Biography:

Beverly Bautista is a Filipina American artist and dance educator who chose Ball State University because it immediately felt like home. She knew when she met her first friend in the dance department that they would be lifelong friends. (14 years later--she was right!)

Beverly became an Alumni Ambassador because she understands the importance of BIPOC representation in the arts, and she wants students to know that BIPOC artists interested in dance *can* make a living doing what they love! A goal Beverly hopes to achieve during her time as an alumni ambassador is to be authentically connected to a network of students interested in the field of dance and get them tangibly working towards their goals. She hopes to create lifelong mentorships and lasting friendships that continue into the future too! Beverly is a passionate and knowledgeable dance educator, choreographer, and performer who has traveled internationally with recording artists while filming national commercials. In addition to touring, Beverly has performed in music videos, recorded television, live award shows, and hopes to share her experience with aspiring dancers. She values her experience in the commercial dance industry and is furthering her education through a Masters in Fine Arts in Dance at UC-Irvine in California.
