

East Chicago Urban Enterprise Academy

1402 East Chicago Avenue, East Chicago Indiana 46312 PH (219) 392-36580 Fax (219) 392-3652

December 14, 2011

Dear Dr. Marra,

The East Chicago Urban Enterprise Academy Board is pleased to present our Kindergarten thru 8th grade application to you for consideration. As you are aware, we have operated the charter school since August of 2005, and feel that we have made significant progress in providing our students with a sound educational program. We certainly wish to continue to work with you as the Educational Management Organization for the Academy.

The current proposal we are submitting to you for renewal encompasses the K-8 arrangement we have been operating since 2005. As you know, we have considered submitting to you a proposal that would include a K-12 structure, however after much discussion and consideration we have decided to submit this K-8 proposal on its own.

Please be advised that the ECUEA Board of Directors intends to submit a proposal for the K-12 structure to you during the first quarter of next year. We are solidly behind the K-12 structure and have had several discussions with realtors and developers. A piece of property has been clearly identified that would serve as a second facility housing the junior / senior high school facility of ECUEA. The addition of a high school will allow the Academy to continue promoting student achievement and growth through their secondary education.

Ball State University has been supportive of our school and sincerely hope we will continue our relationship in the years to come.

Thank you for your time and consideration.

Yours truly,

David Padilla, Vice Chairman

East Chicago Urban Enterprise Academy

Board of Directors

Application Narrative

For the charter reauthorization, the narrative section of the application is reflective of the Performance Reauthorization Standards. In your responses, please address all the specific elements listed under the main heading of each section. If additional information or documents are needed to address a particular section, make specific reference to them in the section, label them the appropriately numbered attachment, and append them to the application.

- A. Provide a Statement defining the **Vision** and **Mission** of the school. How have they been consistently implemented throughout all aspects of the school?
- B. Provide a statement of the **Goals** for the school. What are the actions implemented to attain each of the goals?
- A. **Original Mission Statement** – The East Chicago Urban Enterprise Academy will, through high academic standards and strong community involvement, be a school of excellence, which will challenge students to strive to reach their full potential as successful wage- earners, citizens, and productive members of their families and society. The first and foremost responsibility of ECUEA will be to our students. In order to realize the vision of the Academy, we commit to:
 - Treating each student as an individual by recognizing and responding to their personal learning style,
 - Providing a safe and supportive environment for learning,
 - Employing highly qualified and motivated professionals and
 - Supporting the involvement of our student’s families and the community.

In carrying out the day to day activities of East Chicago Urban Enterprise Academy we will instill in children a love of learning by providing an innovative and exciting curriculum. We will continually seek to improve test scores by offering the technical means, knowledge and tools necessary to excel in the 21st Century’s high tech age. We will inspire pride and instill hope by motivating and encouraging our students to give their very best each day, all day.

By demonstrating our mission daily, East Chicago Urban Enterprise Academy will be known as the school that developed minds and transformed student’s lives, one at a time. Parents, staff and the community will see the Academy as the school that truly made a difference in the lives of our students.

Vision Statement Developed through INSAI School Improvement Process

We believe all students deserve:

to be respected and taught to respect others, the right to be heard, and an opportunity to express their feelings and opinions. We believe all students deserve positive role models and to be held accountable of high expectations with teachers who genuinely care. We believe all students deserve the right to be educated in a safe, productive atmosphere, conducive to learning with structure, equal funding, and quality real world materials. We believe all students deserve to be taught in a way that they can understand and master skills taught through individualized attention. We believe all students deserve a quality education that is on par with the “best” schools, with variable and fair assessments, and the right to learn a skill by any means necessary. We believe all students deserve predictability and consistency, with immediate interventions for academic and social challenges. We believe all students deserve to have a fair chance, including second chances, and to not be judged by their background. We believe all students deserve to be pushed beyond their comfort level and set long and short term goals with a plan of action in order to build confidence in their ability to succeed if they work hard. We believe all students have potential and deserve a good family structure, mentorship, career guidance, and excellent writing and advanced computer skills to have a competitive edge and equal opportunities. We believe all students deserve to experience various learning opportunities with an open mind, be multi-lingual, and exposed to culturally diverse travel in order to be ultimately prepared for the world.

All adults in our community are living by these core convictions daily and as a result, show the following attitudes and actions:

They live by, “It takes a community to raise a child” and lead by example through modeling the behaviors we want our children to portray. They are dedicated, active participants who prepare children at an early age and are involved in the education of their own children, as well as those in the community. Through keeping open and reciprocal communication between school administrators, parents, teachers and community we all are more supporting, reinforcing, and aware of how to handle situations & surroundings. Adults are more stern with children and willing to seek help for them when they need it. There is teamwork between home & school and parent’s are not so quick to blame teachers. All adults show respect- model it- and walk daily in it. They listen and are more open to have positive interactions to promote sanity and peace of mind. They have a strong work ethic, hold high expectations for local schools and are self-disciplined to remove the word “can’t.” Teachers are continuous learners whose passion for education is contagious. They have a positive attitude and are patient, accountable, goal oriented, confident, competent, responsible, flexible, consistent, and motivated to teach. They are resourceful, knowledgeable and go the extra mile to use every strategy to ensure every child succeeds.

In this environment where all adults are living by their core convictions, all students:

know what is expected of them and come to school ready to learn. They exhibit positive attitudes and are risk takers who have the courage to go out and get what they want in life. There are fewer gangs, teen pregnancy, and death because students are more responsible, self-disciplined, motivated, held accountable for their actions, support each other, and have more respect for themselves. They are well rounded, loving and compassionate, and willing to give back because of what they've been taught. Students are active participants in their learning who are resourceful, prepared, hard working, and enthusiastic about their future. They share a passion for learning, reach higher educational goals, and won't take "no" for an answer because they believe in themselves. Students have a sense of integrity, a higher self-esteem, and are trustworthy. They are respectful, receptive, cooperative, and considerate. They have a responsibility to remain focused, intrigued, engaged, and eager to learn.

- B. Goals** – all students will become at minimum, grade proficient in the basic skills of reading, writing, mathematics computations, and computer literacy and critical thinking/problem-solving. Our goals are that all students acquire organized knowledge, develop intellectual skills and develop an understanding of ideas and values.

As a result of these efforts, our school's student achievement data goals are as follows:

- % of students who pass ISTEP math: 100%
- % of students who pass ISTEP English: 100%
- % of students who pass ISTEP reading: 100%
- % of students who pass ISTEP science: 100%
- % of students who pass ISTEP social studies: 100%
- % of students who meet & or exceed IRDA goals: 100%
- % of students who meet NWEA reading goals: 100%
- % of students who meet NWEA language arts goals: 100%
- % of students who meet NWEA math goals: 100%
- % of students who master a foreign language: 100%
- % of students who pass SAT: 100%
- % of students who need DI: 0%

Is the School an Academic Success/School Has Accomplished Its Mission and Goals
--

1. What levels of progress have the students made on required statewide assessments?

Areas of weakness: Since our opening we have had academic gains as indicated by ISTEP. However, in the fall of 2008 Academy students in the 4th, 5th, and 6th grade had an average of 8% decline in ENG/LA. Upon review of specific areas of concern data showed that our writing applications were problematic.

Subsequently a shift and emphasis was placed on writing with the continuation of 6 traits writing with portfolios and frequent monitoring of students writing performance as measured by Indiana state writing standards. This push yielded an increase in scores of 71.9% in ENG/LA for spring 2009.

Recently (2010-2011) the Academy had a decline in ISTEP+ scores in both ENG/LA and MATH overall. We had an overall decrease of 4 percentage points in Math and 5 percentage points in ELA.

More than 75% of 6th and 7th graders demonstrated mastery in all ELA standards, which outperforms the statewide percentages. At least 70% of 3rd and 4th graders demonstrated mastery in all ELA standards. ECUEA 4th graders outperformed the state in writing applications and language conventions, consistent with 3rd grade performance in 2010. Less than half of the 8th grade demonstrated mastery in nonfiction/info text. The 8th grade's relatively low ELA performance is consistent with spring 2011 NWEA performance and 7th grade performance on 2010 ISTEP. Less than 55% of 5th graders demonstrated mastery in vocabulary. In 2010 more than 80% of 4th graders and more than 70% of 5th graders demonstrated mastery in vocabulary on the ISTEP. The 5th grade's relatively low ELA performance is consistent with spring 2011 NWEA performance but inconsistent with 4th grade performance on 2010 ISTEP, when no less than 75% of students demonstrated mastery in all ELA standards. (See table 1.3)

More than 75% of 6th graders demonstrated mastery in all math standards, consistent with 5th grade performance on 2010 ISTEP, and outperformed the statewide percentages in all areas except problem solving. At least 70% of 7th graders demonstrated mastery in all math standards, consistent with 6th grade performance in 2010. In 4th grade between 62%-68% of students demonstrated mastery across the math standards, although in 2010 no less than 79% of 3rd graders demonstrated mastery in all math areas. The 3rd grade in 2010 and in 2011 had their lowest percentage of mastery in algebra. The 5th graders had their lowest percentage of mastery in geometry. Less than one third of the 8th grade demonstrated mastery in measurement.

i. What areas of strengths are apparent?

The Academy made 20.9% point gains in Math from 2005 to 2010 and 24% point gains in English language arts from 2005 to 2010. Cohort data of students who have three or more years with the Academy show stronger gains over time according to ISTEP+. (See tables 1.3, 1.4) The Academy continues to out perform the district in residence according to ISTEP+ English Language Arts and Math. (See table 1.1, 1.2) Our Math program is stronger than our English language arts program as indicated by the ISTEP+ results. The Academy students continued to improve in writing applications for ISTEP from 2008 to 2010.

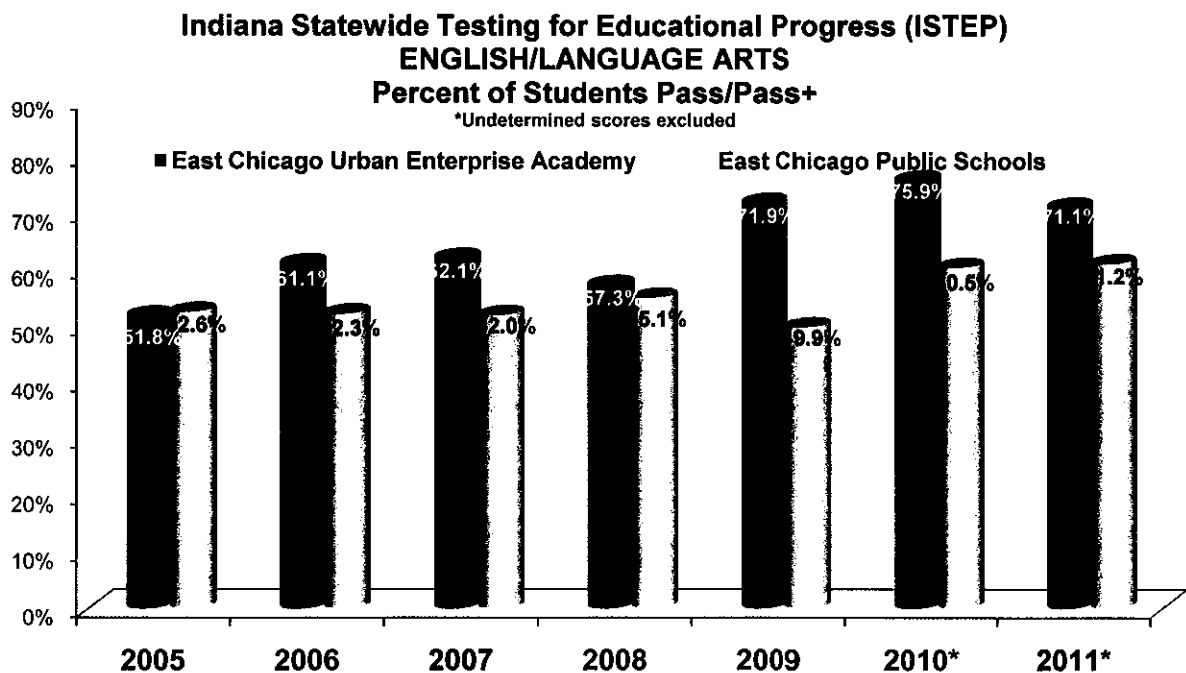

In both, English/Language Arts (ELA) and Mathematics, 4th grade students scored above the state average in all of the standards on the 2009 ISTEP+ assessment.

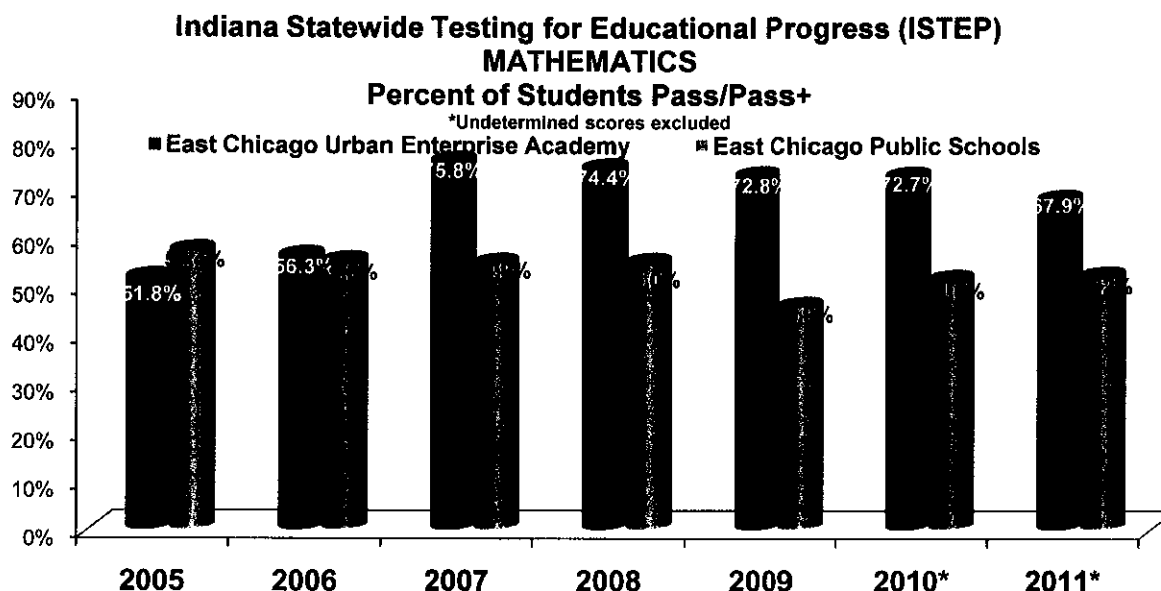

In ELA, grades 4 and 6 scored above the state average in all of the standards on the 2009 ISTEP+ assessment.

Grades 3, 4, and 6 showed improvement in ELA after a school-wide focus on the 6+1 traits of writing.

Grade 5 showed improvements in Mathematics from 2007-2008 to 2008-2009.

b. Provide meaningful comparisons to district of residence student performance over time.

c. Describe and discuss the school's past and current AYP status in the context of NCLB standards.

The East Chicago Urban Enterprise Academy achieved Adequate Yearly Progress (AYP) toward statewide academic goals set by the Indiana Department of Education (IDOE) for two years (2006 and 2007) in all 17 categories:

- School-wide attendance;
- School-wide passing rates on the English and Mathematics ISTEP+ exams;
- ISTEP+ English and Mathematics passing rates for subgroups of African-American students and students who qualified for free or reduced price lunch;
- ISTEP+ participation rates school-wide and for both subgroups

In 2008 the Academy missed 3 of 17 categories in English Language Arts.

In each subgroup evaluated, students passed ISTEP+ at rates higher than the IDOE target for 2009-2010. This allowed the school to achieve AYP without relying on alternate means, such as confidence intervals or safe harbor improvement. Unfortunately, the attendance rate for 2010 was 94.8% which was .2% less than the required statewide goal thus missing AYP by 1 category for 2010. In 2011 the Academy missed 6 out of 17 categories. (See table 1.7)

AYP YEAR	ELA Performance				Math Performance				ELA Participation				Math Participation				Attend Rate
	All	Black	Hisp	FRL	All	Black	Hisp	FRL	All	Black	Hisp	FRL	All	Black	Hisp	FRL	
2006	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓
2007	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓
2008	✗	✗	✓	✗	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓
2010	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✗
2011	✗	✓	✗	✗	✗	✗	✓	✗	✓	✓	✓	✓	✓	✓	✓	✓	✓

d. Describe and discuss the school's past and current PL 221 category/Grade including the Growth Model information given by the IN Department of Education. (See table 1.8)

PL221 Year	Rating
2005 – 2006	Exemplary
2006 – 2007	Exemplary
2007 – 2008	Exemplary
2008 – 2009	Not Counted
2009 – 2010	Academic Progress
2010 - 2011	Probation - F

Table 1.8

e. Include the following statistics for alternative proficiency assessments:

The Academy had an IMAST population of 2 students in 2010 – 2011 who qualified for alternative assessments. From 2005- 2010 the Academy had no students who qualified for alternative assessments. All Special needs students who qualified for accommodation per their IEP were given those accommodations for the ISTEP+.

- The percent and number of students tested - **2010 2 students**
- Percent and number of eligible students who did not take the test – **0 students**
- Percent and number of students who qualified as Pass+, Pass, and DNP - **2 Did not Pass**
- List the assessments and which grade levels were tested using each assessment – **IMAST grade 3 and grade 4**

f. In the absence of expected achievement, what are the identified problem areas and what are the proposed changes in curriculum and/or instruction in order to address them.

Area of concern – Increased ELL population this year K-8th grade

Area of concern – Increased Special Education population 3rd – 8th grade who qualify for IMAST

Area of concern – Transfer and withdrawal of high ability students due to vouchers

Area of concern – Overall mathematics performance on ISTEP in grade 3, 4, 7, and 8.

Area of concern – Overall English language arts performance on ISTEP in grade 6 and 8.

(Please see Appendix C for the Remediation Plan)

All student performance from year one as well as data from current assessments. Progress monitoring tools used are Fountas and Pinnell benchmark assessments, NWEA MAP

assessments, NWEA skills and screeners assessments, Curriculum Based Measurement, Study Island.

<p align="center">Is the School an Academic Success?/High Quality Instruction is Evident in All Classrooms Throughout the School</p>

<p>2. Provide the instructional goals and methods for the school, which at a minimum; include teaching and classroom instruction methods that are used to provide students with the necessary knowledge, proficiency, and skills to reach the goals of the school.</p>

All Academy teachers will continue to employ a cohesive set of research-based instructional methods and approaches, supported through training they will continue to receive from high-quality professional development. The instructional methods which have proven to be effective and so will continue to be used at the Academy include a powerful mix of direct (explicit) instruction, the Paideia method which includes, didactic, coaching and Socratic Seminar, differentiated instruction, modeling, guided practice, cooperative learning, independent practice, and individual instruction that raises student engagement and significantly reduces behavioral issues in the classroom. These methods have proven to be effective with a wide range of students, including those who are currently performing below grade level, are English Language Learners, and those students with special needs. The consistent use of these instructional methods and classroom management techniques at all grade levels will continue to provide a strong, predictable, and self-reinforcing component to the overall school culture. This consistency will also continue to provide a foundation of understanding and support with all parents.

Additional Instructional Strategies used:

Identifying Similarities and Differences

The ability to break a concept into its similar and dissimilar characteristics allows students to understand (and often solve) complex problems by analyzing them in a more simple way. Teachers can either directly present similarities and differences, accompanied by deep discussion and inquiry, or simply ask students to identify similarities and differences on their own. While teacher-directed activities focus on identifying specific items, student-directed activities encourage variation and broaden understanding, research shows. Research also notes that graphic forms are a good way to represent similarities and differences.

Applications:

- * Use Venn diagrams or charts to compare and classify items.
- * Engage students in comparing, classifying, and creating metaphors and analogies.

2. Summarizing and Note Taking

These skills promote greater comprehension by asking students to analyze a subject to expose what's essential and then put it in their own words. According to research, this requires substituting, deleting, and keeping some things and having an awareness of the basic structure of the information presented.

Applications:

- * Provide a set of rules for creating a summary.
- * When summarizing, ask students to question what is unclear, clarify those questions, and then predict what will happen next in the text.

Research shows that taking more notes is better than fewer notes, though verbatim note taking is ineffective because it does not allow time to process the information. Teachers should encourage and give time for review and revision of notes; notes can be the best study guides for tests.

Applications:

- * Use teacher-prepared notes.
- * Stick to a consistent format for notes, although students can refine the notes as necessary.

3. Reinforcing Effort and Providing Recognition

Effort and recognition speak to the attitudes and beliefs of students, and teachers must show the connection between effort and achievement. Research shows that although not all students realize the importance of effort, they can learn to change their beliefs to emphasize effort.

Applications:

- * Share stories about people who succeeded by not giving up.
- * Have students keep a log of their weekly efforts and achievements, reflect on it periodically, and even mathematically analyze the data.

According to research, recognition is most effective if it is contingent on the achievement of a certain standard. Also, symbolic recognition works better than tangible rewards.

Applications:

- * Find ways to personalize recognition. Give awards for individual accomplishments.
- * "Pause, Prompt, Praise." If a student is struggling, pause to discuss the problem, and then prompt with specific suggestions to help her improve. If the student's performance improves as a result, offer praise.

4. Homework and Practice

Homework provides students with the opportunity to extend their learning outside the classroom. However, research shows that the amount of homework assigned should vary by grade level and that parent involvement should be minimal. Teachers should explain the purpose of homework to both the student and the parent or guardian, and teachers should try to give feedback on all homework assigned.

Applications:

- * Establish a homework policy with advice-such as keeping a consistent schedule, setting, and time limit-that parents and students may not have considered.

- * Tell students if homework is for practice or preparation for upcoming units.
- * Maximize the effectiveness of feedback by varying the way it is delivered.

Research shows that students should adapt skills while they're learning them. Speed and accuracy are key indicators of the effectiveness of practice.

Applications:

- * Assign timed quizzes for homework and have students report on their speed and accuracy.
- * Focus practice on difficult concepts and set aside time to accommodate practice periods.

5. Nonlinguistic Representations

According to research, knowledge is stored in two forms: linguistic and visual. The more students use both forms in the classroom, the more opportunity they have to achieve. Recently, use of nonlinguistic representation has proven to not only stimulate but also increase brain activity.

Applications:

- * Incorporate words and images using symbols to represent relationships.
- * Use physical models and physical movement to represent information.

6. Cooperative Learning

Research shows that organizing students into cooperative groups yields a positive effect on overall learning. When applying cooperative learning strategies, keep groups small and don't overuse this strategy-be systematic and consistent in your approach.

Applications:

- * When grouping students, consider a variety of criteria, such as common experiences or interests.
- * Vary group sizes and objectives.
- * Design group work around the core components of cooperative learning-positive interdependence, group processing, and appropriate use of social skills, face-to-face interaction, and individual and group accountability.

7. Setting Objectives and Providing Feedback

setting objectives can provide students with a direction for their learning. Goals should not be too specific; they should be easily adaptable to students' own objectives.

Applications:

- * Set a core goal for a unit, and then encourage students to personalize that goal by identifying areas of interest to them. Questions like "I want to know" and "I want to know more about . . ." get students thinking about their interests and actively involved in the goal-setting process.
- * Use contracts to outline the specific goals that students must attain and the grade they will receive if they meet those goals.

Research shows that feedback generally produces positive results. Teachers can never give too much; however, they should manage the form that feedback takes.

Applications:

- * Make sure feedback is corrective in nature; tell students how they did in relation to specific levels of knowledge. Rubrics are a great way to do this.
- * Keep feedback timely and specific.
- * Encourage students to lead feedback sessions.

8. Generating and Testing Hypotheses

Research shows that a deductive approach (using a general rule to make a prediction) to this strategy works best. Whether a hypothesis is induced or deduced, students should clearly explain their hypotheses and conclusions.

Applications:

- * Ask students to predict what would happen if an aspect of a familiar system, such as the government or transportation, were changed.
- * Ask students to build something using limited resources. This task generates questions and hypotheses about what may or may not work.

9. Cues, Questions, and Advance Organizers

Cues, questions, and advance organizers help students use what they already know about a topic to enhance further learning. Research shows that these tools should be highly analytical, should focus on what is important, and are most effective when presented before a learning experience.

Applications:

- * Pause briefly after asking a question. Doing so will increase the depth of your students' answers.
- * Vary the style of advance organizer used: Tell a story, skim a text, or create a graphic image. There are many ways to expose students to information before they "learn" it.

Direct Instruction – Allows teachers to tap into the best of various learning modalities.

Through direct instruction we can engage learners in the multiple intelligences: audio, visual, tactile, kinesthetic, to meet the learning styles of as many students as possible. Direct Instruction is primarily teacher led. It is best used to teach cognitive strategies to students in a more explicit way. Although scripted, it provides support for the new teacher. Direct Instruction is used with limits and with students who require this strategy.

Graphic Organizers – Visual representations or frame works used to organize information.

Applications: These are used generally in our guided reading blocks as a pre and post activity. They are used throughout the curriculum especially in writing. Students must organize their writing as they plan their rough, first and final drafts. It is essential to master and transfer this strategy for statewide assessments. (ISTEP).

Alternative assessments example: performance assessments, portfolios, journals, and authentic assessments.

Learning Centers

Scaffolding - A metaphor to describe the type of assistance offered by a teacher or peer to support learning. In the process of scaffolding, the teacher helps the student master a task or concept that the student is initially unable to grasp independently. The teacher offers assistance with only those skills that are beyond the student's capability. Of great importance is allowing the student to complete as much of the task as possible, unassisted. The teacher only attempts to help the student with tasks that are just beyond his current capability. Student errors are expected, but, with teacher feedback and prompting, the student is able to achieve the task or goal. When the student takes responsibility for or masters the task, the teacher begins the process of "fading", or the gradual removal of the scaffolding, which allows the student to work independently. "Scaffolding is actually a bridge used to build upon what students already know to arrive at something they do not know. If scaffolding is properly administered, it will act as an enabler, not as a disabler" (Benson, 1997).

Demonstrations and modeling - Modeling, explaining, and demonstrating are essential teaching activities if all children are to learn to read and write. Teachers model the reading and writing processes by engaging in them while children observe.

Applications: Reading aloud to children, for instance, provides a model of how reading sounds and how stories go. Composing a list of things needed for a project provides a model of one function of writing. Talking about how a newspaper story made us worry provides a model of response to text. Models and modeling are essential.

Active Learning - Active Learning is, in short, anything that students do in a classroom other than merely passively listening to an instructor's lecture. This includes everything from listening practices which help the students to absorb what they hear, to short writing exercises in which students react to lecture material, to complex group exercises in which students apply course material to "real life" situations and/or to new problems. The term "cooperative learning" covers the subset of active learning activities which students do as groups of three or more, rather than alone or in pairs; generally, cooperative learning techniques employ more formally structured groups of students' assigned complex tasks, such as multiple-step exercises, research projects, or presentations. Cooperative learning is to be distinguished from another now well-defined term of art, "collaborative learning", which refers to those classroom strategies which have the instructor and the students placed on an equal footing working together in, for example, designing assignments, choosing texts, and presenting material to the class. Clearly, collaborative learning is a more radical departure from tradition than merely utilizing techniques aimed at enhancing student retention of material presented by the instructor; we will limit our examples to the "less radical" active and cooperative learning techniques. "Techniques of active learning", then, are those activities which an instructor incorporates into the classroom to foster active learning.

The "Socratic Method"

In a Socratic method we focus on higher order thinking skills (HOTS) and questions to extract answers and connect to real-world situations and application. Teachers model an inquiring, probing mind by continually drilling down into the subject with questions. The purpose of a Socratic Seminar is to achieve a deeper understanding about the ideas and values in a text. In the Seminar, participants systematically question and examine issues and principles related to a particular content, and articulate different points-of-view. The group conversation assists participants in constructing meaning through disciplined analysis, interpretation, listening, and participation.

Authentic Assessments

i. Have they been successful – The majority of the strategies have been successful and the evidence of that can be tracked through progress monitoring of small group differentiated instruction results and assessments for particular subcategories.

Provide an instructional plan that includes the current curricula for each grade and year

The Academy's program will continue to provide strong instruction in the areas of decoding (learning how to read), comprehension (understanding what you read), inquiry and investigation (learning how to apply what you have read), and writing (learning how to communicate with others in print). It will continue to include ongoing student assessment. The program will continue to support the teaching of spelling, vocabulary, grammar, usage and mechanics, penmanship, listening, and speaking all instruction will be aligned to the Common Core Standards with foundations and preparations for the PARCC assessment.

The Academy's K-3 curriculum will continue to address the areas of phonemic awareness, systematic and explicit phonics instruction, fluency, and vocabulary. For older students, the focus will continue to be on teaching comprehension, genre, and content literacy. This will continue to be accomplished through independent reading, guided reading, literature study, concept and comprehension strategies, word analysis, and the reading/writing connection.

The instructional materials to be used include:

- Reading Street K-5 * proposed
- Open Court Phonics K-5 current
- Houghton Mifflin Spelling and Vocabulary 1-6
- Houghton Mifflin English 1-6
- 6 Traits of Writing
- Leveled Reading (Scholastic, Wright Group, Reading A-Z) K- 5
- Trade Books related to Core Knowledge content 6-8
- McDougall Littell
- Reference books and on-line resources

Kindergarten has transitioned to the Common Core State Standards and piloting the Reading Street Curriculum that is aligned to the CCS.

Reading, Kindergarten, 2011 a course based on the Common Core State Standards for English/Language Arts, is integrated instruction emphasizing reading (Reading Standards: Foundational Skills, Reading Standards for Informational Text: Literary Nonfiction and Historical, Scientific, and Technical Texts and Reading Standards for Literature: Stories, Novels, Dramas and Poetry), in interest- and age-appropriate content. Students develop reading competencies as they receive instruction founded on scientifically-based reading research with a focus on phonemic awareness and phonics and developmentally appropriate strategies for fluency, vocabulary and comprehension. Students show an interest in books and experience the enjoyment of reading through stories read aloud. They retell familiar stories and talk about stories that someone read to them. They learn about the alphabet, words and sounds, and how to apply what they have learned by matching words to beginning and ending sounds, blending sounds into words, rhyming words, and reading simple sentences. They listen and respond to picture books and general fiction, nursery rhymes or songs, folktales, plays, alphabet books, nonfiction picture books (science, social studies, mathematics and other subjects), beginner's dictionaries, and online information.

Language Arts, Kindergarten, a course based on the Common Core State Standards for English/Language Arts, is integrated instruction emphasizing writing, speaking and listening in interest- and age-appropriate content. Students experience using language to interact with others. Using art, music, movement, drama, oral language, beginning reading, and beginning writing, students respond to classic and contemporary literature. They discuss ideas and tell stories for someone to write down, and they begin to write for other readers. They begin to learn the rules of Standard English and more about communicating with others. Students listen to stories read aloud to them and draw or write independently for meaning.

Mathematics for grades Kindergarten through 2nd grade utilize the Saxon math curriculum and is greatly supplemented with additional standards based materials

Mathematics in Kindergarten, instructional time should focus on two critical areas: (1) representing and comparing whole numbers, initially with sets of objects; (2) describing shapes and space. More learning time in Kindergarten should be devoted to number than to other topics. 1. Students use numbers, including written numerals, to represent quantities and to solve quantitative problems, such as counting objects in a set; counting out a given number of objects; comparing sets or numerals; and modeling simple joining and separating situations with sets of objects, or eventually with equations such as $5 + 2 = 7$ and $7 - 2 = 5$. (Kindergarten students should see addition and subtraction equations, and student writing of equations in Kindergarten is encouraged, but it is not required.) Students choose, combine, and apply effective strategies for answering quantitative questions, including quickly recognizing the cardinalities of small sets of

objects, counting and producing sets of given sizes, counting the number of objects in combined sets, or counting the number of objects that remain in a set after some are taken away.

2. Students describe their physical world using geometric ideas (e.g., shape, orientation, spatial relations) and vocabulary. They identify, name, and describe basic two-dimensional shapes, such as squares, triangles, circles, rectangles, and hexagons, presented in a variety of ways (e.g., with different sizes and orientations), as well as three-dimensional shapes such as cubes, cones, cylinders, and spheres. They use basic shapes and spatial reasoning to model objects in their environment and to construct more complex shapes.

Reading Street Kindergarten through 3rd grade pilot

Scott Foresman Reading Street © 2011 is an all-new comprehensive Reading and Language Arts series for the 21st Century. Reading Street delivers classic and soon-to-be classic literature, scientifically research-based instruction, and a wealth of groundbreaking online experiences for high student engagement. My Teaching Library takes the guesswork out of Response to Intervention with a strong core emphasis on ongoing progress-monitoring and an explicit plan for managing small groups of students. The architecture of Understanding by Design accelerates all learners, especially English language learners, toward greater proficiency with a sustained Unit focus on concepts and language. Teachers focus on the priority and target skills driven by the Indiana state standards with regards to the transition to the Common Core standards. Phonemic Awareness, phonics, fluency, vocabulary, comprehension, and writing are all incorporated into the comprehensive program.

