Course Description (from catalog):
One primary instrument/voice lesson per week for music majors with voice as their principal instrument. Degree programs include Bachelor in Music Education (BME), Major in Music (BA/BS), Major in Music Media Production (BS).

Student Learning Objectives:
At the completion of a semester of MUSP 201, students will be able to:
1. Improve their ability to achieve undergraduate-level technical ability, expressive communication, and aesthetic command
2. Improve their ability to achieve undergraduate-level musical interpretation
3. Improve their ability to demonstrate competency in preparation, organization, collaboration, and stage deportment

Course Rationale:
This course will underscore requisite skills necessary in applied voice for music majors with voice as their principal instrument. Approaches to vocal production, repertoire, pitch, rhythm, expression, and technique will be emphasized.

Course Expectations:
As a student of applied voice, with voice as your principal instrument, you will be expected to develop your singing technique by regular practice of assigned vocal exercises and song literature, appropriate to your level of instruction, voice type, and age. Emphasis is on developing healthy, consistent practice habits to achieve vocal progress and repertoire learning. You are expected to follow guidelines and requirements specified by your applied teacher. A hearing/jury performance is required at the end of every semester of instruction. MUSP 201 is the course number for students admitted to the Vocal/General Music Education, Music Media and Production, General BA or BS, with voice as the principal instrument.

***Minimum Hearing/Jury Requirements:**
MUSP 201 (2 cr.) Freshmen: 3 selections
MUSP 201 (2 cr.) Sophomore: 4 selections or Junior Proficiency
MUSP 201 (2 cr.) Junior: 4 selections /Post Proficiency: 6 selections
MUSP 201 (2 cr.) Senior: 6 selections

A hearing is required every semester of enrollment; juries are required when a new performance level is sought. Repertoire, with the exception of one oratorio or one chamber music selection, must be memorized. As a voice major, you are expected to provide a pianist for performances outside of class, for voice hearings and juries, and lessons as specified by your applied teacher, at your expense. You are expected to purchase music, based upon the recommendation of your applied teacher.
*Specific requirements are determined in conjunction with your applied teacher.

Failed Juries:
Any failed jury will not allow the candidate to advance to the next level of jury completion. Two failed juries will require the candidate to choose another degree program or another major instrument as a music major.

Incomplete Grades:
When juries/hearings are missed for documented medical or family emergencies, a semester grade of Incomplete will be given. It is recommended that all grades of Incomplete in applied voice be removed by the 3rd voice faculty meeting of the next academic session in residence. The School of Music "Memorandum of Incomplete Grade" form must be completed and filed in the School of Music office. (The Registrar has different deadline requirements for the removal of the I grade, and these will take precedence over the School of Music recommendation.)

Junior Proficiency Requirements:
All undergraduate music majors enrolled in MUSP 201 will be required to pass a junior proficiency exam. This exam may be taken at the end of the fourth semester of study but can be taken at any time with the applied teacher's endorsement. Completion of the degree program and permission for advancement to upper-level credit in applied vocal study (past the Sophomore Jury level) is contingent upon the successful completion of this examination. Two attempts at passing this examination are allowed; after a second failed attempt the student must choose another major or another instrument.

> ***Music Education candidates:** the Junior Proficiency examination requires at least 15 minutes of singing. While not limited to the following, the repertoire performed at the junior proficiency exam must represent the English, Italian, German, and French languages. All repertoire is to be memorized with the exception of one oratorio aria or one chamber music work. No more than two selections on the proficiency program may be drawn from previous juries or proficiencies. Students will be evaluated on a Pass/Fail basis. Two failed proficiencies will result in the student being dropped from the program.
>
> ***BA, BS, MMP candidates:** the examination requires at least 15 minutes of singing. While not limited to the following, the repertoire performed at the junior proficiency exam must represent the English, Italian, German, and French languages. All repertoire is to be memorized with the exception of one oratorio aria or one chamber music work.
>
> ***For the BA, BS, MMP,** selections on the proficiency program may be drawn from any or all semesters of the student's Applied Voice study.
> Students will be evaluated on a Pass/Fail basis. Two failed proficiencies will result in the student being dropped from the program.

