Section I.e Program Completers

Provide the total number of teacher preparation program completers in each of the following academic years:

2010-11: 381

2009-10: 386

2008-09: 363

Section II. Annual Goals

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative routes to state certification or licensure program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. IHEs that do not have a teacher preparation program in one or more of the areas listed below can enter NA for the area(s) in which the IHE does not have that program.

Section II. Assurances

Please certify that your institution is in compliance with the following assurances. (§205(a)(1)(A)(iii), §206(b)) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.

Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

Yes

Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

Yes

Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

Yes

Prospective general education teachers are prepared to provide instruction to students with disabilities.

Yes

Prospective general education teachers are prepared to provide instruction to limited English proficient students.

No

Prospective general education teachers are prepared to provide instruction to students from low-income families.

Yes

Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

Yes

Describe your institution's most successful strategies in meeting the assurances listed above:

Review and alignment of programs to newly released state standards in currently underway.

Section IV. Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program.

Is your teacher preparation program currently approved or accredited?

Yes

If yes, please specify the organization(s) that approved or accredited your program:

State

NCATE

Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

No

Section V. Technology

Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare teachers to:

- integrate technology effectively into curricula and instruction
Yes
- use technology effectively to collect data to improve teaching and learning
Yes
- use technology effectively to manage data to improve teaching and learning
Yes
- use technology effectively to analyze data to improve teaching and learning
Yes

Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

All pre-service teachers are required to purchase a laptop computer upon enrollment in the program. Students establish their digital portfolio in their introductory class and have required artifacts that are posted throughout their preparation program, which culminates in a summative presentation prior to the conclusion of their student teaching experience. Use of technology is embedded in methods and field experience courses throughout the preparation program. During the student teaching experience, the required assessment of student learning unit plan is designed to include required components of data collection, analysis and interpretation. The program provides significant technology support to the candidates to facilitate this learning.

Section VI. Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare **general education** teachers to:

- teach students with disabilities effectively
No
- participate as a member of individualized education program teams
No
- teach students who are limited English proficient effectively
No

Provide a description of the evidence your program uses to show that it prepares **general education** teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Students enrolled in the Elementary Education Department's initial licensure program develop and engage in teaching activities with children from diverse backgrounds during practicum experiences that occur in community schools as well as in other locations such as Texas, England and Germany, where the teaching candidates enter schools with a high degree of language diversity. As part of student teaching, teaching candidates are required to assess students and develop an individualized learning plan based on assessment. This project provides candidates with information and experiences consistent with what occurs in the formulation of an individualized education plan. In addition, the department provides opportunities for student teaching to occur in international settings and in other states, giving candidates cross-cultural experiences teaching learners whose primary language may not be English.

In EDRDG 430, BSU preservice teachers teach an elementary child who is struggling in reading in a one-on-one situation. The BSU preservice teachers administer a variety of literacy assessment to the child, analyze and interpret the test results, plan and implement an appropriate instructional program based on their child's needs. BSU preservice teachers will "present" their child cases to their classmates and discuss instructional options. This is similar to an aspect of an IEP meeting. In both EDRDG 400 and 430, teaching literacy to diverse learners is a topic of the course.

Students in the dual major program have specific courses in special education that encompass strategies for ELLS. The general curriculum has been revised and beginning in the fall of 2010, all elementary education majors will be required to take a specific courses (EDEL 244) which addresses diverse learners and multicultural education.

Students in secondary education programs have diverse field experiences beginning with their introduction to education class in their freshman year. The junior level practicum courses have been revised to include modules in special education.

Does your program prepare **special education** teachers to:

- teach students with disabilities effectively
Yes
- participate as a member of individualized education program teams
Yes
- teach students who are limited English proficient effectively
No

Provide a description of the evidence your program uses to show that it prepares **special education** teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

A 3-week IEP unit in the required SPCED 376 course focuses on all components of IEPs as well as the IEP

process/case conference committee. The emphasis is on writing Present Level of Academic Achievement and Functional Performance, annual goals, and accommodations. Using a case study, students write an IEP in groups of four.

Starting fall 2010, the literacy unit in SPCED 376 will include a

section on teaching reading to ELL students; students will observe an ELL student in a classroom during reading instruction.

SPCED 688

Currently in SPCED 688 the focus is on studying IEPs, using Bateman's IEP book; a focus on all aspects of IEPs.

Students in SPCED 688 develop a differentiated instruction lesson for English language learners and a plan for their classroom. After teaching the lesson, students have to

reflect on the process, including the impact of student differences(cultural and ELL students where appropriate) on learning. ELL learners are not specifically targeted since many of the teachers who are taking this course do not have ELL students in their classrooms.

Starting Fall 2010, course material the special ed courses for teaching reading will include strategies for ELL students.