Saxon Math Kindergarten through 3rd grade

Saxon Math is a textbook series covering grades K–12 based on incremental development and continual review of mathematical concepts to give students time to learn and practice concepts throughout the year. The series is aligned with standards of the National Council of Teachers of Mathematics (NCTM) and various states, and can be adapted for special education students in inclusion classrooms, pullout programs, or self-contained resource classrooms. Although content differs by course, the incremental, distributed approach of *Saxon Math* is the same, with

mathematical concepts presented in a series of short “lessons” intended to gradually build understanding and previously-taught concepts practiced and assessed throughout the course

With the state being in transition from IN standards to Common Core Standards the Academy has unpacked the standards and realigned all curriculums to reflect the state demands and expectation.

In addition to the aligned curriculum the state has requested all schools to develop a reading plan. The Academy has developed the plan that details the reading program as well as addressing RTI and how students in Tier I, II, and III will be serviced and progress monitored.

Kindergarten, through Fifth grade social studies and science utilize the Core Knowledge Sequence as a framework aligned to the Indiana standards with supplemental materials in the following series:

SRA McGraw-Hill Social Studies

SRA McGraw-Hill Science

FOSS kits

The Core Knowledge Sequence

The Core Knowledge Sequence is detailed in the publication, "Core Knowledge Sequence." The sequence covers content in grades K-8 in language arts, American and world history, geography, visual arts, music, math and science. The Academy utilizes the Core Knowledge Sequence in American and world history, geography, visual arts, and science specifically.

A Sample of the Core Knowledge Sequence

(These excerpts represent only a very small and selective sampling. Please see the Core Knowledge Sequence (Appendix B) for additional information.)

KINDERGARTEN: VISUAL ARTS

Painting: line and color in such works as Matisse's The Purple Robe, Picasso's Le Gourmet, Mary Cassatt's The Bath, Henry O. Tanner's The Banjo Lesson, and Diego Rivera's Mother's Helper.

Sculpture: Statue of Liberty, mobiles of Alexander Calder, Northwest American Indian totem pole

FIRST GRADE: WORLD HISTORY

Early Civilizations: Ancient Egypt

Importance of the Nile River

Pharaohs, pyramids, and mummies

Animal gods

Hieroglyphics

SECOND GRADE: AMERICAN HISTORY

Civil Rights

Susan B. Anthony and the right to vote

Eleanor Roosevelt and civil rights and human rights

Mary McLeod Bethune and educational opportunity

Jackie Robinson and the integration of major league baseball

Rosa Parks and the bus boycott in Montgomery, Alabama
Martin Luther King, Jr. and the dream of equal rights for all
Caesar Chavez and the rights of migrant workers

THIRD GRADE: MATH

Fractions

Recognize fractions to one-tenth

Identify numerator and denominator

Write mixed numbers

Recognize equivalent fractions (for example, $1/2 = 3/6$)

Compare fractions with like denominators using the signs $<$, $>$, and $=$

Geometry

Identify lines as horizontal, vertical, perpendicular, parallel

Identify polygons: pentagon, hexagon, and octagon

Identify angles: right angle; four right angles in a square or rectangle

Compute area in square inches and square centimeters

FOURTH GRADE: SCIENCE

Electricity

Electricity as the flow of electrons

Static electricity

Electric current

Electric circuits: closed, open, and short circuits

Simple circuit (battery, wire, bulb, filament, switch)

Conductors and insulators

How electromagnets work

SIXTH GRADE: LANGUAGE ARTS

Fiction and Drama

Dr. Jekyll and Mr. Hyde

The Iliad and The Odyssey

Julius Caesar

The Secret Garden

Writing and Research

Write a research essay, with attention to

** asking open-ended questions*

** gathering relevant data through library and field research*

** summarizing, paraphrasing, and quoting accurately when taking notes*

** defining a thesis*

** organizing with an outline*

** integrating quotations from sources*

** acknowledging sources and avoiding plagiarism*

** preparing a bibliography*

Middle School students in grades six, seven and eight use McDougal Littell which is aligned with the Indiana Academic Standards

Language Arts, Grade 6

Language Arts, Grade 6, a course based on *Indiana's Academic Standards for English/Language Arts*, is integrated instruction *emphasizing* reading, writing, speaking and listening in interest- and age-appropriate content. Students apply skills they learned in earlier grades to make sense of longer, more challenging text. They interpret figurative language and words with multiple meanings. They examine an author's choice of words and reasonableness of statements in nonfiction works. They critique the believability of characters and plots in fiction works. They begin to read autobiographies. They read and respond to fiction selections, such as classic and contemporary literature, historical fiction, fantasy or science fiction, mystery or adventure, folklore or mythology, poetry, short stories, and dramas, and nonfiction selections, such as subject area books, biographies, magazines and newspapers, various reference or technical materials, and online information. Students self-select books of interest and read independently for enjoyment. Students apply language skills and strategies they learned in earlier grades. Using oral discussion, reading, writing, art, music, movement, and drama, students respond to fiction, nonfiction, and informational selections or reality-based experiences, multimedia presentations, and classroom or group experiences. They apply their research skills by writing or delivering reports that demonstrate the distinction between their own ideas and the ideas of others. They use simple, compound, and complex sentences to express their thoughts. They deliver oral presentations on problems and solutions and show evidence to support their views. Students also listen to literature read aloud to them and write independently for enjoyment.

Language Arts, Grade 7, a course based on Indiana's Academic Standards for English/Language Arts is integrated instruction emphasizing reading, writing, speaking and listening in interest- and age-appropriate content. Students develop advanced skills and strategies in reading. They understand comparisons, such as analogies and metaphors, and they begin to use their knowledge of roots and word parts to understand science, social studies, and mathematics vocabulary. They begin to read reviews, as well as critiques of both informational and literary writing. They read and respond to fiction selections, such as classic and contemporary literature, historical fiction, fantasy or science fiction, mystery or adventure, folklore or mythology, poetry, short stories, and dramas, and nonfiction selections, such as subject area books, biographies or autobiographies, magazines and newspapers, various reference or technical materials, and online information. . Students have quarterly novel reads and study in addition to the reading curriculum that is used as enrichment. Extended response prompts are integrated throughout the subjects and administered and scored monthly.

Language Arts, Grade 8, a course based on Indiana's Academic Standards for English/Language Arts is integrated instruction emphasizing reading, writing, speaking and listening in interest- and age-appropriate content. Students begin to study the history and development of English vocabulary. They begin to compare different types of writing as well as different perspectives on similar topics or themes. They evaluate the logic of informational texts and analyze how literature reflects the backgrounds, attitudes, and beliefs of the authors. They

read and respond to fiction selections, such as classic and contemporary literature, historical fiction, fantasy or science fiction, mystery or adventure, folklore or mythology, poetry, short stories, and dramas, and nonfiction selections, such as subject area books, biographies or autobiographies, magazines and newspapers, various reference or technical materials, and online information. Students have quarterly novel reads and study in addition to the reading curriculum that is used as enrichment. Extended response prompts are integrated throughout the subjects and administered and scored monthly.

Language Arts Differentiated Groups is a supplemental class that provides students with individualized or small group instruction designed to support success in completing language arts course work aligned with Indiana's Academic Standards for English/Language Arts in Grades 6-7-8 for English Language Arts. This class is for students who need additional support in all the language arts (reading, writing, speaking and listening). The class is also used for students who need Tier 2 and 3 interventions in English Language Arts.

Reading and Literature, Grade 6, a course based on Indiana's Academic Standards for English/Language Arts, *is integrated instruction* emphasizing *reading* (Standards 1, 2, and 3), in content that is interest- and age-appropriate. Students apply skills they learned in earlier grades to make sense of longer, more challenging text. They interpret figurative language and words with multiple meanings. They examine an author's choice of words and reasonableness of statements in nonfiction works. They critique the believability of characters and plots in fiction works. They begin to read autobiographies. They read and respond to fiction selections, such as classic and contemporary literature, historical fiction, fantasy or science fiction, mystery or adventure, folklore or mythology, poetry, short stories, and dramas, and nonfiction selections, such as subject area books, biographies, magazines and newspapers, various reference or technical materials, and online information.

Reading and Literature, Grade 7, a course based on Indiana's Academic Standards for English/Language Arts, *is integrated instruction* emphasizing reading (Standards 1, 2, and 3), in content that is interest- and age-appropriate. Students develop advanced skills and strategies in reading. They understand comparisons, such as analogies and metaphors, and they begin to use their knowledge of roots and word parts to understand science, social studies, and mathematics vocabulary. They begin to read reviews, as well as critiques of both informational and literary writing. They read and respond to fiction selections, such as classic and contemporary literature, historical fiction, fantasy or science fiction, mystery or adventure, folklore or mythology, poetry, short stories, and dramas, and nonfiction selections, such as subject area books, biographies or

autobiographies, magazines and newspapers, various reference or technical materials, and online information. Students self-select books of interest and read independently for enjoyment.

Reading and Literature, Grade 8, a course based on Indiana's Academic Standards for English/Language Arts, is integrated instruction emphasizing reading (Standards 1, 2, and 3), in content that is interest- and age-appropriate. Students begin to study the history and development of English vocabulary. They begin to compare different types of writing as well as different perspectives on similar topics or themes. They evaluate the logic of informational texts and analyze how literature reflects the backgrounds, attitudes, and beliefs of the authors. They read and respond to fiction selections, such as classic and contemporary literature, historical fiction, fantasy or science fiction, mystery or adventure, folklore or mythology, poetry, short stories, and dramas, and nonfiction selections, such as subject area books, biographies or autobiographies, magazines and newspapers, various reference or technical materials, and online information. Students self-select books of interest and read independently for enjoyment.

Mathematics – Grade 6 begins the transition from the heavy emphasis on number and operations at the elementary school level towards a more formalized understanding of mathematics that occurs at the high school level. Students connect previous knowledge of multiplication, division, and fractions to ratios and proportional relationships; extend previous understanding of the number system and operations to fractions and negative numbers; apply and extend previous understandings of the number line to plot coordinate pairs on a Cartesian plane; formalize algebraic thinking into algebraic expressions and equations; apply their previous knowledge of geometry in real-world and mathematics situations; and begin to develop understanding of statistical variability and distributions. As in all mathematics courses, the Mathematical Practice Standards apply throughout each course and, together with the content standards, prescribe that students experience mathematics as a coherent, useful, and logical subject that makes use of their ability to make sense of problem situations.

Mathematics – Grade 7 continues the trajectory towards a more formalized understanding of mathematics that occurs at the high school level that began in Grade 6. Students extend ratio reasoning to analyze proportional relationships and solve real-world and mathematical problems; extend previous understanding of the number system and operations to perform operations using all rational numbers; apply properties of operations in the context of algebraic expressions and equations; draw, construct, describe, and analyze geometrical figures and the relationships between them; apply understandings of statistical variability and distributions by using random sampling, making inferences, and investigating chance processes and probability models. As in all mathematics courses, the Mathematical Practice Standards apply throughout each course and,

together with the content standards, prescribe that students experience mathematics as a coherent, useful, and logical subject that makes use of their ability to make sense of problem situations.

Mathematics – Grade 8 continues the trajectory towards a more formalized understanding of mathematics that occurs at the high school level that was begun in Grades 6 and 7. Students extend their understanding of rational numbers to develop an understanding of irrational numbers; connect ratio and proportional reasoning to lines and linear functions; define, evaluate, compare, and model with functions; build understanding of congruence and similarity; understand and apply the Pythagorean Theorem; and extend their understanding of statistics and probability by investigating patterns of association in bivariate data. As in all mathematics courses, the Mathematical Practice Standards apply throughout each course and, together with the content standards, prescribe that students experience mathematics as a coherent, useful, and logical subject that makes use of their ability to make sense of problem situations.

Spanish introduces students to effective strategies for beginning Spanish language learning, and to various aspects of Spanish-speaking culture. This course encourages interpersonal communication through speaking and writing, providing opportunities to make and respond to basic requests and questions, understand and use appropriate greetings.

Visual Art is based on the Indiana Standards for Visual Art. Students in the middle level program build on the sequential learning experiences of the elementary program that encompass art history, criticism, aesthetics, and production. Through self-reflection, including dialogue, reading, and writing students analyze each component of their arts education as well as their own personal growth. Throughout the program, students engage in various forms of communication, utilizing a rich vocabulary and a variety of technological resources. Students continue to utilize their art knowledge and skills to make connections across the curriculum, study career options and identify skills required for each career, and use arts community resources, identifying ways to utilize and support the arts community.

Music Vocals Grade 6, 7, and 8 - Students sing a variety of repertoire expressively with attention to breath control, pitch, tone quality, diction, and posture. They sing songs with independent parts, both a cappella and accompanied, and they follow the directions of a conductor. Students play melodic, harmonic, and rhythmic parts independently or in ensembles with correct technique, steady tempo, and appropriate style and dynamics. They follow the

directions of a conductor. Students improvise accompaniments, melodies of determined length, and melodic and rhythmic variations. They invent short compositions independently and cooperatively. Students create, arrange, and perform instrumental and vocal compositions within established guidelines. Students recognize and experience music that influenced cultural trends of the past as well as that of present day cultures. They examine their own musical experiences and identify career opportunities in music related to contemporary culture. Students investigate the background of music studied and perform repertoire in a manner that reflects cultural and historical traditions

Physical Education in Grade 7 is based on the Indiana Standards for Physical Education. Students in Grade 7 physical education continue to refine complex combinations of movement in selected sports and activities. They apply more advanced strategies in physical activities and try new sports and lifetime physical activities. The focus is on meeting challenges and making decisions in the context of expanded personal responsibility. Students learn about different cultures and how they relate to the physical activities and dances of those countries. They continue to expand their knowledge of rules and strategies, sportsmanship, and cooperative skills as well as fitness concepts and the benefits of health-related fitness. Ongoing assessment includes both written and performance-based skill evaluations.

Physical Education in Grade 8 is based on the Indiana Standards for Physical Education. Students in Grade 8 physical education further refine complex motor skills and competencies in selected individual and dual lifetime physical activities, team sports, aquatics, adventure, and rhythmic activities. Students work toward achieving competence in increasingly complex physical activity contexts. They learn to apply interdisciplinary knowledge (e.g., anatomy, physics) to activity settings and focus on working as a team to solve problems. Students develop plans to enhance their own health-related physical fitness and participate in vigorous activities linked to their skills and levels of fitness. Physical activity is used as a venue for self expression and for developing positive relationships. Ongoing assessment includes both written and performance-based skill evaluations.

Is the School an Academic Success?/A Clearly Defined Rigorous Curriculum That Prepares Students to Meet State Performance Standards
--

3. Is the school implementing its educational program as described in the original charter application? Describe the educational philosophy and provide detail on the unique and innovative features in the educational program?

- a. Identify the schools philosophical approach to educating students and how the school has focused on improving student learning and outcomes.**

As the children of East Chicago prepare for productive lives, East Chicago urban Enterprise Academy will be an educational institution that extends the horizon of possibilities for their lives. Its' purpose to reach and exceed each student's potential by exploring all of their individual promise. In doing so, we will provide the opportunity for our children to achieve at the highest level. ECUEA accomplishes its goals through a rigorous and balanced curriculum. The opportunities for our children will be limitless as they realize the many rewards that come from an institution which nurtures them, encourages them and positions them to be the next generation of leaders.

We affirm that all children are educable and can succeed.

Education of all children takes place in many places

b.To ensure that the school is focused on improving student learning and outcomes practices in all classrooms support the instructional focus that is being monitored by Team Leaders and the director utilizing Charlotte Danielson's framework and focusing on domain 2 and 3. All classroom setups that support the instructional focus and materials are consistent with the proposed changes in math and reading programs. The K-8th grade schedule is coherent with hew interruptions. Teachers have more common planning times also used for results and data meetings. There are resources and staff used strategically to support the instructional focus. There is a re commitment that All school personnel is engaged in instruction. Lastly there is a re-alignment of the school's vision with instructional focus. Professional development is essential to helping our staff improve their knowledge of the subjects they teach and the way they teach. To be effective, professional development engages teachers collectively as active learners. It gives them skills to use the material in their classrooms and provide an ongoing opportunity to build knowledge. Most importantly, professional development activities are aligned with a school's focus on learning and provide training for teachers to improve instruction in the classroom.

d. Describe any modifications pertaining to the educational program that the school intends to request should it be renewed for an additional charter term.

The Academy would like to modify the curricular base to include expansion in the math and reading series from the pilot of Reading Street and Everyday Math in grades K, 1st and 3rd to total implementation Kindergarten through 5th grade.

It is a proposed goal of the ECUEA School board to extend the grade levels and educational program of the academy to include a middle school/ high school model pending the approval of the K-8 school's charter renewal.

4. Describe the plan for evaluating student academic achievement at the public charter school and the procedures for remedial action that will be used by the school when the academic achievement of a student falls below acceptable levels.

a. Provide a detailed framework of the school's assessment system, including those that are aligned to the school's curriculum framework and state performance standards.

TYPE OF ASSESSMENT	Subjects	GRADE	FREQUENCY	PURPOSE	USAGE
Norm referenced assessment: e.g. NWEA	READING LANGUAGE ARTS MATH	2 – 8	FALL, WINTER, SPRING	<ul style="list-style-type: none"> Monitor academic growth over time Measures growth on concepts from one assessment cycle to another Standardized, valid assessments Predictor of standardized assessment performance (ISTEP) 	Data from this assessment can diagnose instructional needs and placement for supplemental programs Assist in making data informed decisions at classroom and school level Identify skills and concepts that students have learned
ANNUAL STANDARDIZED TEST e.g. ISTEP	READING LANGUAGE ARTS MATH SCIENCE SOCIAL STUDIES	3 RD – 8 TH	SPRING ANNUALLY	<ul style="list-style-type: none"> Measure student achievement in English/language arts, Mathematics, science, and social studies 	Data from this assessment illustrates master of standards assessed at the end of the year. This data can be used to inform effectiveness of instruction after is has occurred but not while it is occurring. Teachers can use data from their incoming class of students to help inform readiness levels related to standards or concepts to be taught.
LAS LINKS	Reading	K-8	January*	<ul style="list-style-type: none"> To determine a student's level of English proficiency 	Data used from this assessment provides ESL ELL services and placement
INTERIM ASSESSMENT DATA: e.g. FOUNTAS AND PINNELL Teacher created, IN standards based benchmarks for MATH	READING	3 RD – 8 TH	Every 4-6 weeks	<ul style="list-style-type: none"> Evaluate student's knowledge in phonemic awareness, fluency, and comprehension 	Interim assessments allow teachers to determine mastery of new concepts introduced as well as measure growth of previous concepts taught in reading. Results from these assessments help teachers understand which concepts were mastered in that time period in order to better understand what to re-teach prior to the end of year standardized test (ISTEP)
Summative Unit Based Assessments e.g. portfolios, MC test, essay, extended response, presentation projects with rubrics	READING LANGUAGE ARTS MATH, SCIENCE SOCIAL STUDIES	K-8	Weekly or/ and end-of-unit tests	<ul style="list-style-type: none"> Evaluate student's knowledge and learning on specific skills and standards in reading, language arts, math, science, and social studies 	Results are used to determine which skills/standards to re-teach during the next unit. Teacher and grade level teams can ask specific questions related to this data such as: What concepts did students learn? How did I teach those concepts?

				<ul style="list-style-type: none"> Assists in monitoring a student's acquisition of skills/concepts learned 	Which concepts are students still struggling to learn? This data will also help determine what to re-teach
Formative Assessments Data e.g. exit tickets, student product, Socratic discussion, Study Island	READING LANGUAGE ARTS MATH ,SCIENCE SOCIAL STUDIES	K-8 th	Daily		Illustrates which specific skills taught within daily lessons were learned. Results are used to make frequent adjustments to instruction within a unit. This
IREAD-3	READING	3 rd	Spring	<ul style="list-style-type: none"> Evaluate the reading skills of grade three students 	Results from this assessment will determine the effectiveness of a school's reading plan. Student placement for the upcoming school year will also be based upon IREAD-3 results.

b. Explain the process for systematically collecting and analyzing diagnostic, formative and summative assessments. How is the information shared with the school staff and community of parents?

Assessment Type	Collection	Analysis	Communication
NWEA	<p>Data is collected from teacher reports and dynamic reports from NWEA site.</p> <p>Teacher reports are shared with teacher teams after whole class has completed entire subject test (48 hrs-72 hrs) Dynamic reports are gathered after test session is closed for school. Reports are used to determine</p> <p>Detailed reports compiled by C. Yates in addition to Dynamic reports two weeks after testing window is closed.</p>	<p>Analysis of teacher reports are done in grade level meeting with Team Leaders</p> <p>Teacher Teams set mastery and growth goals using NWEA to set targets for next test session and the school year. Action plans are developed for each student.</p>	<p>Student reports with goals are shared with parents during parent teacher conferences and mailed to those who do not attend. If students fall within 35th percentile or lower in any subject matter a parent conference must take place to discuss RTI process.</p>
ISTEP	Data is collected by school administrator via INORS system but is not shared until embargoed.	<p>Analysis by subcategory and disaggregated data is compiled by School Admin and C. Yates.</p> <p>Once scores are released to public Teachers are presented with class data and overall school performance.</p> <p>Guiding analysis questions are asked for relevancy. This is done in prior to the start of the next school year. Teacher teams can</p>	<p>Student reports are shared via the parent network which all parents can gain access. Student reports are mailed home.</p> <p>Overall performance is communicated with parents during orientation of the next school year.</p>

		also have data analysis meetings over the summer to make adjustments to instruction for summer school and the next year.	
Formative		Teachers are to develop long-term and short term plans based on results from all formative data and standards. Data from assessments such as Fountas and Pinnell is collected and compiled by Instructional Assistants and team leaders to show the class population results, levels of instruction. This information drives the guided reading instruction groups	Student teacher conferences are held to discuss their results and goal for the next session. Parents receive the results two weeks after the test session.
Summative	Reading, Math, S.S. and Science curriculum series benchmarks and assessment results are collected by grade level teams	Evaluation charts for reading End of the year benchmarks results are shared between grade levels to best determine placement and starting points for students	Results are communicated through progress reports, Report cards and weekly newsletters and communication sent by teachers

c. Outline details of your plan for intervention and remediation when students fail to demonstrate proficiency on norm-referenced and criterion-referenced assessment.

Identification of students with deficiencies on NWEA assessment

Students who fall within or below the bottom 2 quartiles in Reading and Math according to RIT and Goal Performance are considered students in need of intervention.

Action Plans are made for all students within the bottom 2 quartiles. The Action Plans target specific needs and goals for individual students. It generates strategies for teachers, students, and parents to improve student performance

They are divided into small groups of 4 to 5 students who have like performance and have small group instruction for those subcategories for 4-6 weeks

The instruction is very skill specific and the Des Cartes are used to guide the instruction. The program emphasizes direct, systematic, intensive and sustained reading and math instruction. Level assessments are given to the students. Those who show 80% mastery on the assessment progress to the next Goal.

Students who do not pass ISTEP reading and or math are eligible for Supplemental Educational Services and are placed into tutorials of their choice. With limited spaces and funding not all students receive SES tutoring and are placed on a waitlist.

The Academy conducts Tiger tutoring for reading and math for those who qualify based on assessment results and current grade performance.

Is the School an Academic Success?/Supports Special Populations to Overcome Obstacles and Barriers to High Achievement

5. How is your school effective in providing educational services and outcomes for Special Populations?

a. Describe the strategies and processes in place to ensure that your school enrolls a diverse student population. What steps do you take to retain these populations?

We make it clear to all parents interested in sending their students here that we accept all students, without reservations. This is emphasized when we have an Open House to attract new students, when we give tours to prospective families, and when we speak in our community. Our initial enrollment application asks nothing about the special needs of a student. It is not until after a student has been accepted, that we ask the parent to fill out the complete application which asks if their child receives special education services.

We are able to retain our special needs students by giving them, and their families, personalized service. We adhere to the IEP, giving appropriate accommodations, modifications, specific minutes of instruction, and any needed auxiliary services. All teachers are trained in differentiated instruction, allowing all students to experience success within the curriculum.

Special education teachers receive training beyond classroom teachers in writing appropriate IEPs, maintaining IEP compliance, use of the Indiana IEP system, and a deeper understanding of specific academic and behavioral strategies to use with their students. We encourage our special education teachers to take advantage of the many professional development opportunities available to them statewide.

b. Describe the services homeless children receive in compliance with the McKinney-Vento Act.

We feel that because our school is such a close-knit community, we are quickly aware of any specific needs of our families. Our staff interacts with parents at least twice a day-at drop-off in the morning and pick-up in the afternoon. We encourage our staff to speak with parents and get to know each one. As a result, parents feel comfortable telling us of any hardship they are experiencing.

We also ask our classroom teachers to make frequent calls to parents; we ask for a monthly phone log to be sure that is happening. We learn quickly if someone is in need, or, homeless. We have instructed our staff to let the office know immediately if a student becomes homeless so that we may take appropriate steps to ease their burden.

Once identified, the school social worker will meet with the family to offer an array of community services. The social worker will also meet privately with the student during this

difficult period. If not already receiving free lunch, breakfast and textbooks, we will move immediately to ensure that is done. If the student needs help adhering to the school dress code, we will provide that immediately as well.

We will offer a safe and quiet place before and after school for the student to receive extra academic help if this is warranted. We will look for alternative methods of transportation to ease the burden as well.

c. Describe how your school identifies students with disabilities.

Once a student is accepted, we ask the parent to fill out a complete application. Within that application we ask if the student receives special education services. If the parent checks that box, the school secretary notifies the special education staff and contacts the sending school for a complete special education file. While the new IIEP system will ease this in the future, we will continue to contact the sending school for a current, complete special education file until the entire state is on IIEP.

Any special needs student will also be flagged in Power School so that staff will be aware of potential accommodations/modifications for that student. Before the school year begins, the special education staff will begin building their caseload of students. Once school begins, or whenever the student is enrolled, the classroom teacher will receive timely notice of appropriate accommodations, modifications, and goals pertaining to each student.

Each special education teacher maintains frequent contact with the classroom teacher to plan appropriate lessons, and to work together to assure student progress on their individual goals as well as in the general education curriculum. When appropriate, the special education teacher will deliver services within the general education classroom, working and planning this with the general education teacher involved.

Our school also identifies students with disabilities through our Response To Intervention committee and framework. As the committee meets, they carefully monitor student response to interventions to discern a need for further interventions. If a student moves to a need for Tier III interventions, the committee will closely monitor the data to determine if the student should be tested for a disability. Once the need to test the student is determined, all appropriate timelines will be met and an IEP developed to ensure student success.

d. Summarize how your education program guarantees that students with disabilities are provided a free appropriate public education in the least restrictive environment.

Our goal is to have all students fully included in the general education classroom. Once identified, or upon a move-in conference, special education students are placed in the general education classroom for as much time as possible, according to their needs and testing results. If a special education student is struggling in the classroom, we will first attempt to offer help within the classroom. If still struggling, there may be a need to pull-out the student to reinforce the curriculum in a smaller setting with different strategies.

We feel all students will succeed within the general education classroom because we emphasize differentiated learning strategies within all our classrooms. We feel that in most cases, the struggling learning will improve within the general education classroom where a rich curriculum is offered.

Within the general education classroom, as well as in all special classes, recess and the lunchroom, all of our students enjoy the company of each other under adult supervision. Staff encourages students to have lunch with anyone sitting alone, or to play with anyone standing alone. Classroom teachers develop classroom projects ensuring all students will be able to be actively involved and heard.

Once the school year begins, our testing coordinator works with the special education staff to identify all accommodations and modifications for our students with disabilities. Together they work to develop a list of students who will need a different environment, or a different schedule. The list of students and accommodations will be sent to the state some time before the testing dates. Once testing begins, students with disabilities will be afforded all accommodations and modifications identified within their IEP.

It is our belief that all students will attend field trips, concerts, outings, and any convocation assemblies unless the student has made poor behavior choices resulting in a loss of these privileges. We believe this is an area of great educational benefit to our students, and we encourage all students to make the choices that will allow them to attend these activities.

e. Describe how the school identifies students from non-English speaking backgrounds.

Through our application process, or before the beginning of the school year, we will identify students from non-English speaking families. Once identified, we will administer the Home Language Survey to determine the level of need for English services. We will follow the state guidelines regarding Title III and the mandates regarding offering of services to those students identified as English Language Learners (ELL).

Those students identified as ELL, will receive the appropriate instruction services to help them attain English proficiency. We will administer LAS in the spring to those students, and will

advise the parents of the results when received. Our goal is to have all of our ELL students achieve a Level 5 on the LAS within the prescribed two years.

Is the School an Academic Success?/Promotes a Culture of Learning and Scholarship
--

6. Explain the code of behavior and discipline of the school.
--

- a. Describe the school policies regarding student behavior and discipline; include the standards of behavior and the school approach to encouraging positive behavior.

East Chicago Urban Enterprise Academy policies for behavior are broken down into a category system. These systems ensure that the consequences merit the behavior. It provides the academy with checks and balances. Category I offenses are the slightest of behavioral issues. A category I offense may be running in the hallway, chewing gum, persistent tardiness, and violation of the dress code. The discipline procedures for Category I's are notice or phone call home to parent, community service, or lunch detention and a character counts pillar reflection sheet. The next level is Category II; these offenses are more severe than category I. These offenses include but are not limited to profanity, insubordination, cheating, plagiarism, bullying, smoking, acts that obstruct the classroom learning environment. The discipline procedures for Category II's are depending on severity of behavior: after school detention, in-school suspension, out of school suspension, and community service. The most severe acts are labeled as Category III's. These acts include fighting, threatening of staff or student, theft, sexual violation, involvement in gang activity, drugs, firearms etc. The discipline procedure for these acts include; in-school suspension, out of school suspension, expulsion.

Our staff PBIS committee recently completed PBIS training. We are in our implementation stages being this our first year. The goal of PBIS is to use more positive reinforcement when dealing with behavioral situations. Along with our PBIS program our school has adopted Character Counts as part of our character education program. Each class teaches character education twice a week. This program's goal is help build better individuals and leaders of tomorrow by focusing on positive character traits.

B. Detail how these policies will create an environment for learning?

The PBIS program will give the classroom teachers more tools in the belt when dealing with behavioral issues. It will allow them to use non-aggressive tones and actions which will result in less conflict and teacher situations. It will also allow them to better service their students because the students will have a clear understanding of the classroom rules and procedures. The PBIS program is not just for the class room as well. The positive behavior we expect from our students will be taught in all corners of the building. That is part of the behavior matrix created during the training. It will allow us to teach the children what our expectations as a school look like in hallway, playground, cafeteria, assemblies and classroom. The typical confrontation style will take a back seat to a more controlled approach, while still delivering the consequence the student earned. There will be a common language spoken through the building from top administration to janitorial staff. When a staff is on one accord the expectations don't change from room to room allowing the students to settle into a more conducive learning environment.

The Character Counts program will allow classroom teachers to encourage more positive character traits into our pupils. This in its self will produce more caring and thoughtful children. When one knows better they do better. There is a lesson plan bank on the CC website that the teachers have been given access to. A character counts manual of lesson plans and other resources has been provided. Many of the upper school classes participate in Socratic discussions which allow the students the opportunity to not only have their voices heard; they can take in an opinion from another student that gives them a whole new perspective. The program is designed for all age groups so that no class with left without. Our school also has monthly school assemblies dealing with character traits. We act out many skits with the staff and students as actors. This allows the children to not only listen to those positive traits but also be apart of showcasing those positive traits. Beyond those school wide programs there is also student council which teaches those students viable lesson of responsibility and there is the pearls program. The pearls program is about empowering and enriching young women's lives.

With the number of programs our school is under it has set a tone for quality and excellence in and out of the classroom. We are building quality and outstanding young men and women.

Is the School an Academic Success?/Professional Development Supports Teachers in Continuous Educational Learning

7. How is your school providing the on-going professional learning opportunities for their staff?
--

- a. **Provide evidence of an aligned professional development plan which provides detail of how the plan has been implemented. Speak specifically to the fidelity of the implementation and supports for the plan.**

The Academy continues to have a strong commitment to systemic and on-going professional development. Professional learning opportunities are an integral part of teacher support at the Academy. All professional development at the Academy falls within three specific areas – *Curriculum, Instruction & Assessment; School Improvement & Data Analysis*, as well as *Classroom Management, Character Education & PBIS*. *Writing is our overall academic focus area that we identified for improvement through school data for the 2008-2009 school year.* Several forms of professional development are provided to teachers on an on-going basis. Every August, since 2005, the school runs a week long Summer Institute for all teachers. Also, each Wednesday from 2-4pm, the Academy has scheduled time for professional development. Wednesday's PD includes, however is not limited to, the following: outside providers coming to the school to provide training in a specific area/skill, data analysis meetings, team, grade-level, or content-area meetings/collaboration, student writing sample/grading sessions, Socratic discussions/"book talks," lesson modeling and coaching, Professional Learning Communities (PLC's), video critiques, as well as Team Leader(s) and/or the Director (and AQS Directors, Team Leaders, and Regional Managers) providing workshops in a specific area or skill. In addition, the Academy gives teachers an opportunity to attend additional professional development through the Northwest Indiana Service Center, the Middle School Conference at Valparaiso University, the Association for Supervision and Curriculum Development (ASCD), Smekens Education Solutions, etc.