Vocal Performance and Vocal Event Attendance Requirements:
Voice students in the **Music Education** degree program and enrolled in MUSP 201 are required to complete 6 semesters of Voice Principal study. They are also required to sing 6 documented performances (in Voice Area Recital, General Recital, Studio Recital, or some equivalent solo performance) in order to meet degree requirements.

Voice students enrolled in the **MMP** program are required to complete 4 semesters of voice principal study and to sing 4 documented performances in order to meet degree requirements.

Voice students in the **BA/BS** degree programs are required to complete 8 credits of voice principal study during their 8-semester degree program. They will enroll in MUSP 498 in the last semester of study, and they may perform a Senior Recital for their capstone project. In this case, they will be required to sing a recital hearing for permission to present the recital. A recital jury panel of two faculty members is needed in order to pass/not pass this recital.

Students enrolled in MUSP 201 will receive a calendar of required Voice Area events by the first Friday of the first week of the semester. These events have a **mandatory attendance policy** unless excused by your applied teacher. (Applied teachers may require attendance at additional events.) Each missed Voice Area event will account for a 5% loss of value for the student's final grade as determined by the applied teacher.

Non-required recitals:
A voice principal student may perform a non-required recital after passing the Junior Proficiency exam, and in consultation with the student's applied voice teacher. This may be a ½ or a full recital and may include any repertoire from any semester of study. No recital hearing is required for this recital and no faculty jury panel is required to hear the recital in order to pass or not pass the recital. The recital must be scheduled with the Music Events Coordinator. If a student wishes to share a recital with another voice student, this is permissible if they both perform a ½ recital program. The recital program and program notes/translations should be submitted to the Music Events Coordinator for publication online approximately one month prior to the recital date.

Grading:
Each voice lesson receives a numerical grade and the averaging of these grades plus the required activities for the course listed below determines the overall grade received. Repertoire assignments will be clarified by the third lesson of the semester.

These components and percentages make up your final grade:

1. Weekly voice lesson (50%) – This includes attendance for 14 lessons, preparation of lesson assignments, regular practice, demonstration and application of appropriate style, diction, and performance practice. Regular participation at studio class and assigned Voice Area Recitals is additionally reflected in this grade.
2. Midterm Exam (25%) This exam will comprise a demonstration of the work accomplished up until the seventh week of lessons. The primary focus of this exam is performance of the assigned repertoire that has been studied and prepared up to that time.
3. Juries/Final Exam (25%) The jury performance at the end of the semester is a requirement for receiving a passing grade. Your jury will be evaluated by the voice faculty, and the forms and grades will be shared with you after your performance.

Grading (in percentage):

A+	97-100	B+	87-89	C+	77-79	D+	67-69	F	Below 60
A	93-96	B	83-86	C	73-76	D	63-66		
A-	90-92	B-	80-82	C-	70-72	D-	60-62		

Attendance Policy and Make Up Lessons:

Absences are excused only in case of serious illness or emergency. As long as you aren't running a fever or contagious, you can still come to your lesson and we will work on items that won't require typical use of the voice, i.e. diction, translations, presentation, etc. If you are unable to make a lesson, please let me know at least 24 hours ahead of time. If I am notified in a timely manner, I'll do my best to make up the lesson. If, however, you just don't show up, it will not be made up, and the absence will be unexcused. Contacting me through email or a verbal phone message are the preferred means of communication. Both would be a good idea. If you send a text, be sure to receive a response to be certain that your message has been received. It is possible that I will need to cancel a lesson, and I will reschedule the lesson as soon as possible. As each lesson receives a grade, an unexcused absence will result in a failing grade for that lesson.

