

L.A. PITTENGER STUDENT CENTER

Scooters, Bicycles, and Motorized Vehicle Policy

Two-Wheeled Motorized Vehicle Policy:

Two-wheeled motorized vehicles; electric or gas powered (i.e., scooters, mini-bikes, mopeds, motorcycles, etc.) are **not** allowed within the Student Center. This type of motorized vehicle must be parked outdoors in a designated area. Racks are located at each entrance to the building.

Students are encouraged to register their bikes with the **University Police Department**. Bikes that are registered are less likely to be stolen, and if stolen are more likely to be recovered and returned to their owners. The Student Center strongly recommends students to purchase and use metal U-Bolt Bike Locks to reduce the risk of their property being stolen.