The following are ECUEA's professional development goals:

Alignment with the School Improvement Plan: The Academy's Professional Development Plan is directly aligned with strategies found in the School Improvement Plan. Professional development activities were developed to enhance our educators' knowledge with one or more of the following areas: a.) Expectations, b.) Classroom Instruction, c.) Classroom Assessment, d.) Additional Assistance/Extra Help, e.) Guidance, and f.) the Learning Environment.

The following strategy titles were established after identifying *1) Achievement Goals and 2) Areas of Concern*:

- Attendance
- Curriculum Mapping
- Reading Assessment
- Reading Communication to Parents
- Teacher Expectations/Attitude
- RTI: Tiers 1, 2 & 3
- Timely Additional Assistance: Math

Effective Learning Process: Our Professional Development Plan was written with ECUEA teacher-leaders and includes activities that will help teachers develop the knowledge and skills needed to successfully implement the strategies listed in the School Improvement Plan. The plan includes a variety of formats professional development. Activities have been embedded in the school day as appropriate. The plan also includes activities designed to provide teachers with feedback over time. Finally, “strategy data” is collected for comprehensive strategies that identify the degree to which the strategy has brought about positive changes in adult practices.

Professional Growth Environment: Each strategy is supported by a “strategy chair.” Strategy chairs are responsible for one or more of the following: 1.) writing a strategy plan (with support from colleagues), 2.) Providing on-going mentoring to colleagues during the implementation of the strategy, 3.) analyzing the effectiveness of a strategy, and 4) making recommendations to the faculty as whether or not the strategy should be sustained.

Ongoing Components of Professional Development at ECUEA

Data Analysis Meetings (ISTEP & NWEA): The purpose of this professional development was to review the ISTEP results with the staff in order to identify areas for improvement and to create a plan of action for the areas of reading and math.

Character Counts: character education program designed to teach children in a manner that develops positive behavior. The purpose of this professional development is to teach the staff about the six pillars of character education and to provide teachers with materials that can be infused into the climate and daily routine of the classroom. *As a result of this PD the Academy referrals to the office has decline for the school year of 2010-2011.*

RTI: Response to Instruction: (or *Really Terrific Instruction*) is the systemic process of meeting the educational needs of all students through professional accountability to ensure:

- Delivery of scientific, research-based core curriculum and instruction
- Ongoing monitoring of student data to assess the effectiveness of instruction
- Determination and delivery of targeted and intensive individualized student supports

The purpose of these sessions is to define and establish a set of common principles of *RTI* in order to improve student learning. *RTI* focuses on how teachers will continually change and adapt their instruction to correspond to individual student needs through the use of various teaching strategies and interventions.

Curriculum Alignment & Map Calibration: Collaboratively, ECUEA Teachers thematically align assessment, curriculum, and instruction to the IN State & Common Core Standards. The object of this professional development is to allow teachers and administration to review the curriculum to check for inconsistencies, misalignments, weaknesses and gaps, as well as ensure rigor in our program. ***The goal of this PD is to improve student achievement by aligning the reading and math curriculum to the Indiana & Common Core Standards.***

PBIS: Positive Behavior Intervention Support: is a broad range of systemic & individualized strategies for achieving important social and learning outcomes while preventing problem behavior with all students. The object of this PD is for our school to set school wide expectations/consequences and school wide classroom rules, implement positive behavior reinforcement, and collect data to drive decisions regarding behavior intervention. ***As a result of this on-going PD, the number of office referrals and out of school suspensions declined for the 2010-2011 school year.***

Understanding by Design: is a framework for improving student achievement. Emphasizing the teacher's critical role as a designer of student learning, UBD works within the standards-driven curriculum to help teachers clarify learning goals, devise revealing assessments of student understanding, and craft effective and engaging learning activities. The purpose of this PD is to introduce the three-stages of "backward planning" curriculum design process anchored by a unit design template, a set of design standards, and continual training to help teachers design, edit, critique, peer- review, share, and improve their lessons and assessments. ***The goal of this PD is to ensure that teachers are designing their instruction with the end result in mind. The goal is also to enhance teachers' capacities in creating more engaging and effective learning for all students.***

Reading Street: is an elementary scientific, research-based core reading program piloted at the Academy in grades K-3. The program emphasizes reading fluency and incorporates small group instruction as well as various components to meet individual student needs. ***The purpose of this PD is to familiarize teachers with the components of this curriculum. This PD's goal is also to ensure that teachers are using various components of the curriculum efficiently and effectively.***

Everyday Math: is a comprehensive Pre-K through 6th grade mathematics curriculum developed by the University of Chicago School Mathematics Project. The object of this professional development is to familiarize teachers with this math curriculum and the strategies, interventions, and components of the program in order to build a cohesive mathematics program in grades 3-5. ***The purpose of this PD is to familiarize teachers with the components of this curriculum. This PD's goal is also to ensure***

that teachers are using various components of the curriculum efficiently and effectively.

NWEA Testing & Results: The object of this professional development is for teachers to learn how to interpret students' test results and learn how to use the reports and DesCartes to drive their small group (and whole class) instruction. ***As a result of this PD teachers learn how to interpret test results and create actions plans for that meet each student's individual needs.***

Fountas & Pinnell Benchmark Assessment: is a benchmark assessment system (BAS) linking assessment to instruction along The Continuum of Literacy Learning. Students are individually assessed in order to identify their instructional and independent reading levels (A-Z). The object of this professional development is to instruct teachers and instructional assistants on how to implement the assessment providing formative assessment information used to drive individual and small group instruction. ***The purpose of this PD is to train 3-8 Instructional Teacher Assistants to administer the assessment every 4-6 weeks.***

Six Traits of Writing: the six researched ingredients of all good writing— ideas, organization, voice, word choice, sentence fluency, and conventions. K-8th Teachers receive ongoing training in order to improve our writing program and, in essence, to develop independent writers. ***As a result of this PD the Academy's Applied Skills ISTEP Writing Process scores improved.***

ISTEP Writing Prompts/Student Writing Sample Grading Sessions: The purpose of this professional development is to have teachers evaluate student writing samples using the ISTEP rubric (grades 3 and up) and/or 6 Traits rubric (grades 1&2). ***As a result of this PD the Academy's Applied Skills ISTEP Writing Process scores improved.***

Indiana Student Achievement Institute (InSAI)/School Improvement Institute: is an *initiative* of The American Student Achievement Institute (ASAI), a non-profit organization committed to increasing the percentage of students who leave each educational level prepared for rigorous academic success at the next level. ASAI's goal is for all students to complete a postsecondary certificate or degree on time and become productive members of the global economy.

American Student Achievement Institute (ASAI) creates networks of schools and communities who 1) commit to high achievement for all students including low-income students, students of color, and first-generation college-bound students, 2) challenge and support each other as the network engages in raising student achievement, and 3) participate in a vision-based and data-driven improvement process to raise student achievement. ***ECUEA has participated in this program for 3 years and generated our School Improvement Plan for the 2011-2012 school year on 6/14/2011. Our goal is to improve student achievement at ECUEA through an extensive vision-based and data-driven process.***

Refer to the Appendix A for an aligned professional development plan.

b. Provide supporting documentation of how the professional development has impacted student achievement.

Professional development has impacted student achievement over the past 3 years. After analyzing ISTEP results from the 2007-2008 school year, we realized that English Language Arts was a deficiency for our school – particularly in the area of writing. So, we determined that our focus for academic improvement for the next 3 years would be writing. We also implemented the 6 Traits of Writing as our writing component for grades K-8.

In 2009, we became a part of the Indiana Student Achievement Institute (InSAI) initiative in order to raise student achievement and close achievement gaps. Through this Vision to Action process, academic goals were established after a thorough analysis of multiple achievement data assessments, including the ISTEP Math and ELA assessment, student's mastery of each Indiana Academic Standard, and report card grades. The ECUEA Full Faculty, Community Council (including parent representatives), and the Student Body were involved in the analysis of the achievement data. Using a consensus based decision-making model, the ECUEA Full Faculty and the Community Council identified broad academic areas of concern as a component of the InSAI school improvement process. The committees then "drilled down" the data within those areas and identified specific academic standards that, if improved, would impact the broader academic areas. Data targets were then created with numerical ISTEP goals for those specific areas and/or group of students. Of those data targets, 6 were specific to our academic focus of writing. ***The Academy met or exceeded 4 out of 6 of the ELA/Writing data targets*** that were established. The data below is evidence that our professional development academic focus of writing has been effective. The targets that were *met or exceeded* are as follows:

In 2009, ***50% of the 7th Grade Students passed ELA on ISTEP*** and in 2010, ***59% passed ELA on ISTEP***. Our target for 2011 was 62%, and ***82% of the 7th Grade Students passed ELA on ISTEP***.

In 2009, ***50% of the 7th Grade Students passed the Writing Process on ISTEP***, and in 2010, ***61% of the 7th Grade Students passed the Writing Process on ISTEP***. In 2011, ***80% of the 7th Grade Students passed the Writing Process on ISTEP***. Our target for 2011 was 62%.

In 2009, ***50% of the African-American Students passed the ELA on ISTEP***, and in 2010, ***64.2% of the African-American Students passed the ELA on ISTEP***. Our target for 2011 was 65%, and ***71.3% of the African-American Students passed the ELA on ISTEP last year***.

Finally, ***59% of All Students passed ELA on ISTEP***. In 2010, ***76.2% of All Students passed ELA on ISTEP***. In 2011, ***71.1% of All Students passed ELA on ISTEP*** and our target was 71%.

c. How are you evaluating the effectiveness of the PD and transferring its content to classroom practice?

The effectiveness of professional development at the Academy is evaluated through both formative and summative feedback. Staff feedback is provided through ECUEA Staff Development Evaluation forms, surveys, interviews, etc. There are also follow-up classroom visits and weekly walk-throughs to each teacher's classroom by the Director/Team Leaders (using checklists, rubrics, or forms). Teachers are formally evaluated (4 per year – 2 in the fall and 2 in the spring by the Director and Team Leader). The effectiveness of our professional development is also evaluated through student performance and achievement data on formative and summative assessments. Dependent upon the purpose of the staff development activity, the effectiveness of the content being transferred to classroom practice may be evaluated through follow-up classroom observations/evaluations (using rubrics), video-taping lessons (with Teacher, Director/Team Leader or team critiquing/constructive feedback), etc. Formative evaluation helps the Academy ensure that our professional development program meets the Teacher's needs and expectations, is meaningful, and that the content presented can be transferred to the classroom. The evaluation data/feedback is then used to inform and/or adjust our professional development program in order to improve its quality and overall effectiveness.

Is the school an Effective Viable Organization?/School has Strong Instructional Leadership
8. What is the plan for the Instructional Leadership and Administration of the school?

a. Clearly describe and delineate the roles and responsibilities of the school leader(s).

a. Principal –

- ✓ Attends extracurricular activities for the purpose of supporting students and staff in all school functions and ensuring continued rapport with students and staff.
- ✓ Chairs meetings for the purpose of coordinating activities and ensuring that outcomes achieve school, AQS, and/or state objectives.
- ✓ Composes a wide variety of materials for the purpose of documenting activities, providing written reference and/or conveying information.
- ✓ Delegates responsibility for a variety of administrative functions to other personnel for the purpose of managing the workload more efficiently.
- ✓ Facilitates communication between personnel, students and/or parents for the purpose of evaluating situations, solving problems and/or resolving conflicts.
- ✓ Facilitates staff development and in-service programs for all certified personnel for the purpose of developmental opportunities and educational planning and knowledge.
- ✓ Implements policies, procedures and/or processes for the purpose of providing direction and/or complying with mandated requirements.
- ✓ Manages school administrative functions for the purpose of maintaining safe and efficient school operations within district guidelines.
- ✓ Prepares and administers the budget and insures all monies collected and disbursements made are properly accounted for the purpose of meeting district budget restrictions.
- ✓ Presents information for the purpose of communicating information, gaining feedback and ensuring adherence to established internal controls.
- ✓ Represents the school within community forums for the purpose of maintaining ongoing community support for educational goals and/or assisting with issues related to school environment.
- ✓ Screens requests for materials and supplies for the purpose of determining the relationship of materials to the program, school and district standards.
- ✓ Supervises all certified and classified personnel assigned to building for the purpose of monitoring performance, providing for professional growth and achieving overall objectives of school's curriculum.

b. Team Leader

- ✓ Coordinate programs within the team
- ✓ Coordinate between own team, other teams, and other teachers
- ✓ Serve on and appoint team members to various committees
- ✓ Familiarize new teachers and substitute teachers with school programs and other pertinent information
- ✓ Responsible for the development of new approaches from within the team and for keeping up with new trends and research in education
- ✓ Schedule and conduct team meetings
- ✓ Assist in the selection of personnel
- ✓ Coordinate parent/teacher conferences and report information to appropriate administration
- ✓ Develop and maintain a high level of morale among team members
- ✓ Responsible for the care and distribution of equipment and materials
- ✓ Serve as a first recourse for team members who encounter classroom problems
- ✓ Recognize and encourage professional growth of team members
- ✓ Perform other related tasks/activities as assigned by the principal and/or designee

b. List all leadership positions (teacher and administrative) and provide related job descriptions.

- a. Principal - The job of the School Principal was established for the purpose/s of managing assigned school site operations; coordinating site activities; representing the school within the community; and addressing situations and resolving problems and/or conflicts that could negatively impact the school.
- b. Team Leader - The Team Leader is a liaison between the administration and the team of teachers. This person provides day to day oversight to a team of teachers with the primary purpose of improving instruction. (See attached job description Appendix E)
- c. Teacher – The purpose of this position is to create a flexible educational program and a class environment favorable to learning and personal growth; to establish effective rapport with Teacher students; to motivate students to develop skills, attitudes and knowledge needed to provide a good foundation for education in accordance with each student's ability; to establish good relationships with parents and other staff members. (See job description attached Appendix E)
- c. If there have been any additional roles or consolidations of roles since the original charter, please include and justify.

✓ There have been no additional leadership roles since the original charter.

d. Describe the teacher evaluation system in place. (*Appendix E*)

This school utilizes a teacher observation and evaluation system that includes several elements of the Framework for Effective Teaching. All instructional staff members are observed and evaluated in accordance with these standardized procedures and forms and with the use of a consistent observation and evaluation process. The process includes pre and post observation conferences, informal visitations and formal, written observation reports and an additional Annual Summative Performance report.

The school looks at the following types of evidence or information in the formal teacher evaluation process: formal observation, informal, walk-through observations, pre and post observation conferences, teacher work samples, the teacher Professional Development Plan, teacher self-evaluation and evaluator narrative. The school utilizes the teacher evaluation system results to plan professional development, inform teachers Professional Development Plan, to inform recommendations for continued employment, to inform teacher placement decisions. Student achievement outcomes or student growth data are addressed in the required Annual Summative Performance Report Conference in relation to each individual faculty members' Professional Growth Plan.

During the mandatory individual and personal conference required as part of the process for this Annual Summative Performance Report, topics such as student achievement and a mutually designed Professional Improvement or Growth Plan is discussed between each faculty member and his/her Principal and/or Supervisor. The formal Observation Report form and the evaluation process requires actual observations of faculty carrying out assigned instructional duties in various settings and the format for written report includes performance indicators in the four major areas of Planning and Preparation, Classroom Environment, Instruction, and Professional responsibilities.

(See attached for copies of the formal and informal walkthrough tools Appendix E)

Is the school an Effective Viable Organization?/The School has Established a Well-Functioning Organizational structure with Staff, Systems and Procedures that Allow School to Carry Out Its Academic Program

9. Is the school's governance and administration stable and effective?

9. a. At each monthly Academy Board meeting, the Board reviews the school's financial position and approves the monthly paid and payable invoices. Additionally, the director reports to the Board on several aspects of the school including enrollment, academic performance, attendance, disciplinary actions and staffing issues. Examples of Board meeting minutes and Director's reports are attached in the Appendix. (See Appendix F)

As the spring 2011 ISTEP scores became available, it was clear that an unacceptable decline in the student passing required swift Board action. The Board met with top management from American Quality Schools. As a result of that meeting, the Director of the Academy was charged with determining the cause of the poor performance and developing a corrective action plan. This plan was subsequently presented to the Academy Board at its regularly scheduled August 24th, 2011 meeting. Monthly updates on the implementation of the plan are reviewed by the Board

9. b. The Board believes its strengths lie in the following areas:

1. The Board is well diversified. Included are parents of Academy students, business professionals, stakeholders in the school's physical plant, and a representative of the cities administration. A survey conducted by Dr. Brian Carpenter prior to the board's recent governance training provides evidence of the Board's diverse skill sets and is included in the Appendix F.
2. The Board is a non-compensated Board committed to improving the education and future prospects of the Academy's students.

The Board believes the following areas require improvement:

1. The Board lacks certain disciplines and skills; specifically, backgrounds in accounting and education. We are continuing to look for new Board members to fill these needs.
2. Two Board members have students attending the Academy. We are attempting to increase this number through the search mentioned above.

3. The governance training we recently experienced taught us that as a Board we too frequently focus on how the Academy achieves outcomes instead of what is achieved. Since that training the Board is committed to disciplining ourselves during Board meetings to focus on outcomes.
4. Academy Board meetings are typically held in the school library. This room provides limited space for participation by other stakeholders in the school. A branch of the city's public library has the potential to solve this problem and being pursued.
5. Academy Board meetings are held on Wednesdays at 1:00 pm. This timing makes it difficult for working parents to participate either as observers or Board members. A trial of evening meetings is being planned beginning for next year to determine whether it will improve participation.
6. In the past the Board has been remiss in the orientation and training of new and existing Board members. We will have developed a new member orientation and training manual which will include all relevant documents by the end March, 2012.

9. c. The Academy's building owner has experienced problems related to the resolution of maintenance issues in the building. Recently the Director's Report to the Board has been expanded to include a list of outstanding maintenance issues, the action planned and the current status. An example report appears in the Appendix. (See appendix F)

An issue which arose during the last school year was the subject of permissible hairstyles. The Academy administration, at the direction of the Board, formulated a policy which was reviewed and approved by the Board. The policy appears in the Appendix. (See appendix F)

Is the school an Effective Viable Organization? /The Board has Worked Effectively to provide Oversight for the Total Educational Program to Achieve the School's Mission.
--

10. How has the Board provided fidelity and oversight for the Mission and future of the school?
--

10. a. As described earlier, the Academy Board reviews the academic and financial performance of the school at each scheduled Board meeting.

10. b. The evaluation of the school's administration is conducted by the EMO that has been in place since the school's founding.

10. c. The governance training provided through a grant from Ball State University and conducted by Dr. Brian Carpenter demonstrated the need for the Board to review its performance on an ongoing basis. With the knowledge we gained through this training, we have been become

more capable of assessing our performance during the course of our meetings. Additionally, we plan to take part in annual governance training and to hold semi-annual Board development meetings.

10. d. As described above we will engage in annual governance training in the future and self assessment meetings. Regarding new Board member training please refer to item 9. b. above.

Is the school an Effective Viable Organization? /The Board has Implemented, Maintained and Abided by Appropriate Laws, Policies, Systems and Processes.
--

11. Provide the rules and policies for governance and operation of the school.

11. a. A copy of the current by-laws is included in the Appendix. They are currently undergoing revision and will be resubmitted to Ball State University upon completion of that revision. Many of the policies that govern activities at the school are included in the student handbook (available on request). The composition of the Board along with the members' specific skill sets is included in the Appendix. (see Appendix F). Article IV Section 2 of the by-laws outlines the terms of Board members.

11. b. The copies of the Conflict of Interest policy, Compliance Statement and Conflict of Interest are included in the Appendix as requested. (See Appendix F)

11. c. The EMO has been responsible for managing the school's policies with approval from the Board of Directors.

11. d. The Academy maintains an open door policy in order to be accessible to all stakeholders.

Is the school an Effective Viable Organization? /Parents, Guardians and Students are Pleased with the School

12. How have the plans for parental and community involvement been realized?

12. How have the plans for parental and community involvement been realized?

a. How have the plans for parental and community involvement stated in the original charter application been fulfilled?

In the original charter the goals for parental and community involvement were that 100% of parents/guardians of children attending the Academy will sign a “ memorandum of understanding” with the Academy which specifies school policies, rules, regulations, school and parental rights and responsibilities. The Academy has since put into place several components to improve parental involvement:

School-Parent Compact (See Appendix G) - The school-parent compact is a written agreement between teachers and parents. It is a document that clarifies what families and schools can do to help children reach high academic standards. Every school receiving Title I funds must develop a compact. The compact serves as a clear reminder of everybody's responsibility to take action at school and at home so that children can learn what is required of them. It is a written commitment indicating how all members of a school community -- parents, teachers, principals, students, and concerned community members -- agree to share responsibility for student learning.

Parents In Action Committee – This committee meets to discuss volunteerism fund raising, and endeavors to provide opportunities to educate parents on events and issues inside and outside the Academy. This committee consists of parents and has faculty representatives. The plan and implement parent-student activities such as literacy nights and family math nights. This committee also provides computer classes and parent university events that help parents with issues from study skills for students to nutrition and health education.

Parent Involvement policy - A parent involvement policy explains how the Academy supports the important role of parents in the education of their children. The policy will cover a wide range of issues, such as:

- What the school staff will do to support parent involvement
- Parents’ rights and responsibilities
- How school staff will communicate with parents
- The school procedure for complaints and other concerns

Parent Perfect 10 volunteers - The primary goal, for implementing the required volunteer program, is to inspire successful parental participation in support of the Academy. Engaging a commitment between the school and families to serve together in tangible acts of service will benefit everyone, especially our students. In fact, research shows that parent involvement in

children's learning, strongly impacts student achievement levels. Parents receive "credit" for completing 10 or more hours in volunteerism at the Academy. Activities range from classroom assistance, lunch room monitors, to completing center materials at home for student work stations.

We have fulfilled the goal of having every parental guardian of an East Chicago Urban Enterprise Academy student sign in acknowledgement and receipt of the School Parent compact and Parent involvement policy as per their registration and entrance into the Academy.

b. Describe how family and community involvement in the school's operation relates to the fulfillment of the school's mission and overall program.

The Academy has supported the involvement of families and community in the school's operation by promoting an open door policy in the observation and assistance in the classrooms that do not interfere nor disrupt the learning environment. The Academy communicates with families about school programs and student progress through effective school-to-home and home-to-school communications. We strive to better communicate with our increasing ELL families by translating report cards, notices, and memos into the diverse languages found in the community. The Academy also provides translators at one-on-one meetings and community meetings to ensure communication is transparent to all stakeholders. Parents and guardians take part in a variety of Family Nights which include reading/literacy, math, science, and game nights.

c. Provide evidence that partnerships with educational institutions or community organizations have supported the school's mission and program.

The Academy has partnerships with the schools under AQS management in regards to providing academic competitions for students. Academy students have participated in the Academic Olympics which is a standards based competition with teams of third through 8th grade students.

The Academy is in partnership with the Purdue Calumet's Educational Talent Search program which assists in providing mainstream educational opportunities to persons from income eligible backgrounds and/or potential first generation student to complete secondary education and subsequently enroll in postsecondary institutions.

The Academy's Administration needs to expand its' community and partnership base to develop more associations that will benefit the school's students and educational programs. The Academy has partnerships with other charter schools in the areas of extra curricular activities that center around athletics. Sportsmanship and the development of positive character have long been explicit goals of school sports. A strong belief exists that sport programs have the power to promote the development of "...sportsmanlike behaviors, ethical decision-making skills, and a total curriculum for moral character development" (Stoll, 1995, p. 335) and provide a social environment to acquire personal and social values and behaviors contributing to good character

and good citizenship. These traits are the basis of the Academy's Character Education program which supports one of the Academy's foundational goals of Character development in all students.

Is the School Fiscally Sound? /School has Operated Effectively Utilizing a Long-Range Plan

13. Operating budget, past, present and future?
--

13. Operating budget, past, present, and future:

- a. Explain any significant variances between your actual financial performance and your budgeted financial performance over the last (5) years.*

East Chicago Urban Enterprise Academy has not experienced any significant variances between budgeted and actual financial performance over the last 5 years.

- b. Provide enrollment projections for the next five (5) years, including the minimum and maximum enrollment projections for each year that demonstrate financial feasibility.*

Please see Appendix H for our 5 year enrollment projections. The minimum enrollment expectation would be 85% of the projection for a given year and the maximum enrollment expectation would be no more that 110% of the projection for a given year.

- c. Describe any significant changes in revenue sources and / or in expenditure items over the next (5) years.*

While there are no significant changes projected in revenue sources.

Is the School Fiscally Sound? /The School has maintained Appropriate Internal Controls and Procedures
--

14. Describe the method for conducting annual audits of the financial, administrative and program operations of the school.
--

- a. Describe your school's purchasing and payroll procedures and identify who will have purchasing authority.*

Please see Section 12.6 of the attached AQS Policy Manual (Appendix I) for the school's purchasing procedures and Section 10.0 for the school's payroll procedures.

- b. Provide regulations/guidelines on travel, professional development activities, student field trips and reimbursement of travel expenses.*

Please see section 9.2 of the attached AQS Policy Manual (Appendix I) for the school's policies on travel, professional development, and student field trips.

c. Describe how the Board and Administration have developed and implemented an effective system to ensure responsible fiscal oversight.

AQS as the contracted agent for the Board, manages the School's finances on a day-to-day basis. AQS is financially responsible for managing the banking, petty cash, purchasing, payables, fixed assets and payroll for the School. AQS provides the Board and the established Finance Committee with monthly reports and fulfills all State reporting requirements.

The Board's treasurer deposits all school funds in the School's bank account in a timely manner and reports to the Board on a monthly basis. Prior to the release of the funds, the Board must approve all expenditures. The School uses a numbered purchase order system and fund numbers are coded on all purchase orders. Items and services, when received are verified by the appropriate administrator and submitted to the AQS accounting department for processing. The records of all financial transactions are readily available on the automated accounting system.

d. Have there been any negative audit findings and how did the Board and school develop and implement a corrective action plan?

Please see for the School's Management Response to negative findings of the most recent audit and Appendix I for the School's Corrective Action Plan relating to the most recent negative audit findings

e. Describe your process for complying with regulatory requirements when hiring independent contractors.

East Chicago Urban Enterprise Academy fully complies with all Indiana and Federal regulatory requirements when hiring any independent contractors. The Board must approve all contracts prior to execution.

Is the School Fiscally Sound? /The School has Complied with Financial Reporting Requirements

15. How has the school has demonstrated sound and viable responsibility?

How has the school demonstrated sound and viable responsibility?

a. Discuss how the school provides timely and accurate management financial reports?

The reporting of financial operations is increasingly important to the success of charter schools. Taxpayers are increasingly aware of the fact that the majority of public funds go towards financing public education. The School reports its financial information using traditional sources

as furnished by the Indiana Department of Education. The School acknowledges it is subject to a biannual audit (and review in the off-audit years), and fully cooperates in such.

In addition to the formal biannual audit, the board will avail itself to the financial information presented to it on the monthly reports provided by AQS which include: a) balance sheet, b) income statement, c) variance-to-budget report, statement of cash flow, bank reconciliation report, and a current accounts payable report. In those years when the Indiana State Board of Accounts does not audit the financial condition of the School, the Board will cause an audit (or less-costly review), conducted by a reputable auditing firm to be performed.. The Board will make its financial information available to the local press and seek to inform local media about the School's financial condition whenever practical. The School publishes its financial information each year as required

b. Describe and provide evidence of how school leadership and the Board are involved in financial decision making.

In terms of the School's budget, the process starts at the functioning level of the organization. Beginning in January, teachers and the other identified personnel are given work processing papers which will have the previous year's budget on those items directly under their control.

The teachers and the other personnel will be in a position to make their recommendations for the upcoming school year. The team leaders and the principal will also be given worksheets to make their recommendations for the upcoming year. AQS then submits to the School's Finance Committee the proposed budget. The Finance Committee reviews and may make adjustments in consultation with AQS. The budget then goes to the entire board for final approval.

In terms of expenditures, they are recommended to the principal through the administrative channel established for the School. Eventually, the request for expenditure is submitted to central administration for payment. The Board is kept informed by regular monthly reports that include the payee, the purpose of the payment, and any other data which is relevant to the payment. Each month the Board votes on the payments to all the vendors who have submitted appropriated paperwork and have been processed by the AQS staff. No expenditures are submitted to the central office without the principal's approval.

Is the School Fiscally Sound? /The School has Maintained Adequate Financial Resources to Ensure Stable Operations
--

16. Demonstrate how the school is sufficiently able to operate and manage cash flow on a daily basis.
--

a. Provide evidence that the school is fiscally solvent and that all debts are current.

Please see Attachment Appendix I for the School's most recent Balance Sheet and Income Statements that reflect the school's fiscal solvency.

b. Do you have any debts and if so what are the repayment plans and schedule?

In addition to the Common School Loan debt that ECUEA currently has (please see Appendix I for the Deferral Letter and the revised repayment schedule), the School also has a facility

renovation loan (please see Appendix I for the loan amortization schedule) and line of credit that was used for renovation and startup expenses (please see Appendix I for a copy of the line of credit schedule).

c. How do you manage your cash flow?

Each month, as part of the Board Financial Report package that is submitted to the Board by AQS, is a Statement of Cash Flow that projects the school's estimated cash flow requirements for the next four months. This Statement of Cash Flow is also reviewed with the school's principal on a monthly basis with senior AQS financial managers. It is also the basis for the purchasing decision approval process by the school's designated Account Specialist.

Is the School an Academic Success? /Reviewing the Academic Performance of Schools Supported by the EMO

17. For schools that have an affiliation with an EMO, the following questions apply.

- a. Provide a description of summary report(s) of the academic performance in English language arts and mathematics over the last three (3) years (both aggregated and disaggregated by grade) on state assessments and including the percent of students in each school who are eligible to receive free-lunch (excluding reduced-price lunch). If three years of state data are not available for a school, please also include standardized norm-referenced test results.

(Please refer to Appendix J)

- b. Provide state assessment results for the district in which the school is located.

(Please refer to Appendix J)

- c. Please provide answers to the following questions:

- i. Does the EMO have performance goals for schools it supports? If so what are they?

The Key Educational Goals

1. All students will become grade proficient in the basic skills of reading, writing, mathematical computation, computer literacy, and critical thinking/problem solving.
2. All students will develop a sense of self-worth.
3. All students will develop a sense of moral and ethical behavior.
4. All students will develop a sense of reciprocal obligation to their family, their school, and their country (citizenship).
5. All students will develop an appreciation and tolerance for various viewpoints, races, religions, and ethnic origins of our multi-cultural nation.
6. All students will develop the knowledge, skills, work attitudes, and habits which will allow them to become productive members of the American and global economy.

The Key Organizational Goals

For Teachers

1. All teachers will have a clear understanding of the AQS mission and goals.
2. All teachers will be treated with respect as professionals.
3. All teachers will view the AQS administration as having as its main purpose the help and support of them in successfully educating students.
4. All teachers will be empowered to exercise their voice in school policies.
5. All teachers will be rewarded on the basis of a fair assessment of their performance as defined by their job descriptions.
6. All teachers will participate in making AQS a true learning organization dedicated to creating and maintaining a culture of continuous improvement.

For Parents and Other Stakeholders

1. All will have a clear understanding of the vision, mission, and goals of AQS as an organization.
2. All will have access to regular and understandable information on school programs, policies, finances, and the academic achievement of students.
3. All will have reasonable open access to AQS faculty and administration.
4. All will perceive AQS as an organization that welcomes parents and community citizens as necessary partners in the work of providing a high quality education for each child.
5. All will recognize AQS as an organization that operates within the framework of high ethical standards.

- ii. What is the role of the EMO in cases where a school does not meet the academic performance goals?

Any AQS school failing to show academic growth on state assessments will:

1. Immediately report to AQS central office administrators the officially announced test results.

2. Prepare a comprehensive academic remediation plan focusing on raising academic achievement results with fifteen work days of the announcement of state test results.

3. After approval of the plan by AQS central office administration, the school principal will present the plan to the particular school's board at the next scheduled board meeting.

4. Failure to result in a determined measure of academic growth on state assessments at the school will result in the school being placed on AQS academic probation. Schools remaining on probation for a second year will result in:

a) No increased overall compensation for school administrators, teachers, or staff.

b) Individual teachers who achieve according to the AQS Performance Based reward system will be compensated for their performance

c) The AQS central office assuming the overall direction and operation of the school, including personnel assignment, as well as a reformulation and implementation of a remediation plan.

iii. Have any schools under the EMO's management been closed or not renewed? If yes, please explain. What states were they in and what year did it occur?

At the end of the last academic year, June 30, 2011, The American Quality Schools (AQS) and the charter holder of five of our Chicago K-8 Schools, Chicago International Charter School Foundation (CICS), had a discussion concerning the 5 CICS schools that AQS was managing. Two of the schools had been a part of the AQS portfolio since 1999; the others were acquired by AQS as they applied to CICS. During the last academic year, discussions were held by AQS management about our goals for the company, consequently an indication was made that CICS wished to pursue different objectives for the management of their schools. CICS decided that their objectives could be better achieved if they managed their schools in a different way; they therefore decided to create a subsidiary company of CICS to manage some of their schools.