Please make an effort to be on time. My lesson schedule is very tight and if you arrive late, your lesson will feel very short, as I am not able to run over into the next lesson time to make up the lost time due to tardiness. I recall one of my guitar teachers in high school telling me that if I wasn't 10 minutes early for my lesson, that I was late. While this isn't always practical with our tight academic schedules, it is a good guideline for any appointment.

FYI, University Policy states that absences will be excused for the following: funeral and bereavement leave, jury duty, late course addition, military absences, observance of religious holidays, pregnancy leave, student-athletes participating in University or department-approved activities, and university advisories. https://www.bsu.edu/about/administrativeoffices/vice-provost/student-services/attendance-policies

Studio Class:
Beginning in week one, studio class will meet from 12:00-1:50 pm on Friday afternoons, unless a Voice Area Recital performance or other event is scheduled on Friday at 12:00 pm. On VAR days, studio class will meet from 1:00-1:50 pm. Location TBD. A master schedule will be shared indicating when students will be singing in studio class. This will be posted in the OneDrive Shared Folder. As with voice lessons, it is the responsibility of the student to provide an accompanist for this performance opportunity. This is an opportunity to sing for and to hear your peers and to receive additional instruction and input enhancing your performing skills. Attendance is required with the same policy as listed above in "Attendance Policy and Make Up Lessons." For Graduate Assistant Voice Instructors who are running their own studio class, the attendance requirement is waived.

Studio Documents and Files:

Vocalises, songs, and other documents will be shared with the student on a Box folder. This folder will be subdivided into specific categories, and it is the responsibility of the student to use this resource if a piece of music or document has been assigned for review.

Libraries Resources:
Ball State University Libraries has a variety of resources available in print and digital formats. Books, scores, and recordings can be found in the Music Collection on Bracken Library's Lower Level. Review the **University Grade Appeal Policy and Process**

Student Academic Ethics Policy:
Honesty, trust, and personal responsibility are fundamental attributes of the university community. Academic dishonesty and other forms of academic misconduct threaten the foundation of an institution dedicated to the pursuit of knowledge and will not be tolerated. To maintain its credibility and reputation, and to equitably assign evaluations of scholastic and creative performance, Ball State University is committed to maintaining a climate that upholds and values the highest standards of academic integrity. Visit the VPAA's academic integrity website (Students tab) for resources on understanding academic integrity, citing sources properly, and avoiding inadvertent academic dishonesty. To learn about BSU's academic integrity expectations and students' rights, please read the University Student Academic Ethics Policy.

Use of Generative AI:
Full Use (Open GenAI use permitted/encouraged, with documentation)

At Ball State, we use GenAI to elevate human potential, not replace it. To succeed in an AI-infused world, students must balance technical skills with durable skills, lifelong abilities such as critical thinking, ethical judgment, communication, accountability, and responsible decision-making that define a Ball State graduate. Developing these durable skills requires you as students to think carefully about:

- when AI should and should not be used;
- how to use AI responsibly;
- how to verify AI-generated information; and
- and how to remain accountable for final work.

You are encouraged to use generative AI applications for all work submitted in this course. However, you must cite any AI-generated material that informed your work. Using an AI tool to generate content without proper attribution constitutes a violation of **Ball State University's Student Academic Ethics Policy**. You, the student, are always responsible for the content you submit, publish, share, or act upon, regardless of whether GenAI tools assisted in the process. For data security reasons, please use BSU-approved GenAI tools (e.g., BSU Gemini, NotebookLM), which support single sign-on (SSO) with BSU ID and password. Commonly used public GenAI tools carry a higher risk of data being shared externally. In contrast, when using BSU-approved GenAI tools and logging in through Ball State SSO, your data is treated as private and uploaded content will not be used to train future AI models or otherwise be shared outside of BSU. Instructors do not have access to BSU IT Center logs of GenAI tool usage, so student data shared through BSU-approved GenAI tools remain private.
