

## Department of Media

### AI Syllabus Statement

As you work on and submit assignments this semester, know that using generative AI tools to complete your assignments is a violation of Ball State's [Academic Ethics Policy](#) *unless* the AI use is explicitly approved by the faculty member. In general, students may not submit any work generated by an AI program as their own. Doing so is plagiarism. In courses and assignments where AI use is permitted, faculty will have guidelines for that use. Work created outside of those guidelines will be considered an Academic Ethics Policy violation. If a student's grade is affected by an academic ethics violation, faculty are required to [report](#) the violation to the Office of the Vice Provost for Academic Affairs who oversees the Student Academic Ethics policy and maintains records of its violations. More information about the reporting process is available [here](#).