The CICS schools operated by AQS had not only achieved a high degree of success, but one of our K-8 schools was the highest achieving elementary school in the entire Chicago charter school community and another was 4th in that same ranking. Academic performance was not an issue in their decision; CICS merely desired a different manner in which to operate the schools. Their decision was acceptable to AQS.

iv. Has the EMO ever been terminated by a school? If yes, please provide details.
No

- v. Has the EMO ever been sued by one of its schools? If yes, please provide details.
No

18. Statement of Reflection

1. Explain the need for this particular school in the community it serves and the target student population.

The East Chicago Urban Enterprise Academy was founded in 2005 by a group of concerned community leaders, parents, and educators who shared a common vision to provide all East Chicago children with a high quality education. The school was founded to improve educational opportunities for and to provide them with the tools, skills, and abilities to overcome traditional barriers to success. Toward that end, the school is committed to providing its students with a well-rounded educational program.

The East Chicago Urban Enterprise Academy meets the needs of the community in providing a quality choice for the students of East Chicago. In spite of the recent decline in ISTEP scores the Academy still out performs the neighboring public school district. The Academy continues to provide a safe environment for all of our students and staff.

2. What are the strengths of this charter school? (*Identify the strengths in each of the five (5) areas of the Performance Accountability Framework.*)

a) High Academic Attainment and Improvement

The school is working hard to develop a school-wide curriculum that is closely aligned with the IN Academic Standards and Common Core Standards. The Academy began the School Improvement process through the Indiana Student Achievement Institute in 2009. It is currently in year 2 of implementation. In 2009, we became a part of the Indiana Student Achievement Institute (InSAI) initiative in order to raise student achievement and close achievement gaps. Through this Vision to Action process, academic goals were established after a thorough analysis of multiple achievement data assessments, including the ISTEP Math and ELA assessment, student's mastery of each Indiana Academic Standard, and report card grades. The ECUEA Full Faculty, Community Council (including parent representatives), and the Student Body were involved in the analysis of the achievement data. Using a consensus based decision-making model, the ECUEA Full Faculty and the Community Council identified broad academic areas of concern as a component of the InSAI school improvement process.

b) Responsive Educational Program and Environment

When the ELA ISTEP+ scores declined in 2008, the Academy placed emphasis on writing. It was imperative that Teachers were all trained in 6traits writing and demonstrated understanding in implementation. The Academy contracted a writing coach to provide professional development in the writing program as well as in class coaching and modeling for K-8th grade ELA teachers. Subsequently, the ELA scores for the spring improved.

The Special Education program has grown and stabilized, and there is clear access to the curriculum for students with diverse learning abilities. The school's use of an inclusion approach ensures students have equal opportunities to learn. ECUEA implements a program of inclusion that is highly successful in de-stigmatizing students with special needs. For the most part, students with special needs are provided with support in their regular classrooms by special education teachers. Resource room services are provided on an as needed basis and as dictated by IEP requirements and goals. Small class size enables teachers, with the help of teacher associates, to monitor each student's success and to provide supports as needed. ECUEA SPED resource teachers operate learning centers that provide small group skills-based instruction as required through assessment of students' learning needs.

Teachers at ECUEA are engaged in curriculum planning activities in a collegial and collaborative fashion with support and guidance from the Admin staff.

ECUEA runs an after school tutorial program that provides both assistance with homework and skill development to support student learning. Changes have been made to the program so that the program now focuses on more standards based skills to address Individual Action Plans. The program is staffed by a coordinator and teachers who also work in the regular program, thereby creating a degree of continuity between students' school day and after school activities. Students also have an opportunity to participate in the Supplemental Education Services tutorial program that is facilitated by outside providers.

c) Responsible School Leadership, Governance, and Management

The School Leadership has increased accountability for learning outcomes and adjusts school initiatives and foci to reflect the higher demands. The School leadership conceptualizes roles and responsibilities with the Academy in relation to the improvement of teaching and learning. The Governing Board continues to provide support through policy development for the Academy.

d) Financial Sustainability and Internal Controls

There are internal controls in place for financial procedures. The Academy's Director works with the AQS financial department to remain within budget.

e) Strong Culture and Supportive Relationships

One of the overarching goals driving developments over the past two years has been to address student behavior issues across the campus. Data generated from the number of referrals and types of behavioral infractions noted student behavior as a developing problem at the school. The Academy has adopted the PBIS Positive Behavior Intervention System of behavior management and school culture. (See Appendix K) The Academy places emphasis on community within the school, collaboration, inclusion and support for all of our students.

3. Discuss the organizational challenges you have overcome during this charter period.

Teacher turnover presents a threat to academic student growth as well as to our resources as a school. Frequent turnover means renewed and on-going training on basic ECUEA / AQS philosophy, policies, curriculum, and teaching strategies. Since our schools attract younger teachers, regular life episodes such as marriage, childbirth, and spouse job relocation will undoubtedly continue to affect our operations. AQS will continue to build on initiatives already in place such as better salaries, increased benefits, tuition reimbursement, faculty involvement in decision-making, and other similar things, to create and sustain a workplace environment which will encourage increased long-term commitment to the organization. The AQS policy of promoting teachers from within to higher levels of responsibility is already a positive incentive in this approach.

In response to teacher licensing issues and subject matter expertise the Academy has had intermittent staff turnover in several critical areas.

We have had a lack of consistency of Regional Managerial support and guidance over the past six years. However, American Quality Schools has now reinstated quality support that will assist us in attaining our goals.

4. What changes have been or will be made as a result of your data analysis of the charter school's academic, financial and administrative performance?

The school has developed a system of internal assessments in mathematics, reading, and writing. Teachers and Administrators are working to develop an internal assessment system comprised of pre-, mid-, and post-assessments in math, reading, and writing that are aligned to ultimately reflect the rigor and expectations of IN Academic Standards and Common Core Standards.

Increased capacity is being built with the Administrative staff through month professional development and training.

In an effort to provide teachers and the school with information on student progress on an ongoing basis, a system of pre-, mid-, and post-assessments in math, reading, and writing are being developed.

5. Name the areas in which the charter school needs to improve, and briefly address how the changes proposed in the application address those areas.

Area of Concern: Student Achievement

Improved and continual data analysis on all benchmarks and assessments. Through the school improvement process the Academy will continue to look at all data and trends to identify the areas of academic concerns.

Area of Concern: Curriculum and Instruction

The Academy will continue the process of aligning the curriculum to the Indiana state standards, and Common Core Standards. We are making series changes in our reading and math curriculum to address the gaps found in the current reading series.

6. What barriers to success exist and how do you anticipate overcoming them?

Unfortunately the Academy has difficulty attracting high quality candidates in Intermediate grades with its' current pay scale. Signing bonuses and leveled salaries based on content specific subject matter are two approaches to addressing this barrier. Tuition reimbursement incentives additional staff professional development opportunities to improve teacher learning and craft

The high accountability, no tenure for the teaching staff, additional paper work and extended hours deter many candidates from Charter schools in general. The ability to invest in our effective teachers will yield more teacher leaders.

Professional Development Plan**

2011-2012

Overarching Goal: *To improve student achievement by combining the efforts of Administrators, Teachers, Parents, and Specialized Services.*

Goal	Action Steps <i>What activities will be initiated to achieve this goal?</i>	Designation <i>Who will be responsible for initiating or sustain the action steps?</i>	Timeframe <i>What is a realistic timeframe for each phase of the activity?</i>	Results <i>What evidence will you present that you are making progress toward your goal?</i>
Administrators Admin - Goal 1 By the end of 2011, Principals and Team Leaders will design effective Professional Development Activities that will increase Teacher usage of Higher Order Thinking questioning strategies in classrooms				
Admin - Goal 2 Principals and Team Leaders will ensure that 100% of the school's curriculum is vertically and horizontally aligned to the Illinois/Indiana and Common Core Standards in all	Principals and Team Leaders will: 2a) Analyze unit and lesson plans for alignment 2b) Examine textbooks and other curriculum materials for alignment 2c) Scrutinize the daily schedule to ensure its designed to maximize learning in Core subjects 2d) Assess if school policy and budget support curriculum alignment.	<ul style="list-style-type: none"> Regional Managers School leadership team members are responsible for transferring knowledge to colleagues and facilitating the implementation of new practices at the site level 	1) Initial work in June 2011 at Principal/Team Leader Meeting 2) Follow-up work started August 2011 during Director/Team Leader PD, Teacher in-service days. 3) Ongoing staff	1) Timely Curriculum Alignment Maps submitted to Regional Manager based upon approved plan. 2) Instruction in classrooms mirrors pacing guides. 3) Curriculum Mapper contains alignment maps for teachers to access

[illegible]

Team Leaders will improve the level of rigor and relevance demonstrated throughout their classrooms

Admin - Goal 6
Principals and Team Leaders will promote and monitor a data driven school culture as evidenced by

Principal and Team Leaders will:
6a) Create a Data Analysis team
6b) Schedule Data Team Meetings with teacher teams and individual teachers
6c) Learn how to disaggregate student assessment data via an item analysis.

- Regional Managers
School leadership team members are responsible for transferring knowledge to colleagues and facilitating the implementation of new practices at the site level

1) Initial work to begin in November 2011

2) Ongoing staff development

Goal

Teachers

Teachers - Goal 1
1. a. Teachers will perfect their knowledge and skills in assessment literacy including using, developing, and interpreting assessments.

Action Steps

What activities will be initiated to achieve this goal?

Teachers will be able to:

1) Use Assessment Data like NWEA, ISTEP/ISAT to analyze and develop a plan to address student instructional needs

2) Develop benchmark assessments to prepare students for state tests

3) An emphasis on assessment will be reflected in school improvement plans and individual administrator and teacher goals.

Who will be responsible for initiating or sustain the action steps?

Regional Managers
Principals
Team Leaders
Teaching and Learning Committee Members

What is a realistic timeframe for each

1) October 13, 2011
2) Ongoing staff development at all points throughout the school year

Results

What evidence will you present that you are making progress toward your goal?

- Grade level meeting/Staff Development agendas
- Increase of students who meet NWEA target
- Increased number of students who meet or exceed on the ISAT/ISTEP
- Student Writing Samples show increase mastery
- Review growth on the Dibels assessment k-2, BAS

1. b. Teachers will implement a comprehensive district benchmark assessment plan that incorporates grade, building, district, and commercial state level assessments that complement the gaps in state assessments.

4)Supervision practices will hold personnel accountable for utilizing effective assessment practices

assessments 3-8
6. Classroom walkthroughs

Teacher - Goal 2:

Teachers will create instructional activities that utilize higher order thinking skills (application, analysis, synthesis and evaluation) including instructional strategies that apply, assimilate and adapt knowledge to real-world predictive situations and to real – world unpredictable situations

Teacher - Goal 3:

Teachers will be able to:

• Regional

1) Initial work

1. Unit Plans and Lesson

Teachers will develop curriculum that identifies 21st century skills and content at grade/course levels that provides 21st learning for deeper engagement with core subjects through analysis and synthesis and engages students in learning that spans across disciplinary categories.

- | Activity | Who will be responsible for initiating or sustain the action steps? | What is a realistic timeframe for each | Results
What evidence will you present that you are making progress toward your goal? |
|---|---|---|--|
| 1) Use the Understanding By Design model in creating their Unit and Lesson Plans. | Managers
• Team Leaders
• Instructional Coaches | began in August at All Indiana professional development. | Plans will be analyzed using the UBD model |
| 2) Use essential questions to guide their instruction and assessments. | | 2) Ongoing staff development will continue at all points throughout the year. | 2. Student surveys will be implemented to collect data on curriculum satisfaction. |
| 3) Create activities and assessments that utilize technology to enhance student and improve student engagement. | | | 3. Data from NWEA/ISTEP/ISAT will be analyzed for growth. |
| 4) Use cross-curricular activities and lessons to connect core subjects and the arts. | | | |
| 5) Identify strategies and materials to support inter-disciplinary learning. | | | |

Goal

Student Services

Goal 1
Counselors, Deans and Social Workers will understand the direct connection between social/emotional issues and their impact students' academic

- | Activity | Who will be responsible for initiating or sustain the action steps? | What is a realistic timeframe for each | Results
What evidence will you present that you are making progress toward your goal? |
|--|---|--|---|
| Counselors, Deans and Social Workers will: | | | |
| 1) Gain additional insight and techniques for identifying students with social/emotional issues that may be interfering with academic performance. | • Executive Director of Student Services
• Deans, Counselors and Social Workers will be responsible for transferring knowledge on to additional administrative | 1) Initial work to begin Oct, or Nov, 2011
2) Ongoing staff development | 1) All Deans will be asked to turn in monthly data on student infractions.
2) FBA's will be turned in to Principal as they are written. They will be part of the evaluation process as well. |
| 2) Learn how to develop and maintain a functional behavioral analysis. | | | |
| 3) Begin to implement a FBA for students who repeatedly act out. | | | |

performance	staff at the school and facilitating implementation			
Goal 2 Counselors, Deans and Social Workers will learn interactive strategies for dealing with social/emotional issues				
Goal 3 Special Education teachers will learn how to develop an appropriate IEP's.	1) Special Education teachers will become aware of the role they play in RTI and how to effectively use RTI with SPED students. 2) Special Education teachers will become thoroughly knowledgeable of how to develop instructional plans for IEP's 3) SPED teachers and regular classroom teachers will learn how to effectively read and interpret IEP goals.	<ul style="list-style-type: none">• Director of Special Education Barb Huber and Case Manager Carlana Rice will be responsible for training.• SPED teachers will be responsible for transferring the knowledge to classroom teachers and ensuring correct implementation of the process	1) RTI training has been ongoing at AQS. Barb Huber and Carlana Rice will conduct further training with SPED teachers in fall of 2011. 2) Huber and Rice will conduct PD's on IEP writing and interpreting goals in Fall 2011 3) SPED teachers will transfer IEP knowledge on to classroom teachers.	1) Classroom walkthroughs regarding use of RTI. 2) Ongoing staff development and evaluations 3) Documentation of RTI with specific students.
Goal	What activities will be initiated to achieve	Who will be responsible	What is a realistic	What evidence will you present

<i>Parents</i>	<i>this goal?</i>	<i>for initiating or sustain the action steps?</i>	<i>timeframe for each phase of the activity?</i>	<i>that you are making progress toward your goal?</i>
<p>Parent Goal - 1 Schools will implement effective parent involvement activities to improve student achievement and performance.</p>	1) PD for school staff and administrators to strengthen parent involvement.	<ul style="list-style-type: none"> Director of Special Projects (AQS) 	1) One to one and a half hours	1) Follow up with the parent committees and an evaluation tool for the parents to complete for understanding on these topics and service
	2) PD about Title 1 programs and services, parent involvement opportunities, parental rights, and plan review/school performance.	<ul style="list-style-type: none"> Parent Committee at each of the schools School principal and/or in conjunction with the Parent Committee at each school 	2) One to two hours initially. Then follow up every 2 months	2) Follow up with the PAC and PTO's to get feedback and parent survey and how many parents come into the school to volunteer
	3) PD about what support services are available for students with the home-school connection to assure students' academic achievement.		3) One to two hours initially. Then follow up by newsletter each month	
	4) Meet with the Parents in Action committees and PTO's to ask to provide parents with the tools to assist in their child's learning and to show parents how they can come into the school to volunteer.		4) One meeting with communications every quarter	
<p>Parent Goal -2 Schools have a strong parent involvement base through coordinated literacy and math workshops during the academic year</p> <p>Parent Goal - 3 Parent workshops will be conducted throughout the academic year</p>				
	<p>Schools will host:</p> <p>1) Workshops on selected topics that are of interest to parents and that the schools' feel are important for parents to learn about and are aware of</p>	<ul style="list-style-type: none"> Director of Special Projects (AQS) and outside presenters on the topics selected 	1) There will be four workshops for the first year implemented	1) Parent surveys given out at the end of each workshop and feedback from the school after each workshop

Quarter 1 - Reading Foundational Skills

3.1.1.1. Know and use more difficult word families (-ight) when reading unfamiliar words

3.1.1a. Find in reading texts spelling patterns most commonly used in English Language

3.1.1.2. Read words with several syllables.

3.1.1b. Use knowledge of these spelling patterns as a strategy for figuring out an unfamiliar

word in the context of authentic texts.

CC.3.RF.3.a. (3.1.8) -- Know and apply grade-level phonics and word analysis skills in

decoding words. □

a. Identify and know the meaning of the most common prefixes and derivational suffixes

CC.3.RF.3.b. (3.1.8) -- Know and apply grade-level phonics and word analysis skills in

decoding words. ☐

b. Decode words with common Latin suffixes

CC.3.RF.3.c. -- Know and apply grade-level phonics and word analysis skills in decoding

words ☐

Decode multisyllable words

CC.3.BE.3.d – Know and apply grade-level phonics and word analysis skills in decoding

words ☐

Bead grade-appropriate irregularly spelled words

CC 3 BE 4 (3 1 3) – Read with sufficient accuracy and fluency to support comprehension [

3. Read on-level text with purpose and understanding (CC.8.N.4 (3.1.3) – Read and comprehend literary and informational texts closely, analyzing for meaning, form, and style, and assessing how the texts convey ideas and themes.)

b. Read on-level prose and poetry orally with accuracy, appropriate rate, and expression on

D. Read on-level prose ☐

successful reading. ☐

U. S. USE ONLY

3.3.3. 1a. Recognize that writers choose genres to represent their meanings in different ways.

3.3.1b Recognize forms of poems (rhyming and free verse)

3.3.1c. Recognize that some poems are radical in culture (Hakim)

3.3.1d/3.5.1c. Recognize and hypothesize about craft decisions to convey

meaning (line breaks white space punctuation metaphor/simile imagery alliteration onomatopoeia) can't hypostatize above or can contextualize a poem instead of meaning

Information (note b)

3.3.1a. Recognize that a script/drama) is meant to be performed orally (oratorically);

3.3.14. Identify and describe how formal features and organizational structures of drama/scripts

3.3.11. Identity and describe how textual features and organizational structures or devices used (setting, characters, speaker, dialogue, stage directions, scenes etc.)

are used (selling, characters, speaker, dialogue, stage direction, scenes, acts, etc.).

0042 Describe function (story) : Identify the basic story elements /disclaimer at the beginning

3.3.1g. Recognize fiction (story), identify the basic story elements

title, imaginary, point of view, speaker, narrator, main characters, main ideas, main events

setting, etc.), and describe the elements used in various stores

3.3.3.1n. Recognize literary non-fiction, identify features or non-fiction (setting, point of view,

purpose, audience, tactical, speaker, narrator

describe the features used in various works.

3.3.2a. Identify fairy tales as narratives containing

containing an element of magic or enchantment.

3.3.2b. Identify myths as tradi

be explained through science.

3.3.3.2c. Identify folktales as stories passed on orally from one generation to another.

3.3.3.2d. Identify legends as stories about real people usually with exaggerated traits

3.3.2e. Identify fables as short tales that teach moral lessons and often include animals or inanimate objects as characters.	Q1	1-1,	N	24-Oct.	Teacher made written
3.3.2f. Demonstrate knowledge of story structure to comprehend the basic plots of these genres.	Q1	Not in R.S.	Y/Supplement	24-Oct.	Weekly selection tests, Ben
3.3.3 Determine what characters are like by what they say or do and by how the author or illustrator portrays them.	Q1	1-1, 1-3, 1-4, 1-5N	N	ongoing	
3.3.4 Determine the theme or author's message in fiction and nonfiction text.	Q1	1-2, 1-3,	N	ongoing	
3.3.5a. Recognize that certain words and rhythmic patterns can be used in a selection to imitate sounds (onomatopoeia).	Q1	Not in R.S.	Y/Supplement	ongoing	
3.3.8a. Identify the problem in a piece of literature.	Q1	Not in R.S.	Y/Supplement	ongoing	
3.3.8b. Define solution as the way the problem is resolved in literature.	Q1	Not in R.S.	Y/Supplement	ongoing	
3.3.8c. Find the solution to a problem in a piece of literature.	Q1	Not in R.S.	Y/Supplement	ongoing	
CC.3.RL.1 – Ask and answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.	Q1	Not in R.S.	Y/Supplement	ongoing	
CC.3.RL.2 (3.3.4, 3.3.7) – Recount stories, including fables, folktales, and myths from diverse cultures; determine the central message, lesson, or moral and explain how it is conveyed through key details in the text.	Q1	1-2, 1-3,	N	ongoing	
CC.3.RL.3 (3.3.3) – Describe characters in a story (e.g., their traits, motivations, or feelings) and explain how their actions contribute to the sequence of events.	Q1	1-1, 1-3, 1-4, 1-5N		ongoing	
CC.3.RL.4 – Determine the meaning of words and phrases as they are used in a text, distinguishing literal from nonliteral language.	Q1	Not in R.S.	Y/Supplement	ongoing	
CC.3.RL.5 – Refer to parts of stories, dramas, and poems when writing or speaking about a text, using terms such as chapter, scene, and stanza; describe how each successive part builds on earlier sections.	Q1	Not in R.S.	Y/Supplement	ongoing	
CC.3.RL.6 (3.3.6) – Distinguish their own point of view from that of the narrator or those of the characters.	Q1	1-3,	N	ongoing	
CC.3.RL.7 – Explain how specific aspects of a text's illustrations contribute to what is conveyed by the words in a story (e.g., create mood, emphasize aspects of a character or setting).	Q1	Not in R.S.	Y/Supplement	ongoing	
CC.3.RL.9 – Compare and contrast the themes, settings, and plots of stories written by the same author about the same or similar characters (e.g., in books from a series).	Q1	Not in R.S.	Y/Supplement	ongoing	
CC.3.RL.10 – By the end of the year, read and comprehend literature, including stories, dramas, and poetry, at the high end of the grades 2-3 text complexity band independently and proficiently.	Q1	Not in R.S.	Y/Supplement	ongoing	
Quarter 1 - Reading Informational Text					
3.2.3a. Recognize that non-fiction informational texts are important resources for finding facts.	Q1	1-1, 1-3,	N	24-Oct.	Weekly selection tests, Benchmark test
3.2.3b. Investigate a question by using non-fiction informational texts to develop understanding.	Q1	1-1, 1-3	N	24-Oct.	Weekly selection tests, Ben
3.2.3c. Demonstrate knowledge of non-fiction informational text features to locate relevant information quickly and easily (skim and scan).	Q1	1-1, 1-3	N	24-Oct.	Teacher made, Weekly and benchmark
3.2.4a. Recall facts in the text.	Q1	1-3, 1-4, 1-5, 2-1N		24-Oct.	Weekly selection tests, Ben
3.2.4b. Infer facts from other text features: charts, diagrams, pictures, maps, drawings.	Q1	1-3, 1-4, 1-5, 2-1N		24-Oct.	Teacher made written
3.2.4c. Use knowledge derived from text to formulate a prediction.	Q1	1-3, 1-4, 1-5, 2-1N		24-Oct.	Weekly selection tests, Ben
3.2.4d. Revise prediction based on information gathered during text reading.	Q1	1-3, 1-4, 1-5, 2-1N		24-Oct.	Weekly selection tests, Benchmark test
3.2.6a. Understand that some informational texts can be written in narrative form (biographies, autobiography).	Q1	Not in R.S.	Y/Supplement	ongoing	
3.2.6b. Recognize that these genres account for an individual's life and times usually highlighting significant aspects that often enable a reader to live-through his/her life experiences.	Q1	1-1,	N	ongoing	

3.2.6c. Recognize the facts, including such things as the person's words, historical context, interviews with associates and family, primary source documents (i.e., photos, maps, biographies, eyewitness accounts) that have been gathered and synthesized for biographies and autobiographies.

3.2.6d. Consider the influence of a person on history and oneself after reading biographies and autobiographies.

CC.3.RI.1 (3.2.2, 3.2.3) – Ask and answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.

CC.3.RI.2 (3.2.5) – Determine the main idea of a text; recount the key details and explain how they support the main idea.

CC.3.RI.3 – Describe the relationship between a series of historical events, scientific ideas or concepts, or steps in technical procedures in a text, using language that pertains to time, sequence, and cause/effect.

CC.3.RI.4 (3.1.5) – Determine the meaning of general academic and domain-specific words and phrases in a text relevant to a grade 3 topic or subject area.

CC.3.RI.5 – Use text features and search tools (e.g., key words, sidebars, hyperlinks) to locate information relevant to a given topic efficiently.

CC.3.RI.6 – Distinguish their own point of view from that of the author of a text.

CC.3.RI.7 – Use information gained from illustrations (e.g., maps, photographs) and the words in a text to demonstrate understanding of the text (e.g., where, when, why, and how key events occur).

CC.3.RI.8 – Describe the logical connection between particular sentences and paragraphs in a text (e.g., comparison, cause/effect, first/second/third in a sequence).

CC.3.RI.9 – Compare and contrast the most important points and key details presented in two texts on the same topic.

Quarter 1 - Writing

3.4.6a./3.4.8a. Recognize that writers reread and make revisions in order to convey their meanings more effectively.

3.4.6b./3.4.8a. Compose using multiple strategies for revision (cut parts out, add parts in, move things around) in order to convey their meanings more effectively.

3.5.2a. Explain that writing comes from the accumulation of specific, concrete and factual details in the written text.

3.5.2b. Write using specific details that develop character, plot, or setting supporting readers in making a movie in their minds.

3.5.4. Use varied word choices to make writing interesting.

3.5.5a. Write for different purposes and to a specific audience or person.

CC.3.W.1 (3.4.3, 3.5.7) – Write opinion pieces on topics or texts, supporting a point of view with reasons.

CC.3.W.2 – Write informative/explanatory texts to examine a topic and convey ideas and information clearly.

CC.3.W.3 (3.5.1) – Write narratives to develop real or imagined experiences or events using effective technique, descriptive details, and clear event sequences.

CC.3.W.4 (3.4.2, 3.4.3, 3.4.7, 3.4.9) – With guidance and support from adults, produce writing in which the development and organization are appropriate to task and purpose.

CC.3.W.5 (3.4.8) – With guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, and editing.

CC.3.W.6 (3.4.5) – With guidance and support from adults, use technology to produce and publish writing (using keyboarding skills) as well as to interact and collaborate with others.

Teacher made written

CC.3.W.7 (3.5.8) – Conduct short research projects that build knowledge about a topic. □

a. Understand how to conduct shared research using various sources and tools. □

b. Examine information gathered during shared research. □

c. Discriminate between relevant and irrelevant information.

CC.3.W.8 (3.5.8) – Recall information from experiences or gather information from print and digital sources; take brief notes on sources and sort evidence into provided categories.

CC.3.W.10 – Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of discipline-specific tasks, purposes, and audiences.

Quarter 1 - Speaking and Listening

CC.3.SL.1 – Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 3 topics and texts, building on others' ideas and expressing their own clearly.

CC.3.SL.2 – Determine the main ideas and supporting details of a text read aloud or information presented in diverse media and formats, including visually, quantitatively, and orally.

CC.3.SL.3 – Ask and answer questions about information from a speaker, offering appropriate elaboration and detail.

CC.3.SL.4 – Report on a topic or text, tell a story, or recount an experience with appropriate facts and relevant, descriptive details, speaking clearly at an understandable pace.

CC.3.SL.6 – Speak in complete sentences when appropriate to task and situation in order to provide requested detail or clarification.

Quarter 1 - Language

3.6.2a. Write correctly complete Declarative sentences (statements) with end mark punctuation in writing.

3.6.2b. Write correctly complete Interrogative sentences (questions) with end mark punctuation in writing.

3.6.2c. Write correctly complete Imperative sentences (sentences of command) with end mark punctuation in writing.

3.6.2d. Write correctly complete Exclamatory sentences (sentences of exclamations) with end mark punctuation in writing.

3.6.3a. Define verb (in the predicate part of a sentence) as expressing actions, events, or states of being about the subject.

3.6.3b. Recognize that every verb has a subject and identify as who or what the verb "does."

3.6.3c. Write using subjects and verbs in agreement.

3.6.4a. Define past tense as a verb form that describes action or event that has already happened.

3.6.4b. Define present tense verb form that describes as action or event happening right now or at this time.

3.6.4c. Define future tense as verb form that describes action or event that has not yet happened.

3.6.4d. Recognize verb tenses of past, present, or future.

3.6.4e. Write using past, present, and future verb tenses conventionally.

3.6.8a. Spell correctly common one-syllable words with blends in writing and composing.

3.1.2. Read words with several syllables.

3.1.4a. Define homophones and homographs.

3.1.4b. Recognize homophones (to, two, too) and homographs in familiar text.

3.1.4c. Infer the meaning of synonyms, antonyms, homophones, and homographs by reading them in the context of authentic text.

a. Read on-level text with purpose and understanding. □	Q2	2.3,2.4,2.5,3.1	Y/Supplement	ongoing
b. Read on-level prose and poetry orally with accuracy, appropriate rate, and expression on successive readings. □	Q2	2.3,2.4,2.5,3.1	Y/Supplement	ongoing
c. Use context to confirm or self-correct word recognition and understanding, rereading as necessary.	Q2	2.3,2.4,2.5,3.1	Y/Supplement	ongoing
Quarter 2 - Reading Literature				
3.3.1a. Recognize that writers choose genres to represent their meanings in different ways.	Q2	2.4,3.2	Y/Supplement	ongoing
3.3.1b. Recognize forms of poems (rhyming and free verse).	Q2	2.4,3.2	Y/Supplement	ongoing
3.3.1c. Recognize that some poems are particular to culture (Haiku).	Q2	2.4,3.2	Y/Supplement	ongoing
3.3.1d/3.5.1c. Recognize and hypothesize about craft decisions a poet made to convey meaning (line breaks, white space, punctuation, metaphor/simile, imagery, alliteration, onomatopoeia).	Q2	2.4,3.2	Y/Supplement	ongoing
3.3.1e. Recognize that a script (drama) is meant to be performed.	Q2	2.4,3.2	Y/Supplement	ongoing
3.3.1f. Identify and describe how textual features and organizational structures of drama/scripts are used (setting, characters, speaker, dialogue, stage direction, scenes, acts, etc.).	Q2	2.4,3.2	Y/Supplement	ongoing
3.3.1g. Recognize fiction (story), identify the basic story elements (dialogue, plot, paragraph, title, imaginary, point of view, speaker, narrator, main characters, main ideas, main events, setting, etc.), and describe the elements used in various stories.	Q2	2.4,3.2	Y/Supplement	ongoing
3.3.1h. Recognize literary non-fiction, identify features of non-fiction (setting, point of view, purpose, audience, factual, speaker, narrator, main characters, main ideas, main events), and describe the features used in various works.	Q2	2.4,3.2	Y/Supplement	ongoing
3.3.1i. Determine the genre of a text by identifying its literary and structural features.	Q2	2.4,3.2	Y/Supplement	ongoing
3.3.1j. Describe how one topic is shown differently in various genres.	Q2	2.4,3.2	Y/Supplement	ongoing

3.3.8a. Identify the problem in a piece of literature.	Q2	2.3 Y/Supplement	ongoing	
3.3.8b. Define solution as the way the problem is resolved in literature.	Q2	2.3 Y/Supplement	ongoing	
3.3.8c. Find the solution to a problem in a piece of literature.	Q2	2.3 Y/Supplement	ongoing	
CC.3.RL.1 – Ask and answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.	Q2	2.3.2.4.2.5.3.1 Y/Supplement	ongoing	
CC.3.RL.2 (3.3.4, 3.3.7) – Recount stories, including fables, folktales, and myths from diverse cultures; determine the central message, lesson, or moral and explain how it is conveyed through key details in the text.	Q2	2.4.3.2.3.3.3.4 Y/Supplement	ongoing	
CC.3.RL.3 (3.3.3) – Describe characters in a story (e.g., their traits, motivations, or feelings) and explain how their actions contribute to the sequence of events.	Q2	2.3.2.5.3.2.3.4 Y/Supplement	ongoing	
CC.3.RL.4 – Determine the meaning of words and phrases as they are used in a text, distinguishing literal from nonliteral language.	Q2	Not in R.S. Y/Supplement	ongoing	
CC.3.RL.5 – Refer to parts of stories, dramas, and poems when writing or speaking about a text, using terms such as chapter, scene, and stanza; describe how each successive part builds on earlier sections.	Q2	2.3.2.4.2.5.3.1 Y/Supplement	ongoing	
CC.3.RL.6 (3.3.6) – Distinguish their own point of view from that of the narrator or those of the characters.	Q2	Not in R.S. Y/Supplement	ongoing	
CC.3.RL.7 – Explain how specific aspects of a text's illustrations contribute to what is conveyed by the words in a story (e.g., create mood, emphasize aspects of a character or setting).	Q2	Not in R.S. Y/Supplement	ongoing	
CC.3.RL.9 – Compare and contrast the themes, settings, and plots of stories written by the same author about the same or similar characters (e.g., in books from a series).	Q2	3.5 Y/Supplement	ongoing	
CC.3.RL.10 – By the end of the year, read and comprehend literature, including stories, dramas, and poetry, at the high end of the grades 2-3 text complexity band independently and proficiently.	Q2	All stories in R Y/Supplement	ongoing	
Quarter 2 - Reading Informational Text				
3.2.1a. Recognize titles, table of contents, and chapter headings as an organizational structure of informational text.	Q2	3.3 Y/Supplement	Jan. 13	Teacher made written
3.2.1b. Locate where the glossary and index are in a book.	Q2	3.3 Y/Supplement	Jan. 13	Teacher made written
3.2.1c. Explain the purpose of the glossary and index.	Q2	3.3 Y/Supplement	Jan. 13	Teacher made written
3.2.1d. Apply knowledge of the dictionary to understand the purpose and organizational structure of a glossary.	Q2	3.3 Y/Supplement	Jan. 13	Teacher made written
3.2.1e. Utilize the glossary to understand and develop vocabulary about a topic.	Q2	3.3 Y/Supplement	Jan. 13	Teacher made written
3.2.1f. Recognize the organizational structure of an index (alphabetical order, page numbers, topics and sub topics) and how these help locate topics and terms within the body of the text.	Q2	3.3 Y/Supplement	Jan. 13	Teacher made written
3.2.1g. Use the index entries and page numbers to find topics within the text.	Q2	2.3.2.4.2.5.3.1 Y/Supplement	ongoing	
3.2.4a. Recall facts in the text.	Q2	2.3.2.4.2.5.3.1 Y/Supplement	ongoing	
3.2.4b. Infer facts from other text features: charts, diagrams, pictures, maps, drawings.	Q2	2.3.2.4.2.5.3.1 Y/Supplement	ongoing	
3.2.6a. Understand that some informational texts can be written in narrative form (biographies, autobiography).	Q2	2.3.2.4.2.5.3.1 Y/Supplement	ongoing	
3.2.6b. Recognize that these genres account for an individual's life and times usually highlighting significant aspects that often enable a reader to live-through his/her life experiences.	Q2	2.3.2.4.2.5.3.1 Y/Supplement	ongoing	
3.2.6c. Recognize the facts, including such things as the person's words, historical context, interviews with associates and family, primary source documents (i.e., photos, maps, biographies, eyewitness accounts) that have been gathered and synthesized for biographies and autobiographies.	Q2	2.3.2.4.2.5.3.1 Y/Supplement	ongoing	
3.2.6d. Consider the influence of a person on history and oneself after reading biographies and autobiographies.	Q2	2.3.2.4.2.5.3.1 Y/Supplement	ongoing	

