Army ROTC is an educational program that provides college students an opportunity to earn an Army commission as a second lieutenant while completing University requirements for a bachelor’s degree. The program provides leadership training that develops the skills and attitudes vital to the professional Army officer. Because ROTC is an elective, students can participate during their freshman and sophomore years without any obligation to join the Army. Students will have a normal college experience like other students on campus. Upon successful completion of the program and graduation from Ball State, ROTC cadets are commissioned as second lieutenants and enter either the active Army, Army Reserve, or Army National Guard component.

- build job search skills for securing part-time jobs, internships, and professional employment

This is important because University communications provide critical information related to classes, billing, academic progress, campus life, emergency notifications, and more. **Health Center**

1500 W. Neely Ave., 765-285-8431, bsu.edu/healthcenter

To receive services at the Student Health Center on campus, students must pay Ball State’s health fee each semester. This fee covers office visits and a plan of care by a doctor or nurse practitioner at both the Student Health Center and the Women’s Center. It also includes evaluation by a physical therapist and treatment. See the Student Health Center’s website for more information on available services.

A visit at the Student Health Center or Women’s Center may include out-of-pocket costs that are not covered by the health fee. These centers do not bill any insurance for services provided at the time of a visit. The cost of these services is often minimal and may even be less than the typical deductible paid to your insurance. If you want to have any services billed to insurance, you should contact your insurance company, which will be able to direct you to a local primary care provider in your insurance network that can see you as a new patient. Otherwise, the cost of services provided at the Student Health Center or Women’s Center must be paid at the time of the visit, or it can be added to your Ball State account to be paid later.
Vaccine Requirements
Mandatory vaccine requirements for students include the following:

- 2 Meningitis B vaccines (Trumenba or Bexsero) if under age 24

Communications on Campus

Staying safe and maximizing your experience at Ball State requires staying informed and engaged. The University uses many different communication channels to keep students informed. University communications provide critical information related to classes, billing, academic progress, campus life, emergency notifications, and more. Here’s your quick start guide.

Email is official communication at Ball State

Information delivered to your Ball State email account from Student Financial Services, Academic Advising, Housing and Residence Life, the University administration, or a faculty member is considered received. Students are responsible for managing and checking their Ball State email account regularly. You can manage some of what is delivered to your inbox through the Communications Center, commcenter.bsu.edu (see “Communications Center” below).

Communication during an emergency

Ball State’s website (bsu.edu) is the official source of information in the event of an emergency. Other official sources include University email, opt-in text messaging, and @ballstate_alert on Twitter. During an emergency, information such as safety instructions for students, faculty, and staff will be provided through these official sources. The campus sirens may emit a continuous three-minute sound warning as well.

Ball State uses these communications related to safety:

• **Emergency notifications:** Notifications are sent when immediate and specific action by students is likely to protect them from imminent danger. This system is also used when the University cancels classes or the campus is closed. These are delivered simultaneously via the Ball State website, email, mobile text messages (to students who subscribe), Twitter, and digital signage when there is an immediate threat to the campus community. Visit bsu.edu/emergencytext to subscribe to mobile text messaging.

• **Public safety notices:** These are sent when students, faculty, and staff would benefit from official information about incidents on or near our campus that might lead individuals to be more cautious or aware of their surroundings. These messages, sent via email, call for no specific action. They raise awareness and remind individuals to practice good safety habits or mitigate rumors.

Emergency preparedness

Ball State has safety protocols for many emergency situations that are rare yet possible. Please take a moment to review the information at bsu.edu/prepared. Bookmark this website on your computer and smartphone browsers. This guide is your first resource in the event of an emergency.

Other official communication sources

• **Ball State home page:** bsu.edu

• **Communications Center:** commcenter.bsu.edu. A one-stop shop for campus announcements and activities. Each weekday morning, you will receive a digest of articles published the previous business day. If you want to make changes to your subscription settings, you can manage that on the Communications Center website. There, you can choose which categories you’re interested in and how often you receive notifications—immediately, daily, weekly, or not at all. It’s easy and takes only a minute.

• **Campus events calendar:** bsu.edu/events. Search by keywords, category, organizer, date, or location to find out what’s happening when.

• **eBill:** bsu.edu/ebill. This is Ball State’s system for electronic billing statements from Student Financial Services and payments. Learn more on page 25 of this handbook.

• **Social media:** Ball State maintains several social media accounts for official communications, including reminders about key events and academic dates throughout the year. We encourage you to follow Ball State on your social media platform of choice.

