mulvihill provided a report that evaluated survey results of Departmental Funding Strategies report compiled by Carolyn Kapinus in 2011, including *Strengths, Weaknesses, Opportunities, Threats* (SWOT) analysis that examined departments as aligned *groups*. Recommendations for strategic investments for a more robust research infrastructure will inform appropriate SPO program offerings.

Proposal Activity Analysis for Colleges – December 2011. With Associate Provost Morris, analyzed previous four fiscal years (FY08 to FY11) of submitted, not funded, and funded proposals. Report delineates three levels of activity: proposals under \$50,000; proposals between \$50,000 and \$99,999; and proposals \$100,000 and higher. Results suggest the majority of activity for submitted and funded proposals is occurring at the \$50,000 or lower level.

New or Enhanced Program Offerings

Grant Essentials Workshop series – Offered *semesterly*. Series expanded to five sessions, now including a segment on project evaluation. Each individual session presented twice to accommodate demand. A monetary incentive was attached to series on trial basis. 63 faculty and professional personnel participated in 2011-12.

Grantsmanship Information Session (G.I.S.) – April 2012. Inaugural collaborative outreach event designed to provide those new to grant writing with tools to chart a course to grant success. The session included a panel of successfully funded researchers; presentations with university personnel to provide information on electronic tools for scholarship; and information stations to demonstrate related BSU resources and services.

Summer SPO Fellows – Summer Session I, 2012. This new five-week intensive educational program targeted a small group of faculty members who represent each college. Knowledge base and grant-writing skills developed in order to more successfully obtain external grants in support of fundable endeavors.

Focus on the Search – Offered *monthly*. New workshop session to teach faculty, staff, and students about COS *Pivot* and SPO resources to conduct online searches for funding opportunities.

Faculty and Professional Personnel Support Programs

Indirect Cost Recovery Distribution – Transferred recovered IDC accordingly: 5% to Principal Investigator(s), 10% to Department or Unit, and 3% to College (when the previous 4-year IDC average is matched; 20% on amounts above the 4-year average). During the past year, the following amounts were transferred: \$40,032 to PIs, \$167,114 to departments/units/centers, and \$25,801 to colleges, for a total of \$232,947 in indirect cost distributed.

Initiatives and Accomplishments

SUBMIT Program – SUBMIT placed funds into an account for PI extramural-related expenses according to a graduated scale based on the level of sponsor request. In FY 2011-12, 217 faculty members were eligible for a total \$99,513; 195 faculty claimed \$95,224 in SUBMIT funds.

Policies

Supplemental Compensation – Effective August 19, 2011. Created (with APR and Director, CGO) to provide uniform and consistent standards regarding payments made through Payroll and Employee Benefits Office for work above and beyond the specified salary of faculty members and professional personnel. Forums and training sessions were held throughout the year to answer questions and to promote understanding. Management and tracking procedures for supplemental pay from/for various sources and purposes is in process of being defined together with personnel from University Human Resource Services and the Office of the Provost.

Salary Plan Guidelines – Drafted for FY 2013 implementation. Drafted by and applicable to the faculty and professional personnel who report to the APR, these guidelines provide criteria for funding allocations, longevity and merit pay increases, performance evaluation process and criteria, and appeals procedure.

Other Documents

Higher Learning Commission Accreditation Documents – SPO materials posted to Sharepoint February 2012. Includes the past 10 years information including Annual Reports, SPO Policies, Knowledge Unit documentation, issues of *BeneFacta* and *e-Research* and other published materials.

Procedural Improvements

SUBMIT funding distribution – Monthly reporting activities produced and a rubric for tracking funds through the university's new accounting system formulated.

ASPiRE Junior Faculty Internal Grant Program – Revised program to include pre-submission review with relevant Proposal Manager in order to improve application prior to committee review; online tutorial created for junior faculty as an aid to understanding processes and goals of the program.

Communication and Information

SPO Social Media – SPO Research Newsletter blog has had steady growth over the last year, an average of 982 visitors a month, up from 722 in 2010-11. Our Facebook, started on July 19, 2011, has grown from 0 to 110 "likes", and our Twitter feed has grown to 243 followers.