3.2.8a./3.5.6c./3.5.6d. Define facts as things that can be proven by observation, surveys, electronic resources, interview with expert, and print resources.	Q2	Not in R.S.	N-supplement	Jan. 13	Weekly selection tests, Ben
3.2.8b./3.5.6b./3.5.6c. Define that opinions reflect the writer's point-of-view.	Q2	Not in R.S.	N-supplement	Jan. 13	
3.2.8c. Analyze the causes and effects in a piece of non-fiction text.	Q2	3.1 Y/Supplement		Jan. 13	Weekly selection tests, Ben
3.2.8d. Identify the facts and opinions in a piece of non-fiction text.	Q2	Not in R.S.	N-supplement	Jan. 13	Weekly selection tests, Ben
3.2.8e. Analyze the facts and opinions in a piece of non-fiction text.	Q2	Not in R.S.	N-supplement	Jan. 13	Weekly selection tests, Ben
3.2.8f. Recognize words that signal fact or opinion such as feel, believe, always, never, none, most, least, best, and worst.	Q2	Not in R.S.	N-supplement	Jan. 13	Teacher made written
3.2.9a. Recognize how the organizational structure can support comprehension of non-fiction and informational text. (i.e., an animal book organized into categories of food, appearance, habitat; nature book organized by seasons; weather book organized by types of weather.)	Q2	Not in R.S.	N-supplement	Jan. 13	Weekly selection tests, Benchmark test
CC.3.RI.1 (3.2.2, 3.2.3) – Ask and answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.	Q2	2.3,2.4,2.5,3.1 Y/Supplement		ongoing	
CC.3.RI.2 (3.2.5) – Determine the main idea of a text; recount the key details and explain how they support the main idea.	Q2	2.3,2.5, Y/Supplement		ongoing	
CC.3.RI.3 – Describe the relationship between a series of historical events, scientific ideas or concepts, or steps in technical procedures in a text, using language that pertains to time, sequence, and cause/effect.	Q2	3.1 Y/Supplement		ongoing	
CC.3.RI.4 (3.1.5) – Determine the meaning of general academic and domain-specific words and phrases in a text relevant to a grade 3 topic or subject area.	Q2	2.3,2.4,2.5,3.1 Y/Supplement		ongoing	
CC.3.RI.5 – Use text features and search tools (e.g., key words, sidebars, hyperlinks) to locate information relevant to a given topic efficiently.	Q2	3.5 Y/Supplement		ongoing	
CC.3.RI.6 – Distinguish their own point of view from that of the author of a text.	Q2	Not in R.S.	n-supplement	ongoing	
CC.3.RI.7 – Use information gained from illustrations (e.g., maps, photographs) and the words in a text to demonstrate understanding of the text (e.g., where, when, why, and how key events occur).	Q2	2.4,2.5,3.1,3.5 Y/Supplement		ongoing	
CC.3.RI.8 – Describe the logical connection between particular sentences and paragraphs in a text (e.g., comparison, cause/effect, first/second/third in a sequence).	Q2	2.3,2.4,2.5,3.1,3.5,3.6,3.7,3.8,3.9,3.10,3.11,3.12,3.13,3.14,3.15,3.16,3.17,3.18,3.19,3.20,3.21,3.22,3.23,3.24,3.25,3.26,3.27,3.28,3.29,3.30,3.31,3.32,3.33,3.34,3.35,3.36,3.37,3.38,3.39,3.40,3.41,3.42,3.43,3.44,3.45,3.46,3.47,3.48,3.49,3.50,3.51,3.52,3.53,3.54,3.55,3.56,3.57,3.58,3.59,3.60,3.61,3.62,3.63,3.64,3.65,3.66,3.67,3.68,3.69,3.70,3.71,3.72,3.73,3.74,3.75,3.76,3.77,3.78,3.79,3.80,3.81,3.82,3.83,3.84,3.85,3.86,3.87,3.88,3.89,3.90,3.91,3.92,3.93,3.94,3.95,3.96,3.97,3.98,3.99,4.00,4.01,4.02,4.03,4.04,4.05,4.06,4.07,4.08,4.09,4.10,4.11,4.12,4.13,4.14,4.15,4.16,4.17,4.18,4.19,4.20,4.21,4.22,4.23,4.24,4.25,4.26,4.27,4.28,4.29,4.30,4.31,4.32,4.33,4.34,4.35,4.36,4.37,4.38,4.39,4.40,4.41,4.42,4.43,4.44,4.45,4.46,4.47,4.48,4.49,4.50,4.51,4.52,4.53,4.54,4.55,4.56,4.57,4.58,4.59,4.60,4.61,4.62,4.63,4.64,4.65,4.66,4.67,4.68,4.69,4.70,4.71,4.72,4.73,4.74,4.75,4.76,4.77,4.78,4.79,4.80,4.81,4.82,4.83,4.84,4.85,4.86,4.87,4.88,4.89,4.90,4.91,4.92,4.93,4.94,4.95,4.96,4.97,4.98,4.99,5.00,5.01,5.02,5.03,5.04,5.05,5.06,5.07,5.08,5.09,5.10,5.11,5.12,5.13,5.14,5.15,5.16,5.17,5.18,5.19,5.20,5.21,5.22,5.23,5.24,5.25,5.26,5.27,5.28,5.29,5.30,5.31,5.32,5.33,5.34,5.35,5.36,5.37,5.38,5.39,5.40,5.41,5.42,5.43,5.44,5.45,5.46,5.47,5.48,5.49,5.50,5.51,5.52,5.53,5.54,5.55,5.56,5.57,5.58,5.59,5.60,5.61,5.62,5.63,5.64,5.65,5.66,5.67,5.68,5.69,5.70,5.71,5.72,5.73,5.74,5.75,5.76,5.77,5.78,5.79,5.80,5.81,5.82,5.83,5.84,5.85,5.86,5.87,5.88,5.89,5.90,5.91,5.92,5.93,5.94,5.95,5.96,5.97,5.98,5.99,6.00,6.01,6.02,6.03,6.04,6.05,6.06,6.07,6.08,6.09,6.10,6.11,6.12,6.13,6.14,6.15,6.16,6.17,6.18,6.19,6.20,6.21,6.22,6.23,6.24,6.25,6.26,6.27,6.28,6.29,6.30,6.31,6.32,6.33,6.34,6.35,6.36,6.37,6.38,6.39,6.40,6.41,6.42,6.43,6.44,6.45,6.46,6.47,6.48,6.49,6.50,6.51,6.52,6.53,6.54,6.55,6.56,6.57,6.58,6.59,6.60,6.61,6.62,6.63,6.64,6.65,6.66,6.67,6.68,6.69,6.70,6.71,6.72,6.73,6.74,6.75,6.76,6.77,6.78,6.79,6.80,6.81,6.82,6.83,6.84,6.85,6.86,6.87,6.88,6.89,6.90,6.91,6.92,6.93,6.94,6.95,6.96,6.97,6.98,6.99,7.00,7.01,7.02,7.03,7.04,7.05,7.06,7.07,7.08,7.09,7.10,7.11,7.12,7.13,7.14,7.15,7.16,7.17,7.18,7.19,7.20,7.21,7.22,7.23,7.24,7.25,7.26,7.27,7.28,7.29,7.30,7.31,7.32,7.33,7.34,7.35,7.36,7.37,7.38,7.39,7.40,7.41,7.42,7.43,7.44,7.45,7.46,7.47,7.48,7.49,7.50,7.51,7.52,7.53,7.54,7.55,7.56,7.57,7.58,7.59,7.60,7.61,7.62,7.63,7.64,7.65,7.66,7.67,7.68,7.69,7.70,7.71,7.72,7.73,7.74,7.75,7.76,7.77,7.78,7.79,7.80,7.81,7.82,7.83,7.84,7.85,7.86,7.87,7.88,7.89,7.90,7.91,7.92,7.93,7.94,7.95,7.96,7.97,7.98,7.99,8.00,8.01,8.02,8.03,8.04,8.05,8.06,8.07,8.08,8.09,8.10,8.11,8.12,8.13,8.14,8.15,8.16,8.17,8.18,8.19,8.20,8.21,8.22,8.23,8.24,8.25,8.26,8.27,8.28,8.29,8.30,8.31,8.32,8.33,8.34,8.35,8.36,8.37,8.38,8.39,8.40,8.41,8.42,8.43,8.44,8.45,8.46,8.47,8.48,8.49,8.50,8.51,8.52,8.53,8.54,8.55,8.56,8.57,8.58,8.59,8.60,8.61,8.62,8.63,8.64,8.65,8.66,8.67,8.68,8.69,8.70,8.71,8.72,8.73,8.74,8.75,8.76,8.77,8.78,8.79,8.80,8.81,8.82,8.83,8.84,8.85,8.86,8.87,8.88,8.89,8.90,8.91,8.92,8.93,8.94,8.95,8.96,8.97,8.98,8.99,9.00,9.01,9.02,9.03,9.04,9.05,9.06,9.07,9.08,9.09,9.10,9.11,9.12,9.13,9.14,9.15,9.16,9.17,9.18,9.19,9.20,9.21,9.22,9.23,9.24,9.25,9.26,9.27,9.28,9.29,9.30,9.31,9.32,9.33,9.34,9.35,9.36,9.37,9.38,9.39,9.40,9.41,9.42,9.43,9.44,9.45,9.46,9.47,9.48,9.49,9.50,9.51,9.52,9.53,9.54,9.55,9.56,9.57,9.58,9.59,9.60,9.61,9.62,9.63,9.64,9.65,9.66,9.67,9.68,9.69,9.70,9.71,9.72,9.73,9.74,9.75,9.76,9.77,9.78,9.79,9.80,9.81,9.82,9.83,9.84,9.85,9.86,9.87,9.88,9.89,9.90,9.91,9.92,9.93,9.94,9.95,9.96,9.97,9.98,9.99,10.00,10.01,10.02,10.03,10.04,10.05,10.06,10.07,10.08,10.09,10.10,10.11,10.12,10.13,10.14,10.15,10.16,10.17,10.18,10.19,10.20,10.21,10.22,10.23,10.24,10.25,10.26,10.27,10.28,10.29,10.30,10.31,10.32,10.33,10.34,10.35,10.36,10.37,10.38,10.39,10.40,10.41,10.42,10.43,10.44,10.45,10.46,10.47,10.48,10.49,10.50,10.51,10.52,10.53,10.54,10.55,10.56,10.57,10.58,10.59,10.60,10.61,10.62,10.63,10.64,10.65,10.66,10.67,10.68,10.69,10.70,10.71,10.72,10.73,10.74,10.75,10.76,10.77,10.78,10.79,10.80,10.81,10.82,10.83,10.84,10.85,10.86,10.87,10.88,10.89,10.90,10.91,10.92,10.93,10.94,10.95,10.96,10.97,10.98,10.99,11.00,11.01,11.02,11.03,11.04,11.05,11.06,11.07,11.08,11.09,11.10,11.11,11.12,11.13,11.14,11.15,11.16,11.17,11.18,11.19,11.20,11.21,11.22,11.23,11.24,11.25,11.26,11.27,11.28,11.29,11.30,11.31,11.32,11.33,11.34,11.35,11.36,11.37,11.38,11.39,11.40,11.41,11.42,11.43,11.44,11.45,11.46,11.47,11.48,11.49,11.50,11.51,11.52,11.53,11.54,11.55,11.56,11.57,11.58,11.59,11.60,11.61,11.62,11.63,11.64,11.65,11.66,11.67,11.68,11.69,11.70,11.71,11.72,11.73,11.74,11.75,11.76,11.77,11.78,11.79,11.80,11.81,11.82,11.83,11.84,11.85,11.86,11.87,11.88,11.89,11.90,11.91,11.92,11.93,11.94,11.95,11.96,11.97,11.98,11.99,12.00,12.01,12.02,12.03,12.04,12.05,12.06,12.07,12.08,12.09,12.10,12.11,12.12,12.13,12.14,12.15,12.16,12.17,12.18,12.19,12.20,12.21,12.22,12.23,12.24,12.25,12.26,12.27,12.28,12.29,12.30,12.31,12.32,12.33,12.34,12.35,12.36,12.37,12.38,12.39,12.40,12.41,12.42,12.43,12.44,12.45,12.46,12.47,12.48,12.49,12.50,12.51 - CC.3.W.4 (3.4.2, 3.4.3, 3.4.7, 3.4.9) – With guidance and support from adults, produce writing in which the development and organization are appropriate to task and purpose.
- CC.3.W.5 (3.4.8) – With guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, and editing.
- CC.3.W.6 (3.4.5) – With guidance and support from adults, use technology to produce and publish writing (using keyboarding skills) as well as to interact and collaborate with others.
- CC.3.W.7 (3.5.8) – Conduct short research projects that build knowledge about a topic. □
- a. Understand how to conduct shared research using various sources and tools. □
- b. Examine information gathered during shared research. □
- c. Discriminate between relevant and irrelevant information.
- CC.3.W.8 (3.5.8) – Recall information from experiences or gather information from print and digital sources; take brief notes on sources and sort evidence into provided categories.
- CC.3.W.10 – Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of discipline-specific tasks, purposes, and audiences.
- Quarter 2 - Language**
- 3.1.4 Determine the meanings of words using knowledge of synonyms (words with the same meaning), antonyms (words with opposite meanings), homophones (words that sound the same but have different meanings and spellings), and homographs (words that are spelled the same but have different meanings).
- 3.6.4a. Define past tense as a verb form that describes action or event that has already happened.
- 3.6.4b. Define present tense verb form that describes as action or event happening right now or at this time.
- 3.6.4c. Define future tense as verb form that describes action or event that has not yet happened.
- 3.6.4d. Recognize verb tenses of past, present, or future.
- 3.6.4e. Write using past, present, and future verb tenses conventionally.
- 3.6.5a. Define pronouns as words that can replace nouns.
- 3.6.5b. Write using pronouns conventionally.
- 3.6.5c. Write using adjectives that describe or modify (compare) the subject.
- 3.6.5d. Write using compound nouns/compound words.
- 3.6.5e. Define articles as words that can be descriptors of a noun such as a, an, the.
- 3.6.5f. Write using articles conventionally.
- 3.6.6a. Use conventional form of commas in dates, locations, and addresses.
- 3.6.6b. Write using commas in a series (list).
- 3.6.7a. Write using correct capitalization in geographical names, holidays, historical periods, and special events.
- 3.6.8a. Spell correctly common one-syllable words with blends in writing and composing.
- 3.6.8b. Spell correctly contractions remembering the apostrophe in writing and composing.
- 3.6.8c. Spell correctly compound words knowing that two words make a contraction in writing and composing.
- 3.6.8d. Spell correctly using common spelling patterns in writing and composing.
- 3.6.8e. Spell correctly some common homophones in writing and composing.
- 3.6.9a. Classify words in alphabetical order.
- CC.3.L.1.a. – Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. □
- a. Explain the function of nouns, pronouns, verbs, adjectives, and adverbs in general and their functions in particular sentences.

CC.3.L.1.b. – Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. □					
b. Form and use regular and irregular plural nouns.					
CC.3.L.1.c. – Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. □					
c. Use abstract nouns (e.g., childhood).					
CC.3.L.1.d. – Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. □					
d. Form and use regular and irregular verbs.					
CC.3.L.1.e. – Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. □					
e. Form and use the simple (e.g., I walked; I walk; I will walk) verb tenses.					
CC.3.L.2.a. – Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. a. Capitalize appropriate words in titles.	Q2	all writing	unit V/Supplement	Jan. 13	Teacher made written
CC.3.L.2.b. – Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. b. Use commas in addresses.	Q2	all writing	unit V/Supplement	ongoing	
CC.3.L.2.c. Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. c. Use commas and quotation marks in dialogue.	Q2	all writing	unit V/Supplement	Jan. 13	Teacher made written
CC.3.L.2.e. Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. e. Use conventional spelling for high-frequency and other studied words and for adding suffixes to base words (e.g., sitting, smiled, cries, happiness).	Q2	all writing	unit V/Supplement	Jan. 13	Teacher made written
CC.3.L.2.f. – Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. f. Use spelling patterns and generalizations (e.g., word families, position-based spellings, syllable patterns, ending rules, meaningful word parts) in writing words. □	Q2	all writing	unit V/Supplement	ongoing	
CC.3.L.2.g. – Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. g. Consult reference materials, including beginning dictionaries, as needed to check and correct spellings.	Q2	all writing	unit V/Supplement	ongoing	
CC.3.L.4.a. (3.1.6) – Determine or clarify the meaning of unknown and multiple-meaning word and phrases based on grade 3 reading and content, choosing flexibly from a range of strategies. □					
a. Use sentence-level context as a clue to the meaning of a word or phrase.	Q2	2.3.2.4.2.5.3.1 V/Supplement		ongoing	
CC.3.L.5.a. – Demonstrate understanding of word relationships and nuances in word meanings. □					
a. Distinguish the literal and nonliteral meanings of words and phrases in context (e.g., take steps).	Q2	all writing	unit V/Supplement	ongoing	
CC.3.L.5.b. – Demonstrate understanding of word relationships and nuances in word meanings. □					
b. Identify real-life connections between words and their use (e.g., describe people who are friendly or helpful).	Q2	all writing	unit V/Supplement	ongoing	
Quarter 3 - Reading Foundational Skills					
3.1.1a. Find in reading texts spelling patterns most commonly used in English Language.					
3.1.1b. Use knowledge of these spelling patterns as a strategy for figuring out an unfamiliar word in the context of authentic texts.					
3.1.4a Define homophones and homographs.					
3.1.4b Recognize homophones (to, two, too) and homographs in familiar text.					
3.1.4c Infer the meaning of synonyms, antonyms, homophones, and homographs by reading them in the context of authentic text.					

- CC.3.RF.3.a. (3.1.8) – Know and apply grade-level phonics and word analysis skills in decoding words. □
- a. Identify and know the meaning of the most common prefixes and derivational suffixes.
- CC.3.RF.3.b. (3.1.8) – Know and apply grade-level phonics and word analysis skills in decoding words. □
- b. Decode words with common Latin suffixes.
- CC.3.RF.3.c. – Know and apply grade-level phonics and word analysis skills in decoding words. □
- c. Decode multisyllable words.
- CC.3.RF.3.d. – Know and apply grade-level phonics and word analysis skills in decoding words. □
- d. Read grade-appropriate irregularly spelled words.
- CC.3.RF.4 (3.1.3) – Read with sufficient accuracy and fluency to support comprehension. □
- a. Read on-level text with purpose and understanding. □
- b. Read on-level prose and poetry orally with accuracy, appropriate rate, and expression on successive readings. □
- c. Use context to confirm or self-correct word recognition and understanding, rereading as necessary.

Quarter 3 - Reading Literature

- 3.3.1a. Recognize that writers choose genres to represent their meanings in different ways.
- 3.3.1b. Recognize forms of poems (rhyming and free verse).
- 3.3.1c. Recognize that some poems are particular to culture (Haiku).
- 3.3.1d/3.5.1c. Recognize and hypothesize about craft decisions a poet made to convey meaning (line breaks, white space, punctuation, metaphor/simile, imagery, alliteration, onomatopoeia).
- 3.3.1e. Recognize that a script (drama) is meant to be performed.
- 3.3.1f. Identify and describe how textual features and organizational structures of drama/scripts are used (setting, characters, speaker, dialogue, stage direction, scenes, acts, etc.).
- 3.3.1g. Recognize fiction (story), identify the basic story elements (dialogue, plot, paragraph, title, imaginary, point of view, speaker, narrator, main characters, main ideas, main events, setting, etc.), and describe the elements used in various stories.
- 3.3.1h. Recognize literary non-fiction, identify features of non-fiction (setting, point of view, purpose, audience, factual, speaker, narrator, main characters, main ideas, main events), and describe the features used in various works.
- 3.3.1i. Determine the genre of a text by identifying its literary and structural features.
- 3.3.1j. Describe how one topic is shown differently in various genres.
- 3.3.2a. Identify fairy tales as narratives containing a far-fetched sequence of events usually containing an element of magic or enchantment.
- 3.3.2b. Identify myths as traditional stories from the past that explain something that could not be explained through science.
- 3.3.2c. Identify folktales as stories passed on orally from one generation to another.
- 3.3.2d. Identify legends as stories about real people usually with exaggerated traits.
- 3.3.2e. Identify fables as short tales that teach moral lessons and often include animals or inanimate objects as characters.
- 3.3.2f. Demonstrate knowledge of story structure to comprehend the basic plots of these genres.
- 3.3.3 Determine what characters are like by what they say or do and by how the author or illustrator portrays them.

3.3.4 Determine the theme or author's message in fiction and nonfiction text.

3.3.8a. Identify the problem in a piece of literature.

3.3.8b. Define solution as the way the problem is resolved in literature.

3.3.8c. Find the solution to a problem in a piece of literature.

CC.3.RL.1 – Ask and answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.

CC.3.RL.2 (3.3.4, 3.3.7) – Recount stories, including fables, folktales, and myths from diverse cultures; determine the central message, lesson, or moral and explain how it is conveyed through key details in the text.

CC.3.RL.3 (3.3.3) – Describe characters in a story (e.g., their traits, motivations, or feelings) and explain how their actions contribute to the sequence of events.

CC.3.RL.4 – Determine the meaning of words and phrases as they are used in a text, distinguishing literal from nonliteral language.

CC.3.RL.5 – Refer to parts of stories, dramas, and poems when writing or speaking about a text, using terms such as chapter, scene, and stanza; describe how each successive part builds on earlier sections.

CC.3.RL.6 (3.3.6) – Distinguish their own point of view from that of the narrator or those of the characters.

CC.3.RL.7 – Explain how specific aspects of a text's illustrations contribute to what is conveyed by the words in a story (e.g., create mood, emphasize aspects of a character or setting).

CC.3.RL.9 – Compare and contrast the themes, settings, and plots of stories written by the same author about the same or similar characters (e.g., in books from a series).

CC.3.RL.10 – By the end of the year, read and comprehend literature, including stories, dramas, and poetry, at the high end of the grades 2-3 text complexity band independently and proficiently.

Quarter 3 - Reading Informational Text

3.2.1a. Recognize titles, table of contents, and chapter headings as an organizational structure of informational text.

3.2.1b. Locate where the glossary and index are in a book.

3.2.1c. Explain the purpose of the glossary and index.

3.2.1d. Apply knowledge of the dictionary to understand the purpose and organizational structure of a glossary.

3.2.1e. Utilize the glossary to understand and develop vocabulary about a topic.

3.2.1f. Recognize the organizational structure of an index (alphabetical order, page numbers, topics and sub topics) and how these help locate topics and terms within the body of the text.

3.2.1g. Use the index entries and page numbers to find topics within the text.

3.2.4a. Recall facts in the text.

3.2.4b. Infer facts from other text features: charts, diagrams, pictures, maps, drawings.

3.2.4c. Use knowledge derived from text to formulate a prediction.

3.2.4d. Revise prediction based on information gathered during text reading.

3.2.6c. Recognize the facts, including such things as the person's words, historical context, interviews with associates and family, primary source documents (i.e., photos, maps, biographies, eyewitness accounts) that have been gathered and synthesized for biographies and autobiographies.

3.2.6d. Consider the influence of a person on history and oneself after reading biographies and autobiographies.

CC.3.RI.1 (3.2.2, 3.2.3) – Ask and answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.

<p>concept that a student may be below grade level in one subject at the same time as being above grade level in another subject.</p>	<p>Flexible grouping allows students to be appropriately challenged and avoids labeling a student's readiness as static. Students should not be kept in a static group for any particular subjects as their learning will probably accelerate from time to time.</p> <p>Even highly talented students can benefit from flexible grouping. Often they benefit from work with intellectual peers, while occasionally in another group they can experience being a leader. In either case peer-teaching is a valuable strategy for group-work.</p>	<p>Teacher Created Assessments Easy CBM</p>	<p>10/7/2011 Ongoing Monthly monitoring of skills to mastery. More frequent (2-6) weeks for Tier 2&3 after RTI process has been initiated.</p>	
<p>Teacher Quality</p> <p>The 6 new to ECUEA staff members will be partnered with ECUEA staff member to receive coaching on an ongoing basis</p> <p>*Mentoring – A series of mentoring sessions for new teachers will be provided by the ECUEA Support Team on a monthly basis. The mentoring sessions will focus on the 4 areas listed below:</p> <ul style="list-style-type: none"> o Research based instructional strategies o Data analysis o Classroom management/routines o Differentiated instruction <p>Reduce teacher turnover</p> <p>Retain Highly Effective teachers</p>	<p>Observations/Shadowing Master Teachers Weekly Check-ins Monthly Mentor Meetings</p> <p>Provide support in areas of need (ie. Coaching, modeling lesson, grade level planning meetings)</p> <p>Build Professional Learning Communities</p> <p>Offer Beginning teacher supports</p>	<p>Walkthroughs Action Plan for teachers to retain Action Plan for remediation</p> <p>Evaluation forms of PD and Subject/Content deliverables Exit Interviews</p>	<p>Monthly monitoring</p> <p>Weekly September 30, 2011</p>	<p>Mentors/Team leaders/Director</p> <p>Team Leaders/ Director</p> <p>Teachers Team Leaders</p>

Utilize test data to target and move 35 th percentile and at-risk students	Over the summer Teachers will conference with Admin team to review NWEA and ISTEP10 th data, identify students for flexible groupings, pullout groups and Title I SES program tutoring. Action plans will be developed.	NWEA Spring 2011 ISTEP 10 th	By September 15 th after new data from the Fall NWEA scores and reports 1/27/2012	
Direct instruction will be differentiated and (tiered)	Q1. Instruction – Tiered Assignments: Tiered activities are a series of related tasks of varying complexity. All of these activities relate to essential understanding and key skills that students need to acquire. Teachers assign the activities as alternative ways of reaching the same goals taking into account individual student needs.	Q1. Instruction: During weekly informal observations <ul style="list-style-type: none"> Team Leaders and Admin will also focus on specific elements of UBD and predetermined Instruction Domains. 	Instruction Scheduled bi-weekly informal walk-throughs and 3 Formal Evaluation	K-8 Teachers Admin Team
Assessment Kindergarten: <ul style="list-style-type: none"> 85% of all students will master their NWEA MAP for Primary grades screener tests by the final benchmark assessment for each strand 1 st – 2 nd Grade: <ul style="list-style-type: none"> As compared to data from the fall assessment, teachers will increase the number of students on green in each strand by 15%, with an ultimate goal of 85% by the spring benchmark 	Q1. K-2nd Grade <ul style="list-style-type: none"> By Oct. 1st, teachers will administer the SKILLS/SCREENER TESTS and create SKILLS/SCREENER TESTS tracking folders. These folders will be updated monthly based on results of progress monitoring. Each month SKILLS/SCREENER TESTS data will be administered and used to plan, adjust and implement small group instruction and centers. Teachers will administer running records every two to six weeks, based on students' individual needs. Teachers will administer a sight-word checklist every two to six weeks, based on students' individual needs. First and second grade teachers will provide fluency passages as homework or class work on a weekly basis. By Oct. 2nd, individual student data will be communicated to families. Each classroom will contain a data area that will state the class goals and represent students' progress toward those goals. The area will also include students' action plans (see below). By Sept 28th, teachers will provide the whole class and individuals with feedback on their data in reference to their progress toward established goals. 	Actual MAP primary skills/Screener test(s)	October 17, 2011	Teachers Team Leader Students
3 rd -8 th —By the May 2012 NWEA assessment, 55% of students will have reached their Reading end-of-year growth goal and 58% of students will have reached their Math end-of-year growth goal.	3rd-8th Grade <ul style="list-style-type: none"> By September 30th, teachers will set mid-year growth goals and end-of-year goals for each student as well as a class average. These goals will meet or exceed the growth goals. By Sept 30th, teachers will provide the whole class and individuals with feedback on their data in reference to their progress toward established goals. Each grade level (K-5) and Each class (6-8) will contain a data wall that will state the class goals and represent students' progress toward those goals. The action plans will also be housed in each class. By Oct 14th, students will write an action plan detailing what they need to do in order to reach their goal on the next benchmark assessment. These goals will become part of the action plans, and will be given back to students to review prior to the next benchmark test. By Oct. 28th, individual student data will be communicated 	Action Plans developed by Teachers and Students NWEA Fall assessment		Teachers

Monitoring to be done by Team Leaders

<p>3rd-8th ISTEP: ECUEA's school wide goal is to increase the composite score in reading, math by an average of 6 points during the 2011-2012 school year.</p> <ul style="list-style-type: none"> When the individual ISTEP scores arrive, students will be given their individual scores from the 2010-2011 school year and they will set goals for the 2011-2012 school year. Teachers will be engaged in weekly grade level meetings with instructional foci around identified differentiated instruction practices as well as 20 Wednesday instructional PD prior 			
<p>to families. Letters will be sent home including the student's current RIT, whether or not his/her goal was met, and a comparison to grade level norms.</p> <ul style="list-style-type: none"> Teachers will use data from the fall assessments (skill strand ranges and the Descartes Matrix) to plan, adjust and implement small group instruction. Centers activities will focus on skills from the Descartes Matrix that have not been mastered or that need to be reviewed. <p>Q2.</p> <p>K-2nd Grade</p> <ul style="list-style-type: none"> SKILLS/SCREENER TESTS tracking folders will be updated monthly based on results of progress monitoring. FOCUS OUTCOMES

1. By February 2012, 100% of AQS 3rd Grade students will achieve mastery of 0-11 multiplication facts. Mastery is determined by 95-97% accuracy of each set of tables.
2. As indicated in Reading &/or Math, based on NWEA baseline scores, 100% of the top quartile students in each school will grow by at least one year by May 2012.
3. In Fall 2011 for all AQS schools, all admin teams will meet with 100% of parents/guardians of students performing at the 35th percentile in Reading &/or Math to discuss an RTI plan that will be implemented during the traditional school day and complete home action contracts directly related to sub skill deficits to ensure student improvement over time. These students will automatically become Tier II students along the RTI continuum and begin receiving an additional 30 minutes of instruction per subject area per week during the traditional school day.
4. In Winter 2012, 100% of students who have not experienced growth since Fall 2011 will be placed on a teacher created, Team Leader approved, action contract which addresses their sub skill deficits. Teachers must produce evidence of contract implementation through the Spring 2012 NWEA Testing Cycle. 100% of these students must experience $\frac{3}{4}$ year of growth at the end of the 2012 Spring NWEA Testing Cycle.
5. 100% of students in all AQS schools will achieve growth in extended response/applied skills in Reading and Math on ISAT/ISTEP during Spring 2012 testing.
6. 100% of all AQS schools will achieve their 2011-2012 NWEA targets in Reading & Math as indicated on the AQS NWEA Target Matrix.
7. 100% of AQS schools will participate in Character Counts and Character Education
8. 100% of AQS schools will create and implement curriculum alignment maps that are aligned to the Common Core/State Standards and school based resources for all grade levels served.

EVIDENCE

Report progress on all focus outcomes in monthly Regional Manager Results meeting. Quarterly evidence of student work related to multiplication fact mastery.

1. Multiplication plan due mid-September 2011. Evidence of student work due Nov., Jan., Mar
2. Top quartile plan due mid-October 2011. Evidence of student work due Dec., Feb., and Apr.
3. Submission of agenda for Fall &/or Winter Parent Meetings and Excel Template of student population & parent signatures, copy of certified mail & letter for parents who did not attend; sample action contract and RTI plan.