## Variable Expenses

You should budget additional funds for books and supplies, transportation expenses, and personal items. These expenses will vary depending upon your individual needs and spending habits.

## Books and Supplies

The estimated cost for books and supplies is $1,454 for the academic year. This figure will vary depending upon your major, whether books are rented or purchased, and whether you want new or used books. Books cannot be charged to your Ball State account, so please arrive on campus with money to pay for your books.

Although students can purchase their books online from many websites, we recommend using the Ball State Bookstore in the Art and Journalism Building on campus.

## Student Financial Services

Student Financial Services is responsible for the billing, collecting, and depositing of all money owed to and/or collected by Ball State, in addition to setting up and maintaining Cardinal Cash accounts. This office also prepares the federal tax Form 1098-T. Student Financial Services enforces Proxy permissions for parents and others seeking specific information regarding student accounts.

For updated information about fees, acceptable forms of payment, important dates, the Deferment Option, or Cardinal Cash, please visit [bsu.edu/sfs](http://bsu.edu/sfs).

eBill and Payment Options

bsu.edu/ebill: eBill is Ball State’s convenient and secure online billing and payment system.

- Email notifications are sent to students and Authorized Payers when an eBill is ready to view.
- Ball State does not mail eBill statements to students or parents; however, you can view and print a copy from the eBill site.
- Payments are due on the first day of each month, so be sure to check your eBill account frequently.
- You may make an online payment from a checking or savings account. Credit card payments are accepted online only and include an additional fee.
- You may make a payment with the 529 option. Select your 529 provider from the drop-down menu and follow the steps.
- You may also mail a check or make an in-person payment by check or cash. Make sure the check is payable to Ball State University and includes your Ball State ID number on the memo line.
- To view an example of the Ball State billing statement, visit bsu.edu/ebill and select “View Sample Billing Statement.”

529 Plans:

- Checks from 529 plans can be mailed to Student Financial Services, but to avoid the lag between your request and the processing of your payment by your 529 plan providers, we encourage you to use our eBill 529 payment option.
- Withdrawal and payment to Ball State from your 529 plan occurs instantly through eBill. Payments are limited to the current semester’s tuition.
- Check the drop-down menu to select your 529 plan. If your plan is not listed, 529 providers are added frequently. Indiana CollegeChoice 529 Savings Plans are accepted.
- If your 529 plan payment will not arrive by the due date, please remit the total amount due or the deferment amount by the due date. Ensure the 529 payment amount does not exceed the current semester’s tuition balance.
- Check payments that exceed the current semester’s tuition balance will be returned to your 529 plan. Ball State does not accept payments intended for off-campus living or other personal expenses.

Deposits:

- Your $100 nonrefundable enrollment deposit will appear on your eBill as a one-time credit to reduce tuition.
- Your $125 housing deposit will be held in a deposit account (it will not appear on your eBill) until the completion of your housing contract, at which time it will be credited to any outstanding charges on your Ball State account before a refund is issued.

Billing Dates: For billing dates (subject to change), visit bsu.edu/sfs.

Payment Due Dates: Account balances are due in full by the first day of each month. Alternatively, you may choose to use the Deferment Option and pay the required deferment amount (as listed on your eBill) by the due date.

Deferment Option

If you are unable to pay your account in full by the due date, you will be required to pay the deferment amount listed on your eBill.

- This option allows you to make up to four payments per semester (Fall and Spring only) to pay your tuition, mandatory fees, and room and board charges.
- Charges from a prior term or semester and apartment rent are due in full and included in the deferment amount on your eBill.
- Pay at least the deferment amount listed on your eBill. This amount will vary by month, so please refer to your eBill for the amount due. There is a deferment fee of $30 for the first eBill due date and $15 for the second and third eBill due dates. The deferment fee will appear on the following month’s eBill.
- Any payment made that is less than the deferment amount will be assessed a late fee. To avoid having a registration and/or transcript hold placed on your record, it is important to keep your account current.
- Your last payment of the semester is due December 1 for the Fall semester and April 1 for the Spring semester.
Financial Aid Refunds
It is important that you sign up for direct deposit by registering your banking information at bsu.edu/directdeposit at least two weeks before classes begin.

- If you qualify for a financial aid refund, it will be issued electronically to your checking or savings accounts via direct deposit on the Friday before the start of classes.
- Failure to register for direct deposit may result in a delay in receiving your refunds.

Cardinal Cash
Cardinal Cash works like a prepaid debit card whereby you can deposit money and access it with your Ball State ID Card. Learn more about this convenient, flexible, and secure payment option at bsu.edu/cardinalcash.