Information Management – Offered 19 webinars and web conferences on various topics and grant programs between October 2011-June 2012 to the campus community and for SPO professional development.

SPO Professional Development

SPO Staff attended and/or presented at the following conferences and professional meetings:

- Access Technology Across Indiana (ATAIN) –Stephanie Sisco and Kristi Koriath
- Association for the Advancement of Sustainability in Higher Education (AASHE) – Justin Miller presented
- Association of University Technology Managers (AUTM) Central Region Meeting – Stephanie Sisco
- Grants Resource Center (GRC) conferences in fall 2011 – Stan Geidel and Kristi Koriath, and spring 2012- Sarah Lee and Augusta Wray
- Indiana Forum for Research Administration (IFRA) - Jackie Davis, Sarah Lee, and Augusta Wray
- Midwest Research and Graduate Administrators Forum (MRGAF)–Robert Morris and Kristi Koriath
- National Council of University Research Administrators (NCURA) Pre-Award Administration Conference – Heather Miller and Justin Miller
- National Institutes of Health (NIH) Regional Seminar – Jackie Davis and Sarah Lee, and faculty members Clark Dickin, Junfeng Jiao, Jagdish Khubchandani, Susan McDowell, and Bart Pederson

ASPiRE Internal Grants Program Overview

Ball State University's Internal Grants Program was created in 1965 to provide funding to faculty and students and to support and develop projects in the areas of research and creative endeavors. ASPiRE Internal grants are intended to supplement and strengthen the support for research and creative endeavors that comes both from departmental and college resources along with other university programs.

The ASPiRE Internal Grants program consists of the following competitions: General Faculty Research, Junior Faculty Research, General Faculty Creative Arts, Junior Faculty Creative Arts, Ad Hoc, New Faculty Start-Up, Reprint/Publication Support, Travel Support for External Funding for faculty, International Travel Support, as well as Graduate Creative Arts, Graduate Research, Undergraduate Creative Arts, Undergraduate Research, and Travel Support for Professional Meetings for students. New this year to the program was the Junior Faculty Workshop Incentive, which provided a small stipend for Junior Faculty members who attended the 5-part *Grant Writing Essentials* Workshop Series.

2011-12 Program Participation

The ASPiRE Internal Grants program processed 245 proposals and awarded \$253,558 to support 207 projects. The total number of proposals submitted in 2011-12 increased 11% from 2010-11, and proposals funded in 2011-12 increased 20% from those funded in 2010-11. Details of the 2011-12 ASPiRE Internal Grants program are summarized in the table, "Internal Grants Program 2011-12." In addition, descriptions of individual internal awards can be found under their respective College and Department headings.

Intellectual Property

Intellectual property development continues to be an important component to the academic life of the University. Stephanie Sisco receives and advises on matters pertaining to intellectual property disclosures to the Office of Technology Transfer (within the Sponsored Programs Office). Wil Davis, Interim President of the Ball State Innovation Corporation, directs commercialization and licensing activity related to Ball State's works of intellectual property.

Disclosures were made for 13 copyrighted works on the part of 36 authors and for 3 patentable inventions by 6 inventors. Intellectual property income remained steady and increased slightly from last fiscal year's \$269,286 to this year's \$270,404 total (please see chart below).

Notable was the filing of two U.S. Provisional Patent Applications by Sue McDowell of Biology and Rob Sammelson of Chemistry including Efficacy in Treating Bacterial Infection and Targeted Inhibition of Host Protein CDC42 by ML 141 Limits Staphylococcus Aureus Infection. Also significant was the filing of a U.S. Provisional Patent application for Electrocatalytic Alkenes and Alkynes Dimerizations and Trimerizations by Jesse Tye of Chemistry.

FUNDING PROFILES

Projects with multiple investigators are listed in the departments of the Principal Investigator (PI), as well as in the department of each Co-Investigator (Co-PI).

In cases where the PIs are from different departments within the same college, an asterisk (*) will appear after the name of the Co-PI.

When the PIs are from different colleges, a double asterisk (**) will appear after the name of the Co-PI.

NOTE ON COLLEGE TOTALS: Funded awards, for which there is Co-PI participation, are referenced in both PI and Co-PI departments. However, official college and departmental totals include only that of the lead investigator.