4. Submission of sample action contract & Excel template of relevant student population with Team Leader approval documentation; evidence of student work monthly beginning in Feb. 2012.
5. Submission of extended response plan at the end of September 2011. Evidence of student work Oct., Dec., Feb., Apr., and June.
6. All other evidence of efforts to meet this target; Jan. & May NWEA Testing will serve as benchmark toward analysis of the focus outcome.
7. By September 1st, all administrators, faculty and staff will be introduced and trained in Character Counts! All AQS schools will schedule character education twice per week for 30-45 minutes at each grade level. Character education will be taught in a separate, concentrated effort, other than within the subject of the class period during which it is being held. By mid-year, all schools will have incorporated at least one of the marketing suggestions from the sheet ***Making Character Counts! A Part of Your School***. By the end of the 2011-2012 academic year, students at all grade levels will be able to identify the six pillars of character, what the colors stand for, and the meaning of each pillar.
8. Submission of detailed school wide action plan that outlines school based activities including deliverables to Regional Managers by September 1st.

SCHOOL PRINCIPAL

Purpose Statement

The job of the School Principal was established for the purpose/s of managing assigned school site operations; coordinating site activities; representing the school within the community; and addressing situations and resolving problems and/or conflicts that could negatively impact the school.

RESPONSIBILITIES/ESSENTIAL FUNCTIONS:

- Attends extracurricular activities for the purpose of supporting students and staff in all school functions and ensuring continued rapport with students and staff.
- Chairs meetings for the purpose of coordinating activities and ensuring that outcomes achieve school, AQS, and/or state objectives.
- Composes a wide variety of materials for the purpose of documenting activities, providing written reference and/or conveying information.
- Delegates responsibility for a variety of administrative functions to other personnel for the purpose of managing the workload more efficiently.
- Facilitates communication between personnel, students and/or parents for the purpose of evaluating situations, solving problems and/or resolving conflicts.
- Facilitates staff development and in-service programs for all certified personnel for the purpose of developmental opportunities and educational planning and knowledge.
- Implements policies, procedures and/or processes for the purpose of providing direction and/or complying with mandated requirements.
- Manages school administrative functions for the purpose of maintaining safe and efficient school operations within district guidelines.
- Prepares and administers the budget and insures all monies collected and disbursements made are properly accounted for the purpose of meeting district budget restrictions.
- Presents information for the purpose of communicating information, gaining feedback and ensuring adherence to established internal controls.
- Represents the school within community forums for the purpose of maintaining ongoing community support for educational goals and/or assisting with issues related to school environment.
- Screens requests for materials and supplies for the purpose of determining the relationship of materials to the program, school and district standards.
- Supervises all certified and classified personnel assigned to building for the purpose of monitoring performance, providing for professional growth and achieving overall objectives of school's curriculum.

REQUIRED SKILLS AND KNOWLEDGE:

- **SKILLS** are required to perform multiple, highly complex, technical tasks with a need to occasionally upgrade skills in order to meet changing job conditions. Specific skill-based competencies required to satisfactorily perform the functions of the job include: Adhering to safety practices; operating standard office equipment; performing accounting procedures; planning and managing projects; preparing and maintaining accurate records; using pertinent software applications.
- **KNOWLEDGE** is required to perform algebra and/or geometry; read technical information, compose a variety of documents, and/or facilitate group discussions; and solve practical problems. Specific knowledge-based competencies required to satisfactorily perform the functions of the job include: accounting/bookkeeping principles; age appropriate activities; keyboarding; office methods and procedures; pertinent codes, policies, regulations and/or laws; stages of child development; standard office software.
- **ABILITY** is required to schedule a significant number of activities, meetings, and/or events; often gather, collate, and/or classify data; and use job-related equipment. Flexibility is required to independently work with others in a wide variety of circumstances; analyze data utilizing defined but different processes; and operate equipment using standardized methods. Ability is also required to work with a significant diversity of individuals and/or groups; work with data of widely varied types and/or purposes; and utilize a variety

of job-related equipment. Independent problem solving is required to analyze issues and create action plans. Problem solving with data requires analysis based on organizational objectives; and problem solving with equipment is moderate. Specific ability-based

- competencies required to satisfactorily perform the functions of the job include: adapting to changing work priorities; communicating with diverse groups; establishing effective relationships; maintaining confidentiality; meeting deadlines and schedules; setting priorities; working as part of a team; working with detailed information/data; working with frequent interruptions.

TERMS OF EMPLOYMENT:

- Appointment term based upon contract
- Salary based upon experience and past performance

PERFORMANCE APPRAISAL:

- Annual evaluation by the regional manager and/or designee

TEAM LEADER
(Supplemental Position)

DESCRIPTION OF MAJOR RESPONSIBILITIES OF POSITION:

The Team Leader is a liaison between the administration and the team of teachers. This person shall report directly to the principal or designee.

RESPONSIBILITIES/ESSENTIAL FUNCTIONS:

- Coordinate programs within the team
- Coordinate between own team, other teams, and other teachers
- Serve on and appoint team members to various committees
- Familiarize new teachers and substitute teachers with school programs and other pertinent information
- Responsible for the development of new approaches from within the team and for keeping up with new trends and research in education
- Schedule and conduct team meetings
- Assist in the selection of personnel
- Coordinate parent/teacher conferences and report information to appropriate administration
- Develop and maintain a high level of morale among team members
- Responsible for the care and distribution of equipment and materials
- Serve as a first recourse for team members who encounter classroom problems
- Recognize and encourage professional growth of team members
- Perform other related tasks/activities as assigned by the principal and/or designee

REQUIRED SKILLS AND KNOWLEDGE:

- Two (2) years teaching experience desired
- Ability to communicate positively and effectively with other professionals
- Knowledge of middle school team concepts

TERMS OF EMPLOYMENT:

- Supplemental position
- Salary based upon approved Supplemental salary schedule

PERFORMANCE APPRAISAL:

- Annual evaluation by the principal and/or designee

The teacher shows evidence of full subject matter preparation for each day of teaching	
4- Always: Designs lessons with clear, measurable goals closely aligned with standards and unit outcomes.	
3- Mostly: Designs lessons focused on measurable outcomes aligned with unit goals and state standards.	
2- Seldom: Plans lessons with unit goals in mind.	
1- Never: Plans Lessons aimed primarily at entertaining students or covering textbook chapters.	
NA - Not Applicable	
NO - Not Observed	
Provides thorough instructions and materials for class sessions to be conducted by a substitute teacher	
4- Always: Detailed, thorough instructions and copied materials are always provided for substitute.	
3- Mostly: Detailed, thorough instructions and copied materials are always provided for substitute.	
2- Seldom: Instructions and materials are often provided, however, detail may be slightly lacking or copies of materials may be occasionally absent.	
1- Never: Instructions and materials are rarely left for substitute.	
NA - Not Applicable	
NO - Not Observed	
Carried out RTI plans for students on each tier of the RTI process.	
4- Always: Teacher always turns in yellow folders on time.	
3- Mostly: Teachers mostly turns in yellow folders on time.	
2- Seldom: Teacher seldom turns in yellow folder on time.	
1- Never: Teacher does not turn in yellow folders on time.	
NA - Not Applicable	
NO - Not Observed	
Teacher charts the learning as it is taking place in class and refers back to the charts as teaching tools.	
4- Always: The teacher always charts the learning.	
3- Mostly: The teacher charts the learning most of the time.	
2- Seldom: The teacher seldom charts the learning as it is taking place.	
1- Never: The teacher never charts the learning as it is taking place.

2- Seldom: Teacher demonstrates through action the belief that ALL students can achieve at high levels adult are responsible for student success. This is evident seldom (2 times a week) through language action during grade level meetings, team leader meetings, professional development and conversations with parents.
1- Never: Teacher does not demonstrate through action the belief that ALL students can achieve at high levels and adults are responsible for student success. This is not evidence through grade level meetings, team leader meetings, professional development and conversations with parents.
NA - Not Applicable

NO - Not Observed	
Teacher's spoken and written language models the expectation that the school has for students in the school.	
4- Always: Teacher's spoken and written languages always model the expectation that the school has for students.	
3- Mostly: Most of the time the teacher's spoken and written language models the expectation that the school has for students.	
2- Seldom: The teacher seldom models spoken and written language in a way that clearly displays the expectation that the school has for students.	
1- Never: The teacher never models spoken and written language in a way that clearly displays the expectation that the school has for students.	
NA - Not Applicable	
NO - Not Observed	
Communicates regularly and appropriately with parents regarding their child	
4- Always: Teacher provides information to families frequently on student progress, with students contributing to the design of the system. Response to family concerns is handled with great professional and cultural sensitivity.	
3- Mostly: Teacher communicates with families about students' progress on a regular basis, respecting cultural norms and is available as needed to respond to family concerns.	
2- Seldom: Teacher adheres to the schools required procedures for communicating with families. Responses to family concerns are minimal or may reflect occasional insensitivity to cultural norms.	
1- Never: Teacher provides minimal information about individual students, or the communication is inappropriate to the culture of the family. Teacher, or responds insensitively.	
NA - Not Applicable	
NO - Not Observed	
Provides detailed lesson plans on a scheduled basis for review by Team-leader and/or Director	
4- Always: Instructional materials and resources are suitable to the instructional purpose and engage students mentally. Students initiate the choice, adaptation or creation of materials to enhance their learning; lessons are submitted on time in accordance with required due dates. All portions of the plans are complete with detail including standards and assessments.	
3- Mostly: Instructional materials and resources are suitable to the instructional purposes and engage the students mentally; lesson plans are submitted on time in accordance with required due dates. All portions of the plans are complete with some detail of lesson delivery, teaching resources and assessments.	
2- Seldom: Some of the materials and resources are suitable to students, support the instructional outcomes, and engage students in meaningful learning.	
1- Never: Materials and resources are not suitable for students and do not support instructional outcomes or engage students in meaningful learning.	
NA - Not Applicable	
NO - Not Observed	
Point additions and Reductions:	
* Recipient of a recognized award for excellence in Teaching (5points)	
* Days absent beyond authorized days (2 points per day) reduction	
* Days late for work (2 points per day) reduction

Checks () refer to what the observer sees in that classroom during that walk-thru or observation.

The Students were:

- ☐ On task in challenging/engaging work (80% or more)
- ☐ Writing or creating original work
- ☐ Taking a test or quiz

- ☐ Reading orally or silently
- ☐ Using technology
- ☐ Listening to the teacher
- ☐ Answering rote or knowledge-level question
- ☐ Initiating higher order questions
- ☐ Working in small groups or pairs

- ☐ Completing or correcting work
- ☐ At the overhead projector/board
- ☐ Speaking in front of or presenting to a class
- ☐ Transitioning between classes or activities

- ☐ Engaged in center activities
- ☐ Engaged in Socratic Discussions
- ☐ Working Independently

I. Call to Order

The meeting was called to order at 1:13 pm by Mrs. Rodriguez.

II. Roll Call

III. Approval Minutes

Approval of minutes called for by Mrs. Rodriguez. Mr. Padilla motioned and Mr. Artis seconded. The motion carried.

IV. Treasurer's Report

- Mr. Samuelson stated that there are no unusual stands this month and he provided the board with a copy of the current budget and requested that the Board look over it and if possible give their approval or suggestions by the next board meeting in October. Discussion followed.
- Mr. Bianco gave an overview of the Comprehensive Professional Development Plan that will raise test scores in every school with the first meeting being on October 13th. Ms. Mitchell provided a detailed description of how the program will work. Discussion followed.

Approval of the treasurer's report called for by Mr. Costanza. Mr. Padilla seconded. The motion carried.

V. Items Requiring Board Action

- Mrs. Wright asked about the specific needs of ECUEA and Ms. Mitchell referred the Board to the Comprehension Action Plan that was presented at the previous board meeting by Mrs. Jackson specifically addressing the needs of ECUEA. Discussion followed.
- Mr. Miller suggested that for the year 2012-2013 the budget be given to the Board for approval before the school year begins. Discussion followed.

VI. American Quality Schools Update

A. Director's Report

- Mrs. Jackson presented Mrs. Zak (4th grade Teacher/Student Council Sponsor) and the ECUEA Student Council Members each student introduced him/her self and gave a brief description of their roles as well as the objectives and purpose for student council. Over all Mrs. Zak would like Student Council Members to learn leadership throughout the school and take part in planning activities and programs for ECUEA. Mrs. Gillis commends Mrs. Zak and the Student Council Members for their leadership and gives them her full support. Mrs. Gillis requests that special emphasis be given to the projects and activities that the Student Council Members/Leaders take part in, on the Director's report.
- Mrs. Jackson reports that as of 9/23/11 the total number of enrollment is 438 however on the count date the total enrollment was 442, the goal being 440. Total withdrawals from ECUEA

are six, 4 out of state, 1 for transportation and 1 for behavior, and total number of new students for the 2011-2012 school year is at 105. The lunch status percentages are: free lunch - 296/68%, reduced lunch - 28/0.06%, and Denied lunch - 113/26%. Mrs. Jackson went into a detailed explanation about the PL 221 and the AYP status report. Discussion followed about discipline issues and procedures as well as school discipline policies to determine expulsion and suspensions depending on the severity of the act.

- Mrs. Jackson reported that the over all attendance for September was 93.90% and went into a detailed description by grade as well as the reasons for the absences.
- Parent involvement for the 1st PIA meeting/Spaghetti dinner was very impressive the total attendance was 126 and the Title I meeting had a total of 20 parents in attendance the topics of discussion were PL221 and AYP as well as the Supplemental Educational Service providers (SES) speaking about the programs that will be available to all SES eligible students. Mrs. Gillis would like the Academy to solicit parents for the board at future parent meetings.
- Facilities update: A quote is forthcoming from AMG Construction. 2 Maintenance service requests have been sent to Mr. Garcia for approval.
- At the request of the board an alternative bus service was found. Eclipse Transportation is located in Gary, IN.
- The Academy was ordered by the ECFD to block off the lane closest to the main doors for a fire lane.
- Parent Issues: This year the Academy's policy for parent-teacher communication is by appointment only due to the frequent classroom disruptions and although there has been some resistance to the new change, the Academy deems it important to have in place.
- A schedule of upcoming events was included in the Director's report, also due to technical difficulties the NWEA fall testing session is 2 weeks behind schedule, testing should be finished by October 7th after which Mrs. Jackson will supply the board with the test results.
- Mrs. Jackson expressed how she looks forward to the PD meetings, as this will build capacity in the admin team as well as the teachers.
- A review of the Board tracking report and the ECUEA Remediation Improvement Plan 2011-2012 followed.
- Mrs. Rodriguez would like to see more parent's volunteer and thinks that the perfect 10 fees should be enforced however Ms. Mitchell assured her that the Academy could in no way force parents to volunteer.
- Mrs. Jackson would like to have a meeting with the Board members.
- The Board recommends that the next board meetings take place in a different location due to the parking difficulties and traffic problems that take place during dismissal on Wednesdays. All future board meetings will be scheduled at 1:00 pm at the EC public library pending availability of their meeting room.

VII. Old Business

- Mr. Bianco states that per Mr. Ricordati everything is on schedule and a more comprehensive report will be available at the next board meeting. The Board was given the last sheet of the Resolution for their approval and signature, a copy of the resolution will be sent out to all board members.

VIII. New Business

- Mrs. Gillis recommends to the board that they formalize a development committee.

IX. Board Contributions

- Mr. Padilla inquires about the repairs being done to the panels in the modular. Bids are forthcoming.

X. Adjournment

- Mr. Padilla moved for adjournment at 2:36 pm. Mr. Artis seconded. The motion carried.

East Chicago Urban Enterprise Academy

Race /Ethnicity	African American 238/ 54.3%	Hispanic 171/ 39%	White 3/0.69%	Multiracial 26/ 5.9%			
Special Education Student count:	27 total	Specific Learning Disabled 18	Mild cognitive disabled 4	Speech 8	Autism 1	Other Health impaired 1	
ELL Count	27						

2. Academic Report

Teachers have drawn up action plans for all students operating in the last two quartiles based on NWEA and recent benchmarks assessments. The challenge is to change the way teachers use this data as well as their classroom practices. In the end, implementing new approaches to difficult standards will lead to better teaching and better learning.

Fountas and Pinnell Reading Benchmark assessments:

In addition to Teacher created Benchmark assessments and interim assessments that are aligned to the standards, all 3rd through 8th grade students were given the F&P BAS to pinpoint reading instructional levels and to assess students' independent reading abilities. According to the data 37% of third graders are at a level M reading level which is at grade level. 15% of third grade are at a level N reading level which exceeds grade level expectations. 48% of third grade have a reading level that is below grade level. Those that have reading levels equivalent to beginning readers are students with special needs. 9% of fourth graders have a level that is two years below grade level. However, 86% are at grade level or slightly above. 77% of fifth graders have a level of T or U which is above grade level. 15% of fifth graders have a level of S which is grade appropriate. 55% of sixth graders have a reading instructional level of W which exceeds entry level 6th grade expectations. 35% of sixth graders performed at a level V which meets grade level expectations for 6th grade. There are three educational resource students who have instructional levels equivalent to grade 2. Seventh and eighth grade had stronger results.

Students who have an F&P reading level below grade level expectations have small group reading instruction that is standards based for 3-4 days per week. We've found an overall weakness in comprehension with our 3rd -8th graders which is consistent with ISTEP performance and the fall 2011 NWEA RIT scores.

Grade Level	F &P Benchmark Placement level	% of students at level	Grade equivalent
3 rd	C,I,J,K	11% (SPED)	1 st -2 nd grade
	L	37%	4 th quarter 2 nd grade
	M	37%	3 rd grade
	N	11.3%	2 nd quarter, 3 rd grade
4 th	P	33%	2 nd quarter, 4 th grade
	Q	37%	1 st quarter, 4 th grade
	L , M	9% (SPED students)	2 nd grade
5 th	T	11.3%	5 th grade, 2 nd quarter
	U		6 th grade, 1 st quarter
	S	11.3%	1 st quarter, 5 th grade
6 th	W	33%	2 nd quarter, 6 th grade
	V	33%	1 st quarter, 6 th grade
	N-Q	6% SPED	3 rd grade to 4 th grade
7 th	Y	33%	2 nd quarter, 7 th grade
	W	15%	2 nd quarter 6 th grade
8 th	Y	33%	1 st quarter, 8 th grade
	Z	33%	8 th grade
	W,X	12% SPED	Mid year 6 th grade

K-2 NWEA MAP assessment update

NWEA has identified an issue that impacts MAP for Primary Grades (MPG) tests taken this fall. A technical issue in packaging the latest MPG Survey with Goals tests has caused scoring discrepancies which will impact our students' overall RIT scores and the precision of the related goal strand scores.

They have released a new version of the test packages that corrects this issue. NWEA are re-scoring the affected tests to correct for the discrepancies, and they will provide the Academy with updated scores for our tests in the next several weeks. Please note, however, that while the overall RIT scores from the corrected tests will be useable, the net result may be reduced precision in the goal strand scores for tests you administered in Fall 2011.

ELL English Language Learners

The shift in student demographics has prompted the need for additional support for ELL. New families were given a home language survey to determine the primary language spoken in the home. Surveys have produced the identification of 9 additional families with ELL needs. Most of these students have no record of the initial LAS Links assessment or any other diagnostic tool used to determine eligibility. The Academy gives all newly identified students the placement test in the fall and the regular LAS links assessments in the spring. It does not replace ISTEP but if the school's ELL population is over a certain percentage it does factor into AYP.

3. Student suspension and expulsion

We have had recent issues with students and inappropriate interactions on social networks that spill over into the classrooms. Students are using the assumed anonymity that social media can provide to target certain ECUEA classmates. We've experienced parents who are very helpful and supportive in our code of non tolerance of bullying of any kind. They seek to correct their child's actions and resolve the problem. Unfortunately, we have more parents who question if the actions are indeed bullying and merit any consequence at all.

4. Facilities

Problem	Action	Status
Garbage Disposal clogged	Called Gatlin Plumbing (service call)	Complete
Sink In Modular Building Clogged (boys Bathroom)	Called Gatlin Plumbing (service call)	Complete
Broken Locks On Lockers	Bullis Lock was called to assess	Bullis replaced 6 locks and repaired the rest--- Complete
Main building Needs Painted	Quotes Have been received from I&E and AMG Construction	Waiting for approval
Modular Building Needs Repair Work (Lower Panels)	Quotes have been received from I&E And AMG Construction	Waiting for approval
Door Closer For 5 th Grade Room	Maintenance request was faxed to ED&MC	Open
Chiller Is Reading Active Fault	Maintenance request was faxed to ED&MC	Open
Toilet in boys bathroom by Main office won't stop running	Called Gatlin Plumbing (service call)	Completed
Grease Trap needs to be cleaned	Called Gatlin Plumbing (service call)	Completed
Cracks and missing main corridor tiles	Maintenance request sent to AQS	Open

5. Community/Parent Events and Issues

ECUEA Tiger Girls and Boys Basketball season has started. The Girls are undefeated in their quest with a 3-0 record so far. The boys continue to press and train towards a win with great tenacity. The Tiger teams hosted a pancake breakfast over the Veterans Day weekend. They had a great turnout.

Family Reading night was hosted by the Parents In Action/ Title I committee on November 22nd. There were a variety of standards based reading activities that families participated in during the two hours. Students explored space travel and the arts and even integrated measurement skills by making cookies in the “ If you give a mouse a cookie” room. Books and coats were raffled off throughout the night. Every child walked away with a book and a smile.
Ms. Reed, the Art teacher donated the coats for the raffle.

The P.E.A.R.L.S. group and Student Council sponsored a food drive for the Carmelite Home during the two weeks leading up to Thanksgiving.

To provide a different experience as well as to reward the students for their hard work on their interim assessments our winter holiday celebration will be a field trip to the theater. Kindergarten through third grade will see Junie B Jones Christmas and Fourth through Eighth grade will see a contemporary rendition of the Christmas Carol on December 16th.

Form for Director Reports to the Board

1. Academic Report

- Report all test score data on NWEA testing along with analysis of positive and negative points of the results
- Report results of state tests. Present charts comparing your school with:
 - a) Total State results
 - b) Comparison with city or school district in which your school is located
- Any honors received by student or staff should be reported to the board

2. Enrollment

- Present the total full time enrollment number for the given month
- Present results of exit interviews or other information to understand why students are leaving the school
- Present methods being utilized to recruit students, if they are needed ,as well as the results of those marketing efforts
- Present number on a waiting list (if one exists), by grade breakdown

3. Suspension and Expulsion

- Present a report on any student suspension or expulsion that took place in the previous month along with a description of the incident and how it was handled
- Make recommendations as to school rules, regulations or programs that would minimize such incidents in the future.

4. Facilities

- Present a report to the board on any current or projected facility issues which have occurred or may likely happen in the immediate future.
- Report on what action has been taken to solve the problem

5. Community & Parent Events and Issues

- Report on any community or parent concerns and how they have been or will be addressed
- Report on any school events and programs that the school is having. Invite board members to attend

6. Financial Issues

- Report any issues relating to school finance you believe the board should know about

7. Policies

- Discuss issues you believe require a formal school board policy and present a written policy recommendation for board consideration.

**CORPORATE BYLAWS OF
EAST CHICAGO URBAN ENTERPRISE ACADEMY, INC.**

**ARTICLE I
Objectives and Purposes**

Section 1. **OBJECTIVES AND PURPOSES.** To operate a charter school pursuant to the provisions of I.C. 20-5.5-1.1, et seq.

Section 2. **NONPROFIT STATUS.**

- a. The Corporation is organized for religious, charitable, scientific and educational purposes as a nonprofit corporation. Its activities shall be conducted for the aforesaid purposes in such a manner that no part of its net earnings will inure to the benefit of any member, director, officer or individual, other than payments consistent with said purposes.
- b. No substantial part of the activities of the Corporation shall be carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate in, or intervene (including the publishing or distribution of statements), in any political campaign on behalf of or in opposition to any candidate for public office except as authorized under the Internal Revenue Code of 1986, or any later or other sections of the Internal Revenue Code which amend or supersede said sections (the "Code")
- c. The Corporation shall also have such other powers as are now or may hereafter be granted by the Indiana Nonprofit Corporation Act of 1971, as amended (hereinafter the "Indiana Nonprofit Corporation Act").

Section 3. **DISSOLUTION.** Upon dissolution or final liquidation of the Corporation, The Corporation will distribute any remaining funds it received from the department of education to the department no later than (30) days after dissolution or liquidation as required by Indiana Code 20-5.5-3-3.1. The remaining assets of the Corporation shall be distributed to the Enterprise Development & Management Corporation, or any successor thereto, if it exists upon dissolution or final liquidation of the Corporation, as long as said organization, or any successor organization, uses the assets for educational purposes only and is an organization described in Section 501(c) (3) of the Internal Revenue Code of 1986, as amended, and regulations relating thereto.

**ARTICLE II
Offices**

Section 1. **PRINCIPAL OFFICES.** The principal office of the Corporation shall be 1402 East Chicago Avenue, in the City of East Chicago, County of Lake, in the State of Indiana.

Section 2. **REGISTERED AGENT.** The initial registered agent shall be Rita Jacque-Gillis. The Corporation shall, at all times, appoint a resident of Indiana to be resident agent of the Corporation and to serve at the registered office of the Corporation.

ARTICLE III
Membership

Section 1. **MEMBERSHIP.** The membership of the Corporation shall consist solely of the East Chicago Urban Enterprise Development & Management Corporation ("ED&MC"), an Indiana nonprofit corporation (hereinafter "Member" or "Membership") acting by and through its Board of Directors.

ARTICLE IV
Board of Directors

Section 1. **GENERAL POWER AND DUTIES.** The control and management of the affairs of the Corporation shall be vested in its Board of Directors.

Section 2. **NUMBER AND TENURE.** At no time may the Board of Director exceed fifteen (15) nor be less than three (3). Each Director shall be elected to Place position and hold office for a period of two (2) years and until their successor shall have been elected and qualified at annual meetings. The terms of the office shall be staggered such that the directors in Place 1, Place 3, Place 5, and Place 7 shall be elected to an initial three-year terms commencing in February of 2005. The directors in Place 2, Place 4, and Place 6 shall be elected to an initial two-tear term commencing in February of 2005. All initial appointments shall be followed by two year terms thereafter with the election for Place 1, Place 3, Place 5, and Place 7 occurring in even years and Place 2, Place 4, and Place 6 occurring in odd numbered years. The Board of Directors will have the right to increase or decrease within the limits prescribed by the articles of Incorporation the number of Directors by a vote of the majority of the Directors present at a properly called meeting of the Board of Directors.

Section 3. **QUALIFICATIONS.** At least three (3) board members, but no more than a majority shall also be members of the Board of Directors of the member. At least one (1) member of the Board of Directors shall be the parent of a student at the charter school operated by the board; at least two (2) members of the board shall be recognized area educators and at least one (1) member of the board shall be a respected businessman in the community wherein the charter school is operative. Director shall:

- a. Demonstrate a broad understanding of any commitment to the charter school movement.
- b. Demonstrate a willingness to serve within the established corporate structure of the Member and the ability to understand and be responsible for the essential functions of governance;

- c. Certify to the Member that no conflict of interests exists which would impair the board member's ability to serve on the Board of Directors;
- d. Be aware of the time commitment associated with board membership and be willing to fulfill those commitments with openness; and
- e. Recognize and maintain the confidential character of information discussed at meetings, except as required by Indiana's Open Door Law.

- Section 4. **REMOVAL OF DIRECTORS.** Any Director may be removed by the Board of Directors by a vote of two-thirds (2/3) of the Directors, at a regular meeting of the Member or at a meeting called expressly for that purpose, whenever in its judgment the best interests of the Corporation will be served thereby.
- Section 5. **RESIGNATIONS.** Any Director may resign at any time by giving a written notice to the Board of Directors. Unless otherwise specified in the notice of resignation, the acceptance of such resignation shall not be necessary to make it effective.
- Section 6. **VACANCIES.** Any vacancy occurring in the Board of Directors by reason of an increased number of Directors, or by death, removal or resignation of any director shall be filled by the Board of Directors at any annual meeting of the Board of Directors or at a special meeting of the Board of Directors called for that purpose. Each Director so appointed to fill a vacancy shall hold office until a successor shall have been appointed and shall have qualified or until death, resignation or removal.
- Section 7. **REGULAR MEETINGS.** A regular annual meeting of the Board of Directors will be held on a date designated by the Board of Directors between ____ and ____, for the transaction of such business as may properly come before the meeting, including, but not limited to, the election of Directors. Failure to hold the annual meeting at the designated time will not work any forfeiture or dissolution of the Corporation. The Board of Directors may provide by resolution the time and place, either within or without the state of Indiana, for the holding of additional regular meetings of the Board of Directors, without other notice than such resolution.
- Section 8. **SPECIAL MEETINGS.** Special meetings of the Board of Directors may be held at any time on the call of the president, minimum or the three (3) Directors, or at the request of the member. Special meetings of the Board of Directors may be held at such place, either within or without the state, shall be specified or fixed in the call for such meeting or notice thereof.
- Section 9. **NOTICE OF MEETINGS.** Notice of such meetings shall be delivered by a qualified courier service, transmitted by facsimile, mailed, or provided by such other written communication reasonably designed to provide prompt notice. Such communication shall be made by or at the discretion of the secretary and shall be sent to the president, the member and to each

director, addressed to their residence or usual place of business, at least three (3) days before the day on which such meeting is to be held.

Notice may be waived in writing by the president, the member, acting through its president, or any director, either before or after the meeting. Any meeting of the Board of Directors shall be a legal meeting without any notice thereof having been given, if a representative of the member, and president and all directors shall be present thereat. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the Board of Directors need be specified in the notice or waiver of notice of such meeting.

- Section 10. **QUORUM.** A majority of the total number of directors serving shall constitute a quorum for the transaction of business at any meeting of the Board of Directors.
- Section 11. **MANNER OF ACTING.** The act of a majority of the directors present at a meeting at which a quorum is present shall be the act of the Board of Directors, except as otherwise provided by these bylaws, the articles of Incorporation or as otherwise provided by law.
- Section 12. **ATTENDANCE BY TELEPHONE.** Any or all of the Board of Directors may participate in a meeting of the Board by means of a conference telephone or similar communications equipment by which all persons participating in the meeting can communicate with each other. Participation in this manner constitutes presence in person at the meeting.
- Section 13. **ACTION BY WRITTEN CONSENT.** Any action which is required to be taken, or which may be taken, at a meeting of directors may be taken without a meeting if a consent in writing setting forth the action to be taken shall be signed by all of the directors then in office. Such consent shall have the same force and effect as a unanimous vote of all of the directors. Such writings shall be filed with the minutes of the proceedings of the Board of Directors or of any committee taking such action. Action taken pursuant to this section is effective when the last director signs the consent unless the consent contains a prior or subsequent effective date.
- Section 14. **CONFLICT OF INTEREST.** Each individual serving on the Board of Directors will be required to prepare and submit a Conflict of Interest Disclosure Statement on an annual basis.

ARTICLE V

Officers

- Section 1. **OFFICERS.** The officers of this corporation shall consist of a President, Vice President, Secretary and Treasurer, which shall be elected by the Board of Directors. The officers elected by the Board of Directors at its annual meeting shall hold office until the next annual meeting of the Board of Directors or until their respective successors are elected and qualified.

- Section 2. **PRESIDENT.** The president will be the chief executive office of the Corporation and will reside at all meetings of the Board of Directors. Under the Board's direction, the President will have general supervision over the affairs of the Corporation and over the officers. The President will sign contracts on behalf of the corporation and shall perform all such other duties as are incident to this office.
- Section 3. **THE VICE PRESIDENT.** The Vice President shall assist the President in the discharge of the duties of the President as the President may direct, and shall perform such other duties as from time to time may be assigned by the President of the Board of Directors. In the absence of the President or in the event of the President's inability or refusal to act, the Vice President shall perform the duties of the President, and when so acting shall have all the powers of and be subject to all of the restrictions upon the President.
- Section 4. **THE SECRETARY.** The Secretary shall keep full and complete minutes of all of the meetings of the Board of Directors and shall attend the meetings of the Board of Directors and shall act as clerk thereof and record all of the acts and votes and the minutes of proceeding in a book to be kept for that purpose; and shall provide the Members with copies of the minutes of all meetings of the Board of Directors and copies of all actions taken by written consent of the Board of Directors. The secretary shall give, or cause to be given, notice of all meetings of the Board of Directors, unless notice thereof be waived, and shall perform such other duties as may be from time to time assigned. The secretary shall have custody of the corporate seal and shall affix the same to all papers and documents whenever the seal shall be required to be affixed and shall have custody of and properly keep all of the record books of the Corporation.
- Section 5. **THE TREASURER.** The Treasurer shall render to the President, Vice President, the Board of Directors, and the Member, whenever they may require it, an accounting an accounting of the financial condition of the Corporation. The Treasurer of the Board shall be a voting member of the Finance Committee.
- Section 6. **ADDITIONAL OFFICERS.** The Board of Directors may elect or authorize the appointment of additional officers as the business of the Corporation may require, including, without limitation, Vice Presidents, Assistant Secretary, and Assistant Treasurers, each of whom shall hold office for such period, have such authority and perform such duties as may be provided in these Bylaws or as the Board from time to time may direct.
- Section 7. **RESIGNATION.** Any officer may resign at any time by giving written notice to the Board of Directors or to the President or Secretary of the Corporation. Any such resignation shall take effect at the time specified therein, and unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective.
- Section 8. **REMOVAL.** Any of the officers designated in Section 1 of Article V with the exception of the President may be removed by the Board of Directors

by a vote of a majority of the total number of Directors on the full Board, whenever in its judgment the best interests of the Corporation will be served thereby.