- This account is accepted at select businesses in the Village and various places on campus, including all University Dining locations, Ball State Bookstore in the Art and Journalism Building, Technology Store, Student Health Center, Emens Auditorium, and concessions at Scheumann Stadium and Worthen Arena.
- The minimum deposit to open an account is $25. This can be paid online through your eBill account at bsu.edu/ebill or by cash or check (payable to Ball State University) through Student Financial Services.

FREQUENTLY ASKED QUESTIONS

What is the quickest way to get my questions answered?
Please visit the Student Financial Services website at bsu.edu/sfs and select the “Ask a Question” button at the top of the page.

How do I obtain my billing statement?
Paper bills are not produced, but you will find your billing statement online by logging in to my.bsu.edu with your Ball State username and password. Select the Self-Service Banner (SSB) Student tab and then choose eBill. It is your responsibility to review your eBill account regularly. Electronic payments may be made through the eBill website using a checking or savings account, credit card, or 529 plan.

How do I allow others to access my eBill?
Adding parents, guardians, or others as Authorized Payers through eBill grants them access to:

- view billing statements and make payments online
- view the current balance and transaction history
- receive email notices when eBills are ready to view

To add Authorized Payers, you will need to access your eBill at my.bsu.edu. Go to Self-Service Banner (SSB), select the Student tab, then choose eBill, and in the My Account section, select “Send a Payer Invitation.” Authorized Payers will receive an email letting them know they have been set up in the eBill system. The email will contain the payer’s username and a temporary password that must be reset during the first login.

Step-by-step instructions for students and Authorized Payers are available at bsu.edu/ebill. For security purposes, Student Financial Services does not have access to student or Authorized Payer passwords. An Authorized Payer can be on more than one account.

Where do I mail my payment?
Student Financial Services
2000 W. University Avenue
Lucina Hall, room B34
Muncie, IN 47306

Please include your Ball State ID number on the memo line of your check, money order, or cashier’s check or provide a copy of your eBill.
What forms of payment are accepted?
You may make a payment through eBill with a 529 plan, an eCheck from a checking or savings account, or a credit card (which includes an additional convenience fee). Student Financial Services also processes payments received in person and by mail. Credit card payments are not accepted in person or by phone.

Do I still have to make a payment if I have pending financial aid, including 529 plans?
Yes. Please pay the total amount due or the deferment amount by the due date. You will need to continue paying the full deferment amount each month until the financial aid or 529 plan payments post to your account. You are responsible for knowing the amount your 529 provider is sending to Ball State to ensure that it does not exceed the current semester’s charges.

What is the student services fee, and what does it cover?
The student services fee helps support many events and programs for students on campus, including the L.A. Pittenger Student Center and its programming, athletic events, and events at Emens Auditorium and other performance venues that students may attend. This fee also supports student groups, recreational activities, and debt payment on certain student facilities.

What is the health fee, and what does it cover?
The health fee is assessed to all students registered for 7 or more credit hours with at least one main campus course. The fee supports the operations of Ball State’s Student Health Center and lets students seek medical attention at no additional charge. The health fee does not cover prescriptions, lab work/testing, medical equipment, and other services.

I already have insurance. Why do I have to pay the health fee?
The health fee supports the operations of Ball State’s Student Health Center. Providing every student access to this resource benefits the health and wellness of the campus community.

What does the recreation fee cover?
The recreation fee, assessed to all students registered for at least one main campus course, allows access to the Jo Ann Gora Student Recreation and Wellness Center and supports its operations. Please note the recreation fee does not cover BSU Fit classes, intramural sports, or Outdoor Pursuits trips. Visit bsu.edu/recreation for more information.

What does the technology fee cover?
The technology fee is essential for Ball State to operate and maintain a complex technological infrastructure. This fee supports wired and wireless networks, phone systems, computer labs, software, and software systems such as Canvas. The fee also allows students to purchase software at reduced or no additional cost.

What does the online fee cover?
The online fee is a mandatory per credit charge for each online course that students take. This fee supports the Division of Online and Strategic Learning (DOSL), which is dedicated to excellence in online teaching and learning. DOSL serves students as an advocate in their learning process and supports faculty in promoting and providing the highest quality educational experience in a commitment to lifelong learning.

How do I get a new/replacement Ball State ID card?
If you are required to pay for a replacement Ball State ID card, there is a nonrefundable $25 fee. A new card may be purchased online or with cash or check at Student Financial Services in Lucina Hall, room B34, during normal business hours. You must provide proof of payment to obtain a Ball State ID card at the ID Card Office in Bracken Library, room 001. To validate your identity, you must bring another type of photo ID (for example, a driver’s license, charge card with picture, passport, etc.) with you. Please contact the ID Card Office with any questions.

