

2018-2019 CAEP Standard 3.2 (Candidates Demonstrate Academic Achievement) Data

CAEP Standard 3.2 requires Educator Preparation Providers to provide data to show that candidates in the initial preparation program meet minimum criteria, such as GPA at entrance into the program and at exit and achievement on nationally normed assessments. Ball State University collects these data annually. In addition, we add data to show the number of candidates in the program by gender and by race. All data are collected for September 1 through August 31 for the specific year. Data are available in aggregate form across the teacher preparation program and in disaggregated form by program. If the 'n' is less than '10' for a program, those data are not shared to protect confidentiality. Data are restricted to any candidate who has been accepted into an initial teacher preparation program.

GPA at Entrance and at Completion					
MAJOR_DESC	Number of Students	Average Entrance GPA	Completions	Average Completion GPA	
Dual Elem Ed-Spec Ed, Excp Nds	93.0	3.47	29.0	3.59