ARTICLE VI **Committees**

- Section 1. **STANDING AND SPECIAL COMMITTEES.** The President shall, with the approval of the Board of Directors, appoint such standing or special committees of such size as the President or Board of Directors may deem necessary to properly carry on the activities and affect the purposes of the Corporation. Such committees shall perform as the President or the Board of the Directors may direct.

ARTICLE VII **Corporate Governance**

- Section 1. **Order of Business.** Meetings of the Board of Directors shall be conducted in accordance with Roberts' Rules of Order, except insofar as the Articles of Incorporation, Bylaws or any rule adopted by the Board of Directors may otherwise provide. The order of business at meetings of the Board of Directors, insofar as practicable, will be:

- Item 1. Proof of due notice of meeting.
- Item 2. Call of roll.
- Item 3. Reading and approval of prior minutes and disposal of any unapproved minutes.
- Item 4. Reports of officers and committees.
- Item 5. Unfinished business.
- Item 6. New Business.
- Item 7. Election of directors
- Item 8. Adjournment

In general, the regulation and management of the affairs of the corporation, its Board of Directors and its officers will be governed by the Indiana Nonprofit Corporation Act of 1991, as amended, and the Articles of Incorporation of the Corporation, as amended.

ARTICLE VIII **Indemnification**

- Section 1. (a) The Corporation shall indemnify any Director, officer, committee member, employee or agent, as well as the member (included herein as "person") who was or is a party, or is threatened to be made a party, to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (including the imposition of a tax under Section 4958(a)(2) of the code, but excluding an action by or in the right of the Corporation) by reason of the fact that the person is or was a Director, Officer, Committee Member, employee, agent or member of the Corporation, or is or was serving at the request of the Corporation as a Director, officer, committee member, employee or agent

of another corporation, partnership, joint venture, trust other enterprise, against expenses (including reasonable attorney's fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding, provided the Corporation shall not be obliged to provide indemnification which would constitute excess benefit within the meaning of Section 4958 of the code. The indemnification shall apply only if the person acted in good faith and in a manner the person reasonably believed to be in, or not opposed to, the best interests of the Corporation, and, with respect to any criminal action or proceedings, had no reasonable cause to believe his or her conduct was unlawful. Termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of *nolo contendere* or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith an in a manner the person reasonably believed to be in, or not opposed to, the best interests of the Corporation or, with respect to any criminal actions or proceeding, that the person has no reasonable cause to believe his or her conduct was unlawful.

- (b) The Corporation shall indemnify any person who was or is a party or is threatened to be made a party, to any threatened, pending or completed action or suit by or in the right of the Corporation to procure a judgment in its favor by reason of the fact that the person is or was a Director, Officer, committee member, employee, agent or member of the Corporation, or is or was serving at the request of the Corporation as a Director, Officer, committee member, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including reasonable attorneys' fees). Judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit, if the person acted in good faith and in a manner the person reasonably believed to be in, or not opposed to, the best interests of the Corporation, provided that no indemnification shall be made in respect of any claim, issue or matter as to which the person shall have been adjusted to be liable for negligence or misconduct in the performance of his or her duty to the Corporation, unless, and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability, but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnify for such expense as the court shall deem proper.

Section 2. To the extent that a person who may be indemnified has been successful, on the merits or otherwise, in the defense of any action, suit or proceeding referred to in Section 1 of this Article, or in the defense of any claim, issue or matter therein, the person shall be indemnified against expenses, including attorneys' fees, actually and reasonably incurred by him or her in connection with such action.

Section 3. Any other indemnification (unless ordered by a court) shall be made by the Corporation only as authorized in the specific case, upon a determination that indemnification of the Director, Officer, committee member, employee, agent or member is proper in the circumstances because the person acted in good faith and in a manner the person reasonably believed to be in, or not opposed

to, the best interests of the Corporation. Such determination shall be made (1) by the Directors of the Corporation by a majority vote of a quorum consisting of Directors who were not parties to such action, suit or proceeding, or (2) if such a quorum is not obtainable, or even if obtainable, if a quorum of disinterested Directors so directs, by independent legal counsel in a written opinion or (3) by a Member of the Corporation.

Section 4. Expenses incurred by a Director, officer, committee member, employee, agent or Member in defending such an action, suit or proceeding may be paid by the Corporation in advance of the final disposition of such action, suit or proceeding as authorized by the Board in the specific case upon receipt of any undertaking by or on behalf of such Director, officer, committee member, employee, agent or Member to repay such amount unless it shall ultimately be determined that the person is entitled to be indemnified by the Corporation.

Section 5. Indemnification under this Article shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under any agreement, vote of the Member or other provision, both as to action in the person's official capacity and as to action in another capacity while holding such office, and shall unless otherwise provided when authorized, continue as to a person who has ceased to be a Director, officer, committee member, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such person.

Section 6. The Corporation may purchase and maintain insurance on behalf of any person or entity referred to in the preceding Sections of this Article against any liability asserted against and incurred by the person in any such capacity, or arising out of the person's status as such, whether or not the Corporation would have the power to indemnify the person against such liability under the provisions of this Article.

ARTICLE IX

Miscellaneous Provisions

Section 1. **CORPORATE SEAL.** The corporate seal of the Corporation shall be circular in the form bearing the name of the Corporation and state of incorporation in the marginal circle and the words "Corporate Seal" in the inner circle. Said seal may be used by causing it or a facsimile or equivalent thereof to be impressed or affixed or reproduced.

Section 2. **DEPOSITORIES.** Subject to the provisions of Article IV, Section 1 of these Bylaws, all funds of the Corporation not otherwise employed shall be deposited from time to time to the credit of the Corporation in such banks, trust companies or other depositories as the Board of Directors or its duly authorized agent may designate.

Section 3. **CHECKS, DRAFTS, ETC.** All checks, drafts or other orders for the payment of money issued in the name of the Corporation shall be signed by such officer or officers or person or persons, whether or not officers of the Corporation, in such manner as shall from time to time be determined by resolution of the Board of Directors.

- Section 4. **DEEDS, MORTGAGES, BONDS, CONTRACTS AND OTHER INSTRUMENTS.** All deeds, mortgages, bonds and other contracts or instruments of the Corporation shall be signed by the President and by the Secretary, or by such other individuals as the Board of Directors may designate.
- Section 5. **BONDS.** The Board of Directors may require an officer, agent, or employee to furnish bond for the faithful discharge of his/her duty and for the protection of the Corporation, in such sum and with such surety or sureties as the Board of Directors may deem advisable.
- Section 6. **FISCAL YEAR.** The fiscal year of the Corporation shall begin on the first day of July and end on the last day of June of each year.
- Section 7. **WAIVER OF NOTICE.** Whenever any notice whatever is required to be given by law, the Articles of Incorporation or these Bylaws, a waiver thereof, in writing signed by the person or persons entitled to such notice, whether before, at or after the time stated therein, shall be deemed the equivalent to the giving of such notice.
- Section 8. **GIFTS** The Board of Directors may accept on behalf of the Corporation any contribution, gift, bequest or devise for the general purpose or for any special purpose of the Corporation.
- Section 9. **AMENDMENTS TO BYLAWS AND/OR ARTICLES OF INCORPORATION.** The Bylaws and/or the Articles of Incorporation may be amended by an affirmative vote of two-thirds (2/3) of the Board of Directors.

The seal adopted by the Corporation is affixed hereto and made a part hereof.

EAST CHICAGO URBAN ENTERPRISE ACADEMY

CONFLICT OF INTEREST POLICY

STATEMENT/PURPOSE:

To establish a guideline for defining conflict of interest and to aid in the understanding of what may happen should a conflict of interest exist.

POLICY:

It is the policy of East Chicago Urban Enterprise Academy (Academy) to conduct its business practices with the highest level of integrity. A Conflict of Interest exists when a member of the East Chicago Urban Enterprise Academy family does not act with total objectivity in carrying out their duties for the organization, thus placing their personal goals or interest first.

East Chicago Urban Enterprise Academy participates in government programs and there is a zero tolerance for accepting or offering gifts, payments and kickbacks in connection with government programs and contracts.

PROCEDURE:

A. All Employees

1. To avoid conflicts of interest, all employees must adhere to the following:
 - a. Immediately report to the Board of Trustees any financial or personal interest that they or any member of their family has doing business with the Academy. Family is described as a spouse, son, stepson, daughter, stepdaughter, brother, sister, parent, cousin and any in-laws.
 - b. Refrain from accepting gifts of money, items or services, except for consumable items of modest value that may be shared by co-workers.
 - c. Refrain from using or disclosing information that may be acquired as a result of their employment for personal gain or benefit.
 - d. Place the interest of the organization first.
 - e. Report to the Board of Trustees any potential violations of this policy.
2. In addition, employees should not have other outside employment or business interest that place them in a position of:
 - a. Appearing to represent the Academy or any affiliate; or
 - b. Lessening the efficiency, productivity or dedication to the Academy in performing their everyday duties upon hire.

3. Upon hire, employees must immediately notify the Board of Trustees of any potential conflicts of interest at any time during the course of their employment with the Academy. Failure to disclose potential conflicts of interest at any time during employment will result in disciplinary action up to and including termination.
4. Any personal or business activities by an employee that may raise conflict of interest concerns must be reviewed with and approved in advance by the Academy's Board of Trustees.

A. Supervisors, Managers and Above

1. In addition to the requirements of (A) above, supervisors, managers and above may not be employed by, act as a consultant to or have an independent business relationship with any of the Academy's service providers or third party payors. Additionally they may not invest in any payor, service provider, or supplier unless the investment is by mutual fund.
2. Upon hire, and yearly thereafter, supervisors, managers and above must complete the Conflict of Interest Statement and must immediately notify the Board of Trustees of any changes while employed with the Academy. The Conflict of Interest Statement will be reviewed by Board of Trustees. Failure to disclose potential conflicts of interest will result in disciplinary action, up to and including termination.
3. Any personal or business activities by a supervisor, manager or above that may raise conflict of interest concerns must be reviewed with, and approved in advance, by the Board of Trustees.

EAST CHICAGO URBAN ENTERPRISE ACADEMY

CONFLICT OF INTEREST COMPLIANCE STATEMENT

I certify as follows:

1. I have received a copy of the Conflict of Interest Policy of East Chicago Urban Enterprise Academy.
2. I have read and understand the policy.
3. I agree to comply with the policy.
4. I understand that the policy applies to all directors, officers and members of committees and sub-committees having Board of Trustee delegated powers.
5. I understand that services as an officer or service on the Board of Trustees and the committees carrying out Board designated powers carries with is a requirement of loyalty and fidelity to the Academy and I agree that I will not vote or use my influence on any subject before the Board or any committee of the Board if I have a conflict or duality of interest.
6. I further Acknowledge that the Conflict of Interest Policy applies to all directors and officers and agree to comply with said policy.
7. Finally, I understand that the Academy is a charitable organization and that in order to maintain its tax-exempt status, the Academy must continuously engage primarily in activities which accomplish one or more of its tax-exempt purposes.

School/Student/Parent Compact

Dear Parent/Guardian:

We value your role in working to help your child achieve high academic standards. The purpose of the school-parent compact is to communicate a common understanding of home and school responsibilities to assure that every student attains high academic standards leading to a quality education. The following information will serve as an outline of various ways you and the school staff can build and maintain a partnership of shared responsibility for your child's learning.

School's Responsibility:

- Provide high quality curriculum and instruction in a supportive and effective learning environment that enables the children to meet Local, State, and National student academic standards (Assist all students in meeting their NWEA Reading and Math Spring to Spring Targets and as well as making Adequate Yearly Progress (AYP) on the ISTEP+.
- Provide you with assistance in understanding academic achievement standards and assessments and how to monitor your child's progress.
- Provide opportunities for ongoing communication between you and teachers through:
 - Semi-annual parent/teacher conferences
 - Frequent reports regarding your child's progress, and
 - Opportunities to talk with members of the staff, volunteer in class, and observe classroom activities.
- Provide the staff with appropriate professional development activities.
- Maintain highly qualified teachers.
- Provide a safe and secure learning environment.

Parent's Responsibility:

- Ensure that my child attends school daily and arrives to school on time.
- Encourage my child to follow the rules and regulations of the school.
- Monitor my child's homework.
- Attend parent/teacher conferences and participate, when appropriate, in discussions relating to the education of my child.
- Volunteer in my child's school and classroom if time or schedule permits.
- Communicate positive information regarding teachers, principals, and other campus personnel when discussing school with my child.
- Seek information regarding my child's progress by conferencing with teachers, principals, and other district personnel.

Student's Responsibility:

- Attend school regularly.

- Complete and turn in all classroom and homework assignments on time.
- Accept responsibility for my own actions.
- Show respect for myself, other people, and property.
- Make the effort to do my best to learn.
- Resolve conflicts peacefully.

School, Parents, and Student Responsibilities:

- High student expectation.
- Improve student academic achievement.
- Build and develop a partnership to assist the children of the community achieve high academic standards.

Please review this compact with your child. The contents of the compact may be discussed with you during a parent/teacher conference as it relates to your child's school progress.

Thank you for your support and involvement in your child's education.

I have read and discussed the contents of the document with my child as it relates to his/her education in the American Quality School system.

EAST CHICAGO URBAN ENTERPRISE ACADEMY

Parent Involvement Policy

In the ECUEA Title I Program, we recognize that when parents are involved, students achieve more and display increasing positive attitudes and behaviors. It is our goal to confer with parents, to encourage parent involvement on every level, and to create a welcoming atmosphere for all parents.

The East Chicago Urban Enterprise Academy intends to follow the parental guidelines in accordance with No Child Left Behind Act of 2001 as listed below. ECUEA will distribute this policy to parents of students participating in the Title I program and be updated periodically.

ECUEA will

- Convene an annual meeting, at a convenient time, to which all parents of participating children shall be invited and encouraged to attend, to inform parents of their school's participation under this part and to explain the requirements of this part, and the right of the parents to be involved;
- 1. Have an annual Title I informational meeting will be conducted for all parents/guardians of Title I students. Notification for the annual parent meeting will be accomplished before the end of September. Parents will be notified at least one week in advance of the annual meeting. The rights of parents and the responsibility of the school will be discussed.
- Explain the requirements and the rights of the parents involved;
- 2. Title I families whose children have been selected to receive *individualized* Title I supplemental instruction will receive a notification letter that includes the following:
 - The subject area in which your child will receive Title I supplemental services
 - How the student was selected for services
 - When, where, and how the student will receive Title I instruction
- Offer a flexible number of meetings, such as meetings in the morning or evening, and may provide, with funds provided under this part, transportation, child care, or home visits, as such services relate to parental involvement;
- 3. Parent Meetings will be held in conjunction with the Parents-In-Action meeting. These meetings will convene at dismissal for a minimum of an hour on a day designated as most convenient to the participating members. Parent meetings with ECUEA Administrators and Title I coordinators will also take place in the form of Morning Coffee Clutches in the Parent resource room beginning in September. This will take place between 8:30 – 9:30 am once per month.
- Involve parents in an organized, ongoing, and timely way to plan, review and improve programs;
- 4. Provide information to parents of participating students in an understandable and uniform format, including alternative formats upon the request of parents with disabilities, and, to the extent practicable, in a language that parents can understand.

- Provide timely information;
5. Provide to parents of participating children information in a timely manner about Title I, Part A programs that includes a description and explanation of the school's curriculum, the forms of academic assessment used to measure children's progress, and the proficiency levels students are expected to meet.

ECUEA will provide information to parents via the use of Power School, newsletters, and flyers.

On the request of parents, provide opportunities for regular meetings for parents to formulate suggestions, and to participate, as appropriate, in decisions about the education of their children. The school will respond to any such suggestions as soon as practicably possible.

- Provide forms of Academic Assessment to measure student progress;
6. Provide to each parent an individual student report about the performance of their child on the State assessment in math, language arts and reading. Each parent will have access via the Parent Network to ISTEP+ score results of their child. Parents will also receive NWEA results from the Fall, Winter and Spring sessions.

Standardized/ Diagnostic Assessments:

Grades

K-2: T-PRO

K-8: NWEA Fall/Winter/Spring sessions

3-8: ISTEP+

- Provide Parents Right-To-Know letter to all Academy parents;
7. Provide each parent timely notice when their child has been assigned or has been taught for four (4) or more consecutive weeks by a teacher who is not highly qualified within the meaning of the term in section 200.56 of the Title I Final Regulations (67 Fed. Reg. 71710, December 2, 2002).
- Provide opportunities for decision-making related to student achievement;
8. Through participation in the Parents-In-Action Committee and the INSAI process parents will be given the opportunity to participate in decision making in regards to academic and social aspects of their child's education.
- Provide materials and training on how parents can improve their child's achievement.
9. Build the school's and parent's capacity for strong parental involvement, in order to ensure effective involvement of parents and to support a partnership among the school involved, parents, and the community to improve student academic achievement, through the following activities specifically described below:

- A. Provide assistance to parents of children served by the school, as appropriate, in understanding topics such as the following, by undertaking the actions described in this paragraph:
- the State's academic content standards,
 - the State's student academic achievement standards,
 - the State and local academic assessments including alternate assessments,
 - the requirements of Part A,
 - how to monitor their child's progress, and
 - how to work with educators
- B. Activities to support the above objectives:
- ISTEP+/NWEA data parent workshops
 - Parent Academy Saturday seminars
 - Scheduled Parent Teacher Conferences
- Educate school staff on how to build home/school partnerships;
10. Through our student and social services coordinators, professional development will be provided to educate teachers and staff on how to interact and address concerns to parents. This will be done during professional development Wednesdays throughout the school year.
- Coordinate and integrate parent involvement with Head Start and Preschool programs;
11. Through correspondence, an ECUEA newsletter including kindergarten readiness skills will go out to preschool programs for dissemination to preschool parents in the community. The Early Childhood Transition strategy will also involve staff visits to the preschools to talk with parents about kindergarten readiness. A representative, Team Leader, or INSAI Strategy Chair will inform various preschool agencies of our kindergarten program. A Jumpstart program is also available for those incoming kindergarten students who need additional skills.
- Ensure, to the extent possible, that information sent home is in a language and form applicable to a variety of households;
12. In carrying out the Title I, Part A parental involvement requirements, to the extent practicable, ECUEA will provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under section 1111 of the ESEA in an understandable and uniform format including alternative formats upon request, and, to the extent practicable, in a language parents understand. This will be done through dual language correspondence (newsletters, flyers, school reach messages).

Parent Involvement

Parents are more than welcome to come and visit their child's school, however, visits to your child's classroom must be scheduled with the school Director and classroom teacher. The visit should be at a time and of such a nature as to present no interruption of the teaching/learning process. This procedure is necessary to prevent the disruption of classroom learning.

Parents, we think you're a
PERFECT 10!!!

It has come to our attention that many of you love being involved in the community of ECUEA. We will continue the program to best mobilize you to make our school the best it can be. The Parent Perfect 10 program got off to a great start last year and we want to capitalize on its success. Research has proven that when parents or guardians spend more time in their child's school, the school experiences rising standardized test scores and fewer behavior disruptions in the classrooms. Basically, when parents are present, students prosper. Parents proclaim that volunteer policies increase parental pride in the school. This policy gets parents directly involved in the school and provides the opportunity for parents to have a direct impact on the success of the school.

Here's how it works:

Every month we will provide you with a calendar showcasing a host of ways you can achieve your Perfect 10. At each event our Perfect 10 Parent Partner will greet and have you sign in. In order to get full credit you will have to stay the whole time. All parents will be notified twice a year as to the numbers of hours completed. In order for the program to be successful, it will be mandatory. However, any adult family member (mom, dad, uncle, auntie, grandfather, grandmother, older brother, or older sister) may complete the requirement for each student as long as they are at least 18 years of age. If at the end of the school year you have not completed your commitment you will be fined at the rate of \$10 per hour NOT met.

Here are some examples of how parents can become Perfect 10 Parents:

- Attending Parents In Action meetings
- Open House Attendance
- Assisting teachers in classrooms
- Parent Teacher Conferences
- Parent University Participation
- Fundraiser distribution help
- Traffic Patrol
- Assisting with special events such as assemblies, book fairs, Fun Field Day
- Monitoring the lunch room and cafeteria before, during, and after school
- Tutoring Students

- Chaperoning Field Trips

Program Requirements per student at East Chicago Urban Enterprise Academy:

- 1 student: 10 volunteer hours annually
- 2 students: 16 volunteer hours annually
- 3 students: 24 volunteer hours annually

*** To ensure that you receive credit for your Perfect 10 hours please be sure to sign in at the Main Office.**

Charlotte Jackson, Director
ECUEA Policies and Procedures Committee

Re: Common School Fund Charter School Advancements

Dear Charter School Director:

Section 363 of IC 20-49-7-21 allows for Charter Schools to defer the loan payments due July 1, 2011, through January 1, 2013, for two years. Enclosed are copies of the revised repayment schedules for the loans issued to East Chicago Urban Enterprise Academy, reflecting the change.

Please contact me before June 15, 2011, if you choose not to defer these payments; (317) 232-0097 or awolf@tos.in.gov. Let me know if you have any additional questions.

Thank You.

Sincerely,

Anne M. Wolf
CSF Loan Administrator

American Quality Schools Corporation

discards. Any theft or vandalism or damage shall be reported immediately to the campus Director who will notify the Director of Business Operations. Inventory/property reports will be conducted annually.

12.5 Collecting & Securing School Funds

Funds collected from any source, including student field trip fees, school fundraising activities, parent fines, and any other activity or event that results in the collection of funds, are subject to strict standards of accountability. The campus Director is responsible for any funds collected no matter what the source.

In order to bring accountability and order to the process of fund collecting, the following procedures shall be followed.

1. Written receipts are to be issued for all monies collected.
2. No personal checks shall be accepted.
3. Any funds collected shall be **locked** in the school safe. The safe shall be securely locked at all times.
4. No funds are to be kept in desk drawers, even if the drawer is locked.
5. Monies shall be counted, sorted, and accurately recorded on the Cash Transmittal Forms, signed by the Director, in the appropriate envelope, and picked up by the designated AQS Jackson office staff.
6. If there is a discrepancy between the Cash Transmittal Form and the actual monies received by the AQS office, the Campus Director will be notified immediately and the discrepancy resolved.
7. No monies shall be held by an **Illinois** campus Director more than five (5) school days. Any monies held will always be locked in the safe controlled by the Director. **Indiana and Missouri** campus Directors should deposit all funds within 24 hours.
8. AQS central office staff will send the Director a copy of the bank receipt indicating the date and amount of the deposit.

12.6 Purchasing

The use of Purchase Orders is mandatory and includes (but is not limited to) nurse supplies, supplies from approved vendors, books and other educational supplies, conference registration, etc. All purchases must be completed using the Purchase Order Form.

- No purchase shall be made without an approved Purchase Order.

In the event an order has been placed before the Purchase Order has been approved, the order will be cancelled and the Purchase Order will not be approved.

American Quality Schools Corporation

If the order cannot be cancelled, then the employee who placed the order will be held responsible. Complete the form by filling in the following information:

- Date
- Vendor name, address, phone, and fax
- c/o Requestor, Campus name and address
- Grant, Fundraiser, or Title use of funds clearly marked
- Specific budget account to be deducted
- Subtotal
- Shipping charge (if applicable)
- Total

Once the purchase order has been signed by the campus Director, it shall be sent to the AQS Jackson office for Comptroller approval. Purchase Orders totaling \$4,000 or less may be approved by the corresponding Regional Manager. Once the Comptroller approves the request, the pink copy will be returned to the campus until the order has been received.

All deliveries/shipments shall be received by the main office at each campus. The campus Director shall assign an employee clerk to receive all deliveries of merchandise. The Clerk shall be responsible for incoming merchandise and verifying delivery.

Upon delivery/receipt of the goods, the pink copy or approved order copy (along with the signed shipping/delivery ticket) must be returned to the AQS Jackson office with the date received and signature of the Receiving Clerk as soon as possible.

Failure to properly use a Purchase Order may result in delay or rejection of merchandise.

NOTE: No vendor purchase orders will be paid unless the pink copy or approved order copy is signed and received in the AQS Jackson office.

12.7 Check Request & Petty Cash

Check Request

The following are examples of when Check Requests should be used—field trips, student activities, buses, reimbursements for cell phone usage, mileage, conference attendance expenses, postage, tuition reimbursements, petty cash, etc. Check Requests must be submitted at least two weeks in advance of need of the funds requested. All Check Request forms must have the following information complete in order to be properly processed: date, requestor's name and address, original receipt, campus, and signature of the requestor and Director and explanation for the expense. Grant, Fundraiser, or Title expenditures should be clearly marked on form.

Petty Cash

Petty Cash log/request forms should include: original receipts, explanation of each expense and signature of campus Director, and a Check Request for the replacement of funds.

12.8 Fundraising

AQS managed schools may raise funds for legitimate educational activities that directly benefit the school's students. Fundraising for educational activities and for the purchase of equipment and materials is subject to the following procedures:

American Quality Schools Corporation

Reimbursable miles = 10 miles

Required Documentation:

The Mileage Reimbursement Request form must be completed in full and signed by the employee requesting reimbursement.

MapQuest reports must be attached for each location to validate business mileage claimed. Tolls, parking and other travel expenses incurred as a result of AQS required business travel to an alternative business location will be reimbursed if supporting original receipts and documents are attached to the reimbursement form for amounts claimed.

10.0 Payroll Procedures

10.1 Payroll & Pay Periods

Human Resources will set up a pay period schedule for hourly and salaried employees and submit to all campuses. A timesheet will be forwarded for each campus to report employee hours. For each pay period, an email will be sent to all Directors and support staff informing them of when payroll is due. At least 3-4 days notice will be given in order to submit timesheets to the Jackson office. All timesheets must be faxed to the AQS Jackson office by the deadline. All employees are paid on the 15th and 30th of each month. If the 15th or 30th is on a weekend or holiday, the employee is paid the last business day before the holiday or weekend.

10.2 Hours of Work

Classes for students attending campuses managed by AQS will begin at 8:00a.m. and end at 3:30p.m. There may be an early dismissal one day each week to provide for professional development activities. Kindergarten classes and students with special needs maybe dismissed earlier than the regular dismissal time at the direction of the campus Director. Faculty hours are 7:40a.m. to 4:00p.m. Other staff will have varying work times, as directed by their supervisor. Hours may vary from campus to campus based upon individual campus needs.

At no time shall students be left unattended in the school building, regardless of time of day or night. Any teacher or authorized employee that gives a student permission to arrive at school early or stay late must provide a note for the student to present to security personnel. The teacher or authorized employee is also responsible for supervising that child at all times before or after school hours.

10.3 Overtime

Overtime for clerical and other employees covered by the overtime law, must be approved by the campus Director prior to performing the work subject to overtime.

10.4 Performance Reviews

Faculty will be evaluated at least 3 times during the academic year. Classroom teachers will be formally evaluated by: (1) the Team Leader, and or (2) an outside evaluator, and (3) the campus Director. The employee will have an opportunity to review the written evaluations with his/her supervisor. Other non-teaching staff will be evaluated by his/her supervisor or the campus

American Quality Schools Corporation

An individual who voluntarily leaves AQS prior to the two year time period must reimburse AQS for the full amount of tuition support. In all cases of employees owing AQS tuition reimbursement payback, the total amount will be deducted from the individual's remaining paychecks.

To be reimbursed for eligible tuition expenses, prior to taking the class an employee must complete the following steps:

- (1) gain permission from the campus Director/Supervisor for a specific course
- (2) fill out the appropriate form and have it approved by the Director and the Vice President of Finance & Management

Upon successfully completing the course, with a grade not less than a "B", a Check Request must be submitted with (1) a copy of the approved Tuition Reimbursement form, (2) the original paid invoice with Itemized fees, and (3) the original grade report. Tuition will be reimbursed at a percentage of the actual cost of one (1) course up to a maximum amount each semester (**twice per year**) as follows:

Consecutive Years of Employment at AQS	Reimbursement Amount
Year 1-3	50% up to \$800
Year 4-8	60% up to \$1,200
Year 8+	70% up to \$1,500

The tuition reimbursement program may be reviewed, altered, or discontinued at any time.

9.2 Travel Expense Reimbursement

Travel expenses to business locations other than your normal school or office are reimbursable as listed below. Reimbursement requests should be submitted monthly by the 10th day of the following month using the Check Request Form.

Commuting miles:

Travel from your home to your base or home school or office is considered commuting. No mileage, tolls or other travel expense reimbursement is allowed for regular commuting even if the distance is greater than the 25 miles commuting rules as described below.

AQS required business travel to locations other than your base or home school or office will be reimbursed based on the following:

The first 25 miles of your commute to any business location is considered commuting. This applies to both commuting to and from your first and last business location. Reimbursement for miles traveled from your residence to a daily assignment, when you do not begin your day at your home school or office will be reimbursed as follows:

Mileage above commuting miles and mid day travel between schools and offices will be reimbursed at the standard IRS rate in effect.

Example:

Distance from residence to assignment (one way) = 35 miles
Reduction for commuting miles (one way) = 25 miles

American Quality Schools Corporation

Director. For outstanding performers, as determined by the campus Director, the outside evaluation may be waived.

10.5 Performance Bonuses

It is the policy of AQS to award performance bonuses to select individuals at the end of the school year to those who qualify for such awards. ***The awarding of bonuses is dependent on the availability of funds and is solely at the discretion of the President.***

Bonuses will be granted on the basis of exceptional or superior performance. Thus, everyone will not receive bonus money and the amount of the awards may vary. An individual may be doing a good job, for example, and receive a substantial percentage increase on his/her base salary for the academic year and yet not receive a bonus. This simply means that the individual has performed well and should be rewarded with a higher percentage increase than others, but has not as yet reached a level of exceptional and/or superior performance that warrants a bonus.

It should also be understood that the bonus received by an individual is separate and above one's base salary and is not calculated into the base salary of a person for next year.

Bonuses for administrators in the schools will be determined on the basis of the evaluations of teachers and staff and on the judgment of the AQS senior managers.

Teachers will be judged eligible for bonuses based on their formal evaluations, on student achievement progress levels, and on the judgment of AQS senior managers that the individual has met the terms of his/her letter of appointment and job description in an outstanding manner. The number of performance bonuses may decrease over time, this is up to the Director discretion.

10.6 Payroll Adjustments

Employees who qualify for disability under the AQS insurance program or are eligible for FMLA (see Family and Medical Leave section), should expect certain salary adjustments to the four pay periods between June 30 and August 15. If you qualify for disability or FMLA you should contact the Human Resources department for information and the calculation affecting your salary during that period. Employees are required to schedule an appointment with the Director of Human Resources regarding benefits.

10.7 Degree Earned Salary Adjustments

Any full-time teacher, Team Leader, or Director who earns a Master's Degree while employed at AQS is eligible for a \$2,000.00 salary adjustment. Adjustments are made twice each year on the January 15th paycheck or August 30th paycheck. Employees are required to submit original transcripts of their earned degree to their Director for approval on or before January 15th or August 30th. Salary adjustments are not guaranteed and are subject to the Director's approval.

11.0 AQS Separation & Disciplinary Policies

East Chicago Urban Enterprise Academy Management Response to Examination Results and Comments

Financial Report Opinion Modifications

School officials will be sure to have the required supplemental schedules and documentation prepared each year during the financial closing process so they can be made available timely during the audit process.

The management company has had discussion with State Auditors, expressing concerns over the timing and volume of audit data required in a very short period. The discussion led to several suggestions to ensure much of the data and supplemental schedules can be prepared in advance of the audit.

Federal and State Agencies – Compliance Requirements

Based on these new Federal Audit Requirements, officials will be sure to prepare the Schedule of Federal Financial Assistance and Schedule of Expenditures of Federal Awards at the close of each school year so it is available for the Federal Audit upon request.

Biannual Financial Report to a State Agency

School officials will be sure to file accurate and timely reports as required by federal and state agencies.

Transaction Reporting

School officials will be sure to closely review loan activity for accuracy to avoid any such transposition or missed transaction errors as identified in the audit comment. While such errors were identified and correctly reported on the State Form 9 financial report, corrections were unable to be made to the closed general ledger system.

Conditions of Records-Negative Disbursements

The school officials do maintain internal controls to reasonably assure accuracy and reliability of financial information. However, a disbursement may be required to be voided outside of the financial reporting period creating a negative disbursement due to timing differences. Such instances are considered to be reasonable and normal in course of the schools operations.

As a result of incorrect information and communication with Indiana Department of Education regarding proper presentation of SPED B pass through verses SPED B ARRA funding on the June 30, 2009 Form 9 financial report, the school officials were instructed to reverse the reporting, in detail from the incorrect fund code and report in detail under the correct fund code by the Indiana Department of Education. This resulted in multiple negative disbursements within the fund.

Overdrawn Cash Balances

The school officials maintain internal controls which do monitor fund cash balances. The specific overdrawn cash balances identified in the audit are addressed below. The 6-30-09 overdrawn Title II fund (6840) was funded on 7-3-09. The ARRA Special Education Fund (7953) funding was adjusted during the year to avoid excess cash balances, the funding for June expenses was requested and funded on 7-28-10. The Special Education Fund (7010) was funded on a reimbursement request dated 8/31/10.