What do I need when contacting Student Financial Services?
Students are required to present their Ball State ID card each time they visit this office. Proxies need to provide their student’s Ball State ID number and passphrase for every communication with this office. Emails from students must be sent from their Ball State email account and include their Ball State ID number. Emails from a Proxy must come from the same email account used on the Proxy setup and include the student’s Ball State ID number and the Proxy’s passphrase.
Financial Aid and Scholarships

How Academic Performance Can Affect Financial Aid

The U.S. Department of Education, Indiana Commission for Higher Education, and Ball State require that students applying for federal, state, and some University funds demonstrate satisfactory academic progress. Satisfactory academic progress for financial aid is defined as:

- maintaining a grade point average (GPA) consistent with Ball State's graduation requirements
- staying on pace to graduate
- completing your degree within a maximum time frame

Progress is checked at the end of each semester. Students are required to earn 67% of their cumulative hours attempted to stay on pace to graduate. Pace is calculated by dividing cumulative hours earned by cumulative hours attempted.

If a student is unable to meet the GPA, pace, or time frame requirements, future financial aid eligibility will be denied. Students who are denied financial aid due to GPA and/or pace can regain their financial aid eligibility once they have a GPA consistent with Ball State's graduation requirements and/or have earned hours to put them back on pace to graduate (earned 67% of cumulative hours attempted). Students can also regain their financial aid eligibility through the appeal process if they have documented extenuating circumstances.

“15 to Finish”

The best way to ensure timely graduation is to select a major by your sophomore year and schedule classes with four years in mind. Think “15 to Finish.” Students who take 15 credit hours toward their degree each semester will accumulate the 120 needed for most bachelor's degrees in four years.

FREQUENTLY ASKED QUESTIONS

How does my financial aid pay my bill?

Each Ball State student has an account with Student Financial Services. Anything you owe is charged to that account. Any financial aid you receive is also credited to that account. If your financial aid exceeds the costs owed to Ball State and is unrestricted, a refund for that amount will be deposited into your bank account if you signed up for direct deposit at least two weeks before classes begin. Register at bsu.edu/directdeposit.

How does financial aid work with Ball State’s payment plan?

Your financial aid will be credited to your account with Student Financial Services. This reduces the amount you owe Ball State. The remaining amount owed can be paid through the Deferment Option plan.

How do you handle scholarships received from an outside organization?

Scholarship checks should be sent to the Office of Financial Aid and Scholarships as soon as possible to ensure timely processing. After Ball State receives the funds, the scholarship is credited to your account with Student Financial Services (unless you need to sign the check). Scholarships will be divided so that half is applied to each semester, unless otherwise indicated by the donor.

What is federal work-study?

The Federal Work-Study Program provides funding for jobs for undergraduate students with financial need. If you are eligible for work-study, it is listed on your financial aid award letter. These jobs allow students to earn money to help pay educational expenses. Employers pay only a portion of the wages. The remaining funds come from the Federal Work-Study Program. Students are paid a minimum of $7.25 per hour (sometimes more depending upon the job) and receive a paycheck every two weeks. Most students work 10–15 hours per week. The maximum a student can work is 20 hours per week. You can earn the amount listed on your award letter. To apply for a job, contact the Career Center in Lucina Hall, room 220.
If I wasn’t awarded federal work-study, can I still get a campus job?
Yes. All Ball State students can work on campus if they desire. Jobs that aren’t federal work-study are called regular employment. Except for the funding, these jobs are treated the same as work-study positions.

What is a Federal Direct Stafford Loan, and how do I apply for one?
Students can borrow a Stafford Loan to help pay their educational expenses. To apply, you must complete the Free Application for Federal Student Aid (FAFSA) and accept the loans in Self-Service Banner (SSB) at my.bsu.edu. Loans are either subsidized (interest-free while students are in school) or unsubsidized (interest accruing). Subsidized loans are based on financial need. Unsubsidized loans are not based on need.

With an unsubsidized loan, students are charged interest semiannually. You can pay this when you receive your statement from the direct loan servicer, or you can let the interest accrue (capitalize). However, it is to your advantage to pay the interest as you receive the statements to avoid increasing the principal of the loan. Repayment of the loan begins six months after you graduate or are no longer enrolled at least half-time (6 credit hours). Annual loan limits depend upon grade level.