Transfers Between Funds

The school board will be presented for approval all proposed transfers between funds based on school business decisions and transactions.

Official Bonds

The official bond and employee dishonesty insurance coverage for the fiscal year 2008/2009 were effective for the audit period.

The employee dishonesty insurance coverage is combined in part of the overall school insurance package and not a separate policy document.

The management company has ensured that all treasurer bonds have been filed with the Office of County Recorder for fiscal year 2009/2010 and current fiscal year 2010/2011.

Average Daily Membership (ADM) – Incorrect Reporting to the State

The school and management company will ensure that the actual enrollment and count reported on Form Number 30A are verified and accurate and the school principal will sign the detailed class lists.

Receipts

The management company has discussed the deficiencies in the receipts generated in their offices with the State Auditors. The management company has changed procedures to ensure the receipts and fully completed and recorded in the ledgers properly.

The receipt books from the school building and the management company receipt book prior to May 14, 2009 (used in prior State Audit) were unfortunately not identified as when gathering the audit data prior to fieldwork or requested by the State Auditor as missing items. If they had they would have been provided for audit review.

Claims

The management company has reviewed the listing of deficiencies with the State Auditors. The management company is developing new claims approval procedures based on additional recommendations by the State Auditor.

Based on prior State Auditor recommendations, beginning in early 2009 the school board reviews and approves all open (unpaid) claims as of the date of the monthly board reports issuance. The school board has approved the fiscal officer to have jurisdiction over allowance of payment of the claim.

The details on specific claims that were not presented, did not contain fund corrections on vouchers or that had missing documentation were not provided to the management company to be able to review and respond to these items.

Employee Service Record

The school will correct the employee handbook for the change in the sick leave policy to full accrual at beginning of the school year.

Certified Report of Names, Addresses, Duties and Compensation of Public Employees, General Form 100R

The management company will ensure that this report is available for audit and filed with the State Board of Accounts as required annually.

February 28, 2011

To Whom It May Concern:

Below please find the Corrective Action Plan to the audit findings as of 6-30-10:

CORRECTIVE ACTION PLAN

FINDING 2010-1, SCHEDULE OF FEDERAL FINANCIAL ASSISTANCE

Based on these new Federal Audit Requirements, officials will be sure to prepare the Schedule of Federal Financial Assistance and Schedule of Expenditures of Federal Awards at the close of each school year so it is available for the Federal Audit upon request.

FINDING 2010-2, ARRA FISCAL STABILIZATION ACTIVITIES ALLOWED OR UNALLOWED

As stated in the audit comment, Indiana Department of Education did not provide specific requirements regarding what Fiscal Stabilization Stimulus funds should be spent on. When we inquired, we were told it could be spent on anything that would normally occur in the General Fund, with no additional guidance or indication to review other instructions from U.S. Department of Education. Since the funds were received in lieu of our normal tuition support payment, there was no formal "grant agreement" provided to the school.

The school is waiting on for further instructions from State and Federal governments on how to handle this situation. If repayment of the \$11,700 of questioned funds is allowed or required, the repayment would need to be made from general local funds.

For all future funding of this nature, we will request written documentation of expenditure restrictions and/or a formal grant agreement from the Indiana Department of Education.

FINDING 2010-3, TITLE I CASH MANAGEMENT

While Title I activity was monitored and tracked monthly, the original drawdown requests submitted by the school director were not reduced during the reporting cycle.

Effective immediately, all cash fund ledgers will be printed as supporting documents and reconciled to all required monthly, quarterly and annual Federal reporting. Individual files are maintained for all Federal funding sources containing approved programs and any required reporting and supporting documents.

Effective July 1, 2010, all Federal program funding is requested on a reimbursement basis only, therefore, there should be no excess cash balances for these funds in the future.

FINDING 2010-4, REPORTING

A subsequent correction was made in the general ledger for the expenditure posted to the incorrect fund. The Title I Final Annual Expenditure Report as filed was accurate.

All the reports not presented for audit were filed as required with the Indiana Department of Education. However, after reviewing the returned files from the auditor, it was determined that the Title I Final Expenditure report for 2008-2009 was missing from the file, the report and supporting data were reprinted to maintain complete and accurate files. It was also determined that the actual Title I third Quarter report for 2009-2010 was not printed and attached to the support documents that were included in the original file provided. The report has been reprinted from the website and attached to the supporting documents that were originally in the file. We were unable to locate the May 2010 ARRA report as filed and are requesting a copy of the report as filed with Indiana Department of Education.

Internal control procedures regarding fund reporting and file maintenance have been modified to monitor that all reporting documents have been printed and supporting document general ledger categories are accurate. Also, if there are any actual staff classifications from certified or un-certified that may be different for original budgeted classification for the Title I program an amendment will be filed with the Indiana Department of Education.

FINDING 2010-5, TITLE I SPECIAL TESTS AND PROVISIONS

The school did comply with all Highly Qualified Teacher federal guidelines and compliance requirements. Unfortunately when responding to the auditor inquiry, the school only provided the auditor with the information and parent letter compliance related to those teachers that were considered non highly qualified working on emergency permits, instead of the documentation on the highly qualified teachers.

For all future audit requests the school will provide both highly qualified and non highly qualified teacher information and compliance documentation.

Vito C. Bianco

PBIS Universal Plan

A Guide for Teaching School-Wide Behavioral Expectations

East Chicago Urban Enterprise Academy will incorporate positive behavioral strategies to decrease disciplinary infractions school wide. The principles of PBIS are design to have a proactive approach rather than a reactive approach when dealing with discipline issues.

- Clearly defined & stated outcomes
- Supportive administrative systems
- Research-validated practices
- Use of information for corrective measures

PBIS visualization

- Establish regular, predictable, positive learning and teaching environments.
- Train administrators, staff, teachers, parents, and volunteers.
- Teach and model behavioral expectations.
- Create systems for providing regular positive feedback. Acknowledge students when they are doing the right thing.
- Improve social competence and moral.
- Develop environments that support and foster academic and social success.

School –Wide Behavioral Expectation

This outline provides specific guidelines to the following:

- Behavioral expectations
- Administrators, teacher, and staff responsibilities
- Strategies for praise and acknowledgement
- Procedures for managing infractions that breach the code of conduct

East Chicago Urban Enterprise Academy School Behavioral Expectations

"Tiger Pride"

P. Positive, Prompt, & Prepared

R. Respect & Responsible

I. Integrity

D. Determined & Disciplined

E. Excellence

Positive, Prompt, & Prepared

Display a great attitude at all times

Be punctual

Bring all materials needed to be successful

Respect & Responsible

Listen

Follow directions

Treat others with respect

Be Tolerant of differences

Be considerate of feelings

Deal peacefully with anger & insults

Be accountable for your choices

Integrity

Doing what's right when no one is looking

Be honest

Be reliable

Determined & Disciplined

Be persistent in meeting your goals

Excellence

Striving to do your best

Teacher and Staff Responsibilities

Teachers and staff will teach, model and practice each of the behavioral expectations throughout the year

Teachers and staff will acknowledge student behaviors that meet the “Tiger Pride”

1. Teachers and staff will demonstrate and implement PBIS strategies

- ❖ Movement among students in different settings
- ❖ Interaction with students in different settings should be positive (There should be four positive statements before a negative statement is made) The interactions need to be often and positive.
- ❖ Scanning students in different settings (i.e. Classroom, hallway, bathroom, lunchroom, recess.) This should include visual and auditory techniques.

Teachers and staff will follow the Six Components of School –Wide PBIS

- ✓ Select and define expectations and routines. Expectations and routines need to be Observable, Acknowledgeable, and Teachable (OAT).
- ✓ Teach behaviors and routines directly in all settings.
- ✓ Actively monitor behavior
- ✓ Acknowledge appropriate behavior
- ✓ Review data to make decisions.
- ✓ Correct behavioral errors. Use Pre-Corrections, Boosters, and De-escalations strategies.

Implementation Plan

Each classroom teacher is expected to teach the behavior expectations for all settings in the school. This implementation plan shall take place during the first week of school. Lessons will be revisited during each grading period. Teachers shall follow school wide matrix when addressing behaviors in each of the areas. See attached “Tiger Pride Behavior Matrix”.

The critical areas identified in the matrix are classrooms, hallways, lunchroom, and assemblies. There are lesson plans in the appendix that address the behavioral expectations. Individual teachers should feel free to come up with their own plan for teaching expectations for the classroom.

Consistency: being consistent, keeping to a regular style not changing; condition of adhering together.

The key to the implementation of PBIS is consistency. Teachers and staff must buy into PBIS fully in order for the plan to be effective.

Patience: able to wait or put up with trouble without being anxious or angry.

PBIS has been proven to work, but it takes time. This is not an instant fix. We will see some immediate results, but we should not get discouraged if some of the students do not respond immediately. We all need to remain consistent with our expectations and specific positive feedback. This patience should also be applied to our plan. This remains a “Work In Progress” and will grow and change over time. We will find things that work and things that do not work. PBIS is flexible so that it can grow and adapt to our needs as teachers.

Teaching: the active of giving a person knowledge or skill.

Teaching expectations is the focal point of PBIS. We can not assume that every student is equipped with the social and academic skills to be successful. By teaching our expectations and consistently reinforcing them we can keep more students in our classrooms, increase learning, and increase overall student success. PBIS will allow us to remain educators.

Acknowledgement Systems

The acknowledgement system is a feature of the Tiger Pride behavioral expectations system. The behavioral expectation system focuses on acknowledging students who demonstrate ECUEA behavioral strategies.

Examples of Verbal Feedback

When you observe students being respectful, responsible, ready to learn, and/or demonstrating good relationships, acknowledge them by giving specific positive verbal feedback such as:

- **“That was so helpful the way you held the door open for the other students.”**
- **“Thank you for picking up the trash on the floor beside your desk.”**
- **Thank you for displaying such good manners to your classmates.”**
- **“You are certainly acting responsible by.....”**

Tiger Buck system

Acknowledge students who are exhibiting behaviors related to the Tiger Pride system by giving them specific positive feedback along with a tiger buck. Accumulation of Tiger Bucks gives the students access to variety of rewards.

- The Tiger Store is open every other Friday of the month. There are a bevy of items for the students to redeem during the store hours.
- Tiger Bucks are given out when students show “Tiger Pride”
- Individual teachers can use tiger bucks as a reward system for there classes.

Other Incentives Teachers should develop a reward system to allow students to access these rewards.

- ❖ Help the teacher to present a lesson (e.g. by completing sample math problem on blackboard, reading a section of text aloud, and assisting cooperative learning groups on an activity.
- ❖ Homework Pass
- ❖ Playing a board game with school counselor or other preferred adult.
- ❖ Administrator sends a letter home saying he/she is doing a good job.
- ❖ Select a teacher to call home to tell parents they are doing a good job.
- ❖ Pass to front of the lunch line
- ❖ Allow student to call parents with a teacher
- ❖ Note sent home to preferred adult about good behavior (aunt, etc.)
- ❖ Eat lunch with a preferred adult at school
- ❖ Seating (with a friend) in a reserved section of the lunchroom
- ❖ Work at the school store.
- ❖ Assist in office sorting mail for one week.
- ❖ Help a specials teacher (e.g. art, music, gym)
- ❖ Design or post work on a class or hall bulletin board.
- ❖ Select a fun class activity from a selected list choice.
- ❖ Select friends to sit with to complete a cooperative learning activity
- ❖ Adopt a younger student and earn (through good behavior) daily visits to check in with that student as an older mentor.
- ❖ Help the library media specialist.
- ❖ Be praised privately by the teacher or another adult.
- ❖ Listen to music
- ❖ Play a game with a friend
- ❖ Select fun activity from “Activity Shelf” (stocked with play materials, games.)
- ❖ Work on a jigsaw or other puzzle.
- ❖ Minutes to read a book for pleasure
- ❖ Earn a class party

Faculty / Staff Acknowledgement System

Faculty and staff members are encouraged to acknowledge each other as we display our Tiger Pride behavioral expectations as examples for our students. If you would like to recognize another staff member, there will be a form that is to be filed out in the main office nominating the staff member of your choice. The Making a Difference award which will comprise of several different prize options for the staff member chosen will be handed out monthly.

School Wide Classroom Discipline Policy

Students of East Chicago Urban Enterprise academy are to adhere to the standards of conduct as outlined in the ECUEA student parent handbook. A copy of the policies that will be enforced are in the student handbook.

Classroom Rules and Responsibilities

1. Students should be on task throughout the day
2. Student should show respect to students, staff and school property.
3. Students should ask for permission to talk and walk about the room.
4. Students are required to have all supplies and text books.
5. Students should keep hands, feet and all other objects to themselves.

Consequences

1. Verbal Warning (Category 1, and 2's)
2. Reflection sheet or Color change (secondary and primary groups)
3. Phone Call to parent
4. Detention
5. Referral to Disciplinarian (office)

There is a five-step procedure classroom teachers can use when dealing with the discipline of their students:

1. A student's first classroom based infraction the student will be given a verbal warning. The classroom teacher will hold the student accountable for their choice and help them develop a plan to improve their behavior.
2. With the student's second classroom based infraction a character counts reflection sheet will be completed by the classroom teacher. The student's parents should sign the bottom portion of reflection sheet. **(before a student obtains a third infraction within the class try using some of the category 1, 2, and 3 interventions)**
3. With the student's third classroom based infraction, the classroom teacher will contact the parent of the student in question and also log it in their parent communication log.
4. With the fourth classroom based infraction, the teacher can give the student an afterschool detention. **The teacher is responsible for contacting the parent and documenting the conversation.** The administration will have to sign off on the detention to ensure that the following steps were taken prior to the detention being given for category (1 and 2 offenses)
5. With the student's fifth classroom based infraction, the teacher will fill out a Disciplinary Referral. Next, the teacher will send the student with the discipline referral to Mr. Adams, Mrs. McGee, or Ms. Jackson. The administration team will follow up with all parties involved in incident. (parents, teachers, students)

When inappropriate behavior takes place outside of the classroom and is dealt with by another staff member other than the student's teacher, the classroom teacher needs to be notified. **However, the staff member who observed the misbehavior is responsible for filling-out the disciplinary form.**

Students are not to be sent to the office for disciplinary reasons until after these procedures have been followed. The only exceptions are violent or extremely unsafe behavior. In these cases, students should be sent directly to the administration with a major referral.

Lunchroom and Recess Guidelines:

Children's experiences in the lunchroom and playground are integral parts of their school day. The staff's expectations on behavior should extend from those found in the student handbook and the rules established in the classroom. Staff members on duty need to use guidelines provided below and their own good judgment to help students develop responsible behavior in the cafeteria and on the playground.

Supervision:

Staff members on playground and/or cafeteria duty **need to be on time, visible, alert, and continually watching for potential safety issues.** If a student acts inappropriately, staff members on duty need to use their professional judgment when addressing a student. Classroom teachers will be informed of all inappropriate behaviors involving students from their class. **If duty people and classroom teachers feel, a situation is of a serious enough nature or unmanageable, they should contact the office for help.**

Lunchroom Guidelines:

Students will:

- enter the cafeteria in an orderly manner
- need permission to leave their seats once they sit down to eat
- speak in a normal and respectable tone of voice
- use appropriate table manners and be courteous to others
- clean their table and floor area before they will be allowed to leave for recess
- wait quietly until staff member on recess duty is available to take students out

Playground Guidelines

Boundaries: The boundaries of the playground are the grass areas, equipment area, and the field (when appropriate)

Equipment: Activities that involve any type of equipment should be used in an appropriate and safe manner.

Activities: When choosing an activity, students need to consider others' safety. **Activities such as wrestling, play fighting, and tag are examples of inappropriate activities.**

Students will:

- make their way to and from the playground in an orderly manner
- need permission to leave the playground
- dress appropriately for the weather

Hallway Guidelines

- We all need to move through the hallways quietly so others trying to work are not disturbed.
- We all need to be respectful of others wherever we are in the building
- Students will walk in primary building in leadership position

Class must be delivered to and picked up from where they are traveling throughout the school by designated staff members.

Handling infractions of Behavioral Expectations

ECUEA will maintain a fair but firm level system for handling infractions of behavioral expectations. Outlined below is the level system along with the instructions for handling such behaviors.

Category I.

Definition of Category I offenses: Low intensity, not serious but inappropriate. The teacher will handle minor offenses in the classroom. The teacher will determine the consequences and keep a student log of all behavioral incidents. Three things must occur before sending a child to an administrator. 1. Verbal redirection 2. Recess taken 3. Phone Call home

Category 1 Behaviors:

Excessive talking

Running in the hallway

Persistent tardiness to school

Chewing gum

Lack of class supplies

No homework

Category I Interventions

CC pillar referral sheet

Withdrawal of privileges

Parent Contact

Verbal reprimand

Verbal reprimand

No Recess

Category II

Definition of Category II offenses: Medium intensity, somewhat serious and inappropriate. The teacher will handle most Category II offenses in the classroom. The teacher will determine the consequence and keep a student log of all behavioral incidents. Three things must occur in this order before sending a child to the office. 1. Verbal redirection 2. Phone Call home 3. Afterschool Detention

Category II Behaviors

Category II Interventions

Cheating	Taking paper and calling parent
Horseplay	Verbal reprimand, review safety rules
Leaving Class w/o permission	Verbal reprimand, Detention
Acts that obstruct classroom environment	CC Pillar sheets
Disrespect of school staff members	referral to office

Category III

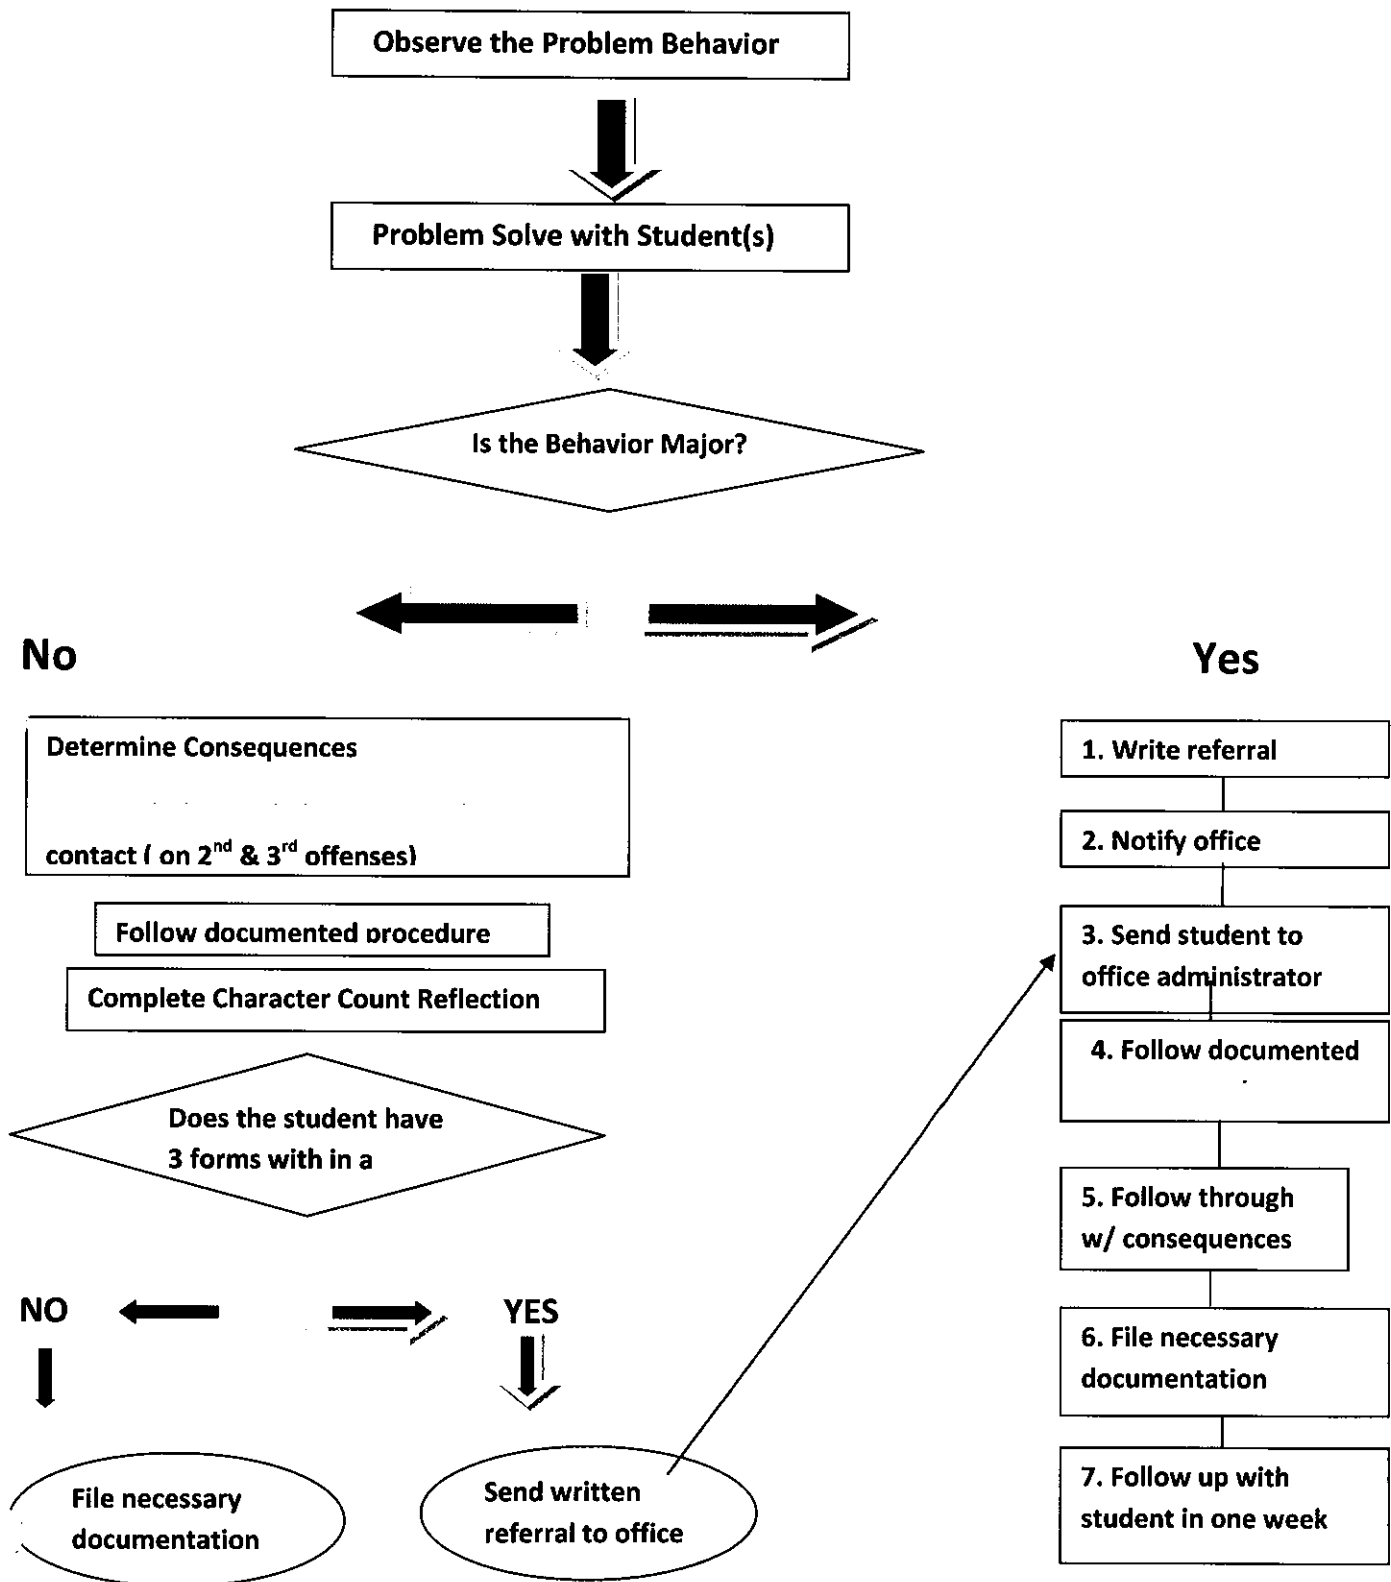

Definition of Category III offenses: High intensity, serious and inappropriate behaviors. Students are sent immediately sent of the office with a discipline referral. Administrative consequences will be assigned prior to the student's re-entry to class.

Category III Behaviors

Category III Interventions

Fighting	Office referral Mandatory / ISS/ suspension
Threatening staff	Office referral Mandatory /ISS/suspension
Sex violation	Office referral Mandatory /ISS/ suspension

General Procedure for Dealing with Problem Behavior

Classroom Strategies

- Set up your room to be “student friendly”. Arrange desks for easy teacher access to all students
- **DO NOT** sit at a desk during instruction. Teachers should walk and wander around the room.
- During instruction, challenging students should not be in the corner or back of the room, but within in two or three feet of the teacher. Proximity and eye contact work wonders for increasing positive student behavior.
- Keep students on task with instructional activities at least 70% or more during academic classes (effective teachers know that unstructured time – or down time – causes problems).
- Reward all students are following procedures in a positive way with praise, note or phone call home, privileges, or tangible incentives like Tiger Bucks
- Post a schedule in an obvious place and follow it. Students need to know the daily routine.
- Teach students the expectations for each and every activity. Never assume that a student will know what you expect from them.
- Look for classroom-tested resources to motivate and manage challenging students. Positive reinforcement strategies are excellent for boosting good behavior and learning.
- Speak with other staff members who have worked with a challenging student. Find out what interventions have worked best for them. Collaborate.
- Speak with a member of the Teacher Support Team. This committee is available to assist teachers with strategies and interventions.
- Model all behaviors that are expected out of the students.

General Lesson Format for Teaching “Tiger Pride” Behaviors

When introducing behavioral expectations, follow four basic steps:

Step 1: Access prior knowledge of Tiger PRIDE for specific settings.

Step 2: Identify Tiger PRIDE behaviors for specific settings

Step 3: Model Tiger PRIDE behaviors for specific settings.

- ❖ Positive, Prompt, & Prepared
- ❖ Respect & Responsible
- ❖ Integrity
- ❖ Determined & Disciplined
- ❖ Excellence

Step 4: Review expectations of Tiger PRIDE for specific settings.

Use ECUEA behavior Matrix to guide the lesson to assure that the students are familiar with the expectations for the specific settings identified.

ECUEA PBIS PLAN

Tier II: Secondary Intervention

Goals

- To provide positive behavior support for students in need of intervention
- To assist students in behavioral and academic progress
- To improve the school climate by bettering the student / teacher/ parent relationship

Expectations (i.e. Raider Rally)

- **Positive, Prompt, & Prepared**
- **Respect & Responsible**
- **Integrity**
- **Determined & Disciplined**
- **Excellence**

Students Selected for Targeted Interventions

- Two suspension within Academic quarter (**ones that the PBIS team determines are in need of intervention**)
- Students who are referred to office for discipline reasons four or more times within quarter. (**insubordination, fighting, disruptive behavior**)

Strategies Available

- **Check - In / Check - out:** Students check in/out with our member of PBIS Team daily or by specific hours as identified by the PBIS team. If the student forgets to check in or check out, the PBIS team leader will find the student and makes contact for that day. This is designed to be a temporary intervention until the goals are reached.

- **Tiger Bucks:** Positive behavior reinforced by teachers through use of the school-wide token system
- **Refer back to extra incentives page**

PBIS Team

It is the role of the PBIS Team to determine and monitor students who have been given interventions in an effort to address problem behaviors. The PBIST will assure each teacher is provided with a copy of the interventions. The team will meet bi- monthly to review the data from the Functional Behavior Assessments (FBA) and anecdotal records of students with interventions to determine whether revisions or gradual removal is warranted. The (FBA's) will be done on T2 students. The PBIST will review the students data information to also see whether secondary interventions, Behavioral Intervention Plan, or no action necessary.

PBIS Team Members

- **Ellen McGee :** Upper School Team Leader/Team Coordinator
- **Kyle Adams :** Disciplinarian / PBIS Chair
- **Deidre Gatlin :** In-school suspension / PBIS Facilitator
- **Nawatha Hall :** Social Worker / Co- Chair
- **Linda Kincaid :** Special Education Coordinator
- **Charlotte Jackson :** School Director
- **Erika Jackson:** Lower School team leader

Tier III: Tertiary Interventions

Goals

- To provide positive behavior support for students in need of intensive interventions who despite previous intervention efforts continue to experience chronic behavior problems
- To assist students in behavioral and academic progress
- To improve the school climate by bettering the student/teacher/parent relationship
- In the event our previous interventions have not worked ECUEA will provide parent/guardians with a list of outside resources that may better suite their child.

Expectations

- Positive, Prompt, & Prepared
- Respect & Responsibility
- Integrity
- Determined & Disciplined
- Excellence

Students Selected for Intensive Interventions

- Two suspension within Academic quarter (**ones that the PBIS team determines are in need of intervention**)
- Students who are referred to office for discipline reasons four or more times within quarter. (**insubordination, fighting, disruptive behavior**)

Strategies

- ❖ **Weekly counseling sessions with Social Worker**
- ❖ **Anger management lessons with Social Worker**
- ❖ **Check –in/ Check out**
- ❖ **Development of Behavior Contract**

PBIS Team

It is the role of the PBIS Team to determine and monitor students who have been given interventions in an effort to address problem behaviors. The PBIST will assure each teacher is provided with a copy of the interventions. The team will meet bi-monthly to review the data from the Functional Behavior Assessments (FBA) and anecdotal records of students with interventions to determine whether revisions or gradual removal is warranted. The PBIST will review the students data information to also see whether secondary interventions, Behavioral Intervention Plan, or no action necessary.

E.C.U.E.A Behavior Matrix

	Classroom	Lunchroom	Recess	Hallway	Assembly
P	Come to class on time and be prepared to work	Line up promptly	Positive play, avoid physical contact	Stand prepared in leadership position	Be on time, positive praise and be prepared to listen
R	Raise your hand, stay seated & complete all class assignments	Keep hands off other people or their food, through away your own lunch tray, pickup after yourself, & keep the noise level down.	Put away all equipment after recess, Respect lunch monitors and fellow peers	Abstain from pushing, running or yelling in the hallway, respect items displayed in the hallway	Pay attention to presenters and do not talk during presentations
I	Take pride in your work, Be honest and do your on work	Stay in line , be patient and keep hands and feet to yourself	Share the equipment	Walk in the hallway correctly at all times	laughing during presentations is prohibited
D	keep trying even if it is hard	Listen to staff when asked to do something	Being trusted to stay within the designated play area	Walk quietly down the hallway	Sit quietly doing presentations
E	Following all rules within the classroom & give your best effort	Make sure your space is clean, put all equipment away	Be a team player	Stay to the right at all times and avoid playing the hallway	When your class is performing do your best when presenting

Functional Assessment Checklist for Teachers and Staff

Student _____ Date _____ Grade _____

Teacher/Staff Completing Checklist _____

Student Profile: Please identify the student's strengths, including any academic interests, social skills, hobbies, sports, etc. _____

Directions: To gain a better understanding of the nature and scope of the problem behavior(s) please check the most relevant item(s). Use the CONSIDERATIONS space at the bottom of each section to provide a brief description.

Problem Behavior(s): Behavior(s) of concern that are occurring.

☐ Tardy ☐ Inappropriate language ☐ Disrupts class activities ☐ Theft
☐ Inattentive ☐ Fighting/Physical Aggression ☐ Insubordination/Disrespectful ☐ Sleeping
☐ Work Incomplete ☐ Verbally Harasses Others ☐ Vandalism
☐ Other (describe) _____

CONSIDERATIONS: What behavior typically occurs first and how does it escalate? What does behavior look like?

Predictor(s) & Setting Events: Persons, place, or time where behavior of concern is most likely to occur.

Location Person(s) Time Academic Concerns Setting Events

☐ In class ☐ Peer(s) ☐ Before School ☐ All Classes ☐ Use of Medication
☐ Hall ☐ Teacher(s) ☐ Morning ☐ Reading ☐ Physical Health
☐ Cafeteria ☐ Staff ☐ Lunch ☐ Math ☐ Illegal Drug Use
☐ Bus ☐ Homeroom ☐ Special Ed. Eligible ☐ Conflict at Home
☐ Other ☐ Afternoon ☐ Other ☐ Other

CONSIDERATIONS: A specific activity that is difficult for student? Does the behavior occur alone or With peers? _____

Consequence(s): What typically happens after behavior of concern occurs?

Obtains Attention Escapes or Avoids Demand or Situation Current Strategies

☐ Peer Attention ☐ Escape difficult activity ☐ Change Seating
☐ Adult Attention ☐ Ignore/Decrease Adult Attention ☐ Contact Parent
☐ Activity ☐ Negative Peer Attention ☐ Send to Office
☐ Other ☐ Other ☐ Other

CONSIDERATIONS: What strategies have been effective? After an incident what does the student obtain (e.g. attention) or avoid (e.g. a difficult task)? _____

Summary of Behavior

Use the items selected above and information written in the CONSIDERATIONS to complete section below.

Predictor(s) & Setting Event Behavior(s) of Concern Consequences