How does the Federal Direct Stafford Loan process work?
Federal regulations require that first-time borrowers complete loan entrance counseling and sign a Master Promisory Note (MPN) before receiving any money from the federal direct loan program. You may complete these requirements online at studentaid.gov. Select “Take Loan Entrance Counseling.” After completing the entrance counseling, select “Fill Out Your Master Promisory Note.”

What is a PLUS loan, and how do I apply for one?
A PLUS loan allows parents to borrow funds to help pay their student’s educational expenses. Your parent can complete a PLUS application at studentaid.gov to borrow the difference of the cost of attendance minus any financial aid you receive. The parent who is the borrower must complete an electronic Master Promisory Note (MPN) at studentaid.gov. Select “Fill Out Your Master Promisory Note.” Follow the directions through the entire website. The loan will then be finalized if the credit check is approved.

PLUS loan funds are released in two disbursements. Although parents can request that excess funds be returned to them, we encourage checking the box on the application that permits release of the excess funds to their student. This enables families to receive the funds in a more timely manner since parents cannot receive refunds via direct deposit. We cannot guarantee the order of the distribution of the PLUS funds. Interest begins with the first disbursement of the loan, and repayment begins 60 days after the final disbursement.

What if my parents are divorced? Can both of them borrow from the PLUS loan program?
Yes. Each parent must complete a separate application and Master Promisory Note (MPN). Both parents are strongly encouraged to have the refund sent to their student.

What does it mean if my financial aid is reduced after I receive my refund check?
This may be an indication that something changed (receipt of another award, reduction of credit hours, etc.) and you are no longer eligible for the full amount of aid you initially received. Check your eBill to see how your account balance was impacted.
File the Free Application for Federal Student Aid (FAFSA). The FAFSA must be received by the federal processor by April 15 each year for priority consideration for Ball State and State of Indiana programs.

Respond immediately to any requests for additional information from Ball State or the Indiana Commission for Higher Education (CHE).

Check your state grant status at in.gov/che and select the “ScholarTrack” link.

Read and accept the Financial Aid “Terms and Conditions” in Self-Service Banner (SSB) at my.bsu.edu.

If you are borrowing a Stafford Loan, accept the loan in Self-Service Banner (SSB) at my.bsu.edu at least one month before classes begin.

First-time borrowers in the Stafford Loan program must complete loan entrance counseling and a Master Promissory Note (MPN) at studentaid.gov.

If borrowing from the Federal Direct Parent PLUS Loan program, submit the application at studentaid.gov at least one month before classes begin. First-time PLUS loan borrowers at Ball State must complete a Master Promissory Note (MPN) at studentaid.gov.

Establish Proxy access at bsu.edu/registrar/proxy.

Provide eBill access and designate your parent(s) or guardian(s) as Authorized Payers at bsu.edu/ebill. Authorized Payers will receive email billing notices, access to view your bill, and the ability to pay online.

Check your Ball State email account often for important billing and financial aid notifications.

If your financial aid exceeds the amount you owe Ball State, the refund will be deposited directly into your bank account if you register for direct deposit at least two weeks before classes begin at bsu.edu/directdeposit.

If Your Plans Change

If you decide to not attend Ball State, you are responsible for notifying the University. Go to my.bsu.edu prior to the first day of the academic term and drop all classes. Your registration will not be automatically canceled for nonpayment of fees or nonattendance. You must drop all of your classes to officially cancel your registration at Ball State. You should become familiar with the University’s policies regarding dropping classes, individual withdrawal, and withdrawal from all classes. Learn more at bsu.edu/registrar.
Providing Access to Your Student Information

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of your educational records. Students must grant Proxy access to their parent(s) or anyone else they select before others can view personal information and/or participate in conversations with some Ball State departments.

Granting Proxy access prior to Orientation will allow your family to participate in important discussions specific to your situation with staff from Student Financial Services, Financial Aid and Scholarships, or the Office of the Registrar.

To establish Proxy access, log in to my.bsu.edu using your Ball State username and password. Select Self-Service Banner (SSB). Choose the Proxy Access menu and then select the link for Proxy Management.

**Be sure to provide your passphrase and your Ball State ID number to your Proxy. Both are required before your Proxy can interact with our offices.**

In order for a parent or others to have full access to student records, students must assign them permission as an Authorized Payer and Proxy. These permissions are established through two separate systems: Authorized Payer is created through eBill; Proxy is created through my.bsu.edu.

- **Authorized Payer** allows online access to view student account activity and make electronic payments.
- **Proxy** allows verbal and email communication regarding general student information. Detailed financial information is not provided in email exchanges.
